BIRD CONTEXT

MAD People—On the cover of the June issue near where some pigeons are, there is a sign that says, “OUR PRICE \$5.99 CHEAP!” I believe the final word there should be “CHEEP!” Thank you for your attention on this pressing and puzzling matter.

David
Ithaca, NY

Sounds like a bit of ostrich to us.—Ed.

This photo of young **ALFRED AUGUSTINE**, a.k.a. Pete Buttigieg, comes from his nephew, Jerry Augustine, of Middletown, Connecticut.—Ed.

HIDDEN AGENDA

You guys are a MAGAZine. Does that mean you support he who must not be named (by sane people)?

Gary Eisenstadter, via email

We're actually a maGAZine, in that we're huge fans of the late actor Ben Gazzara.—Ed.

COFFEE TALK

I recently tried to purchase a copy of your magazine at a coffee shop, and the barista informed me that someone had just left it on a shelf and I could have it for free. I tipped the barista the \$6 cover price, but would you ever consider expanding to cafés? Maybe Alfred could get his own promotional syrup flavor to help sell it?

Rebecca Shure
Salt Lake City, UT

We Shure have, Rebecca, but café customers said six dollars was too much to pay for a coaster.—Ed.

A SMALL CORRECTION

Hey, whoever wrote the dialogue for “Awkward, Man,” it's “codpiece” not “codpiece” on King Porn, page 3.

Anonymous, via email

We couldn't help but notice that you misspelled “codpiece” in your correction, so we decided we've got bigger fish to fry.—Ed.

SARCASM FONT

Oh MAD, MAD, MAD. I've been reading your mag pretty much since I could read (we'll just say a looong time). I'm kind of sorry that the first time I'm writing in has to be under these very disappointing circumstances. I REALLY wish you hadn't written in the June issue (No. 7) letters column that, “our dear leader is an ideal physical specimen who is beyond reproach... is also smart, brave, honest...”(sorry, I can't choke out the rest). Unfortunately, since he doesn't understand sarcasm, you've given him more puffery for his ego. He will probably frame this reply. But watch out, MAD, since he will now undoubtedly believe he is actually 50 feet tall, he might decide to try to stomp on your head office.

Melissa Davenport
Ithaca, NY

He's already stomped on the executive office, so why not ours?—Ed.

MASCOT BIAS

Is Alfred E. Neuman a Republican or Democrat or anarchist or Bolshevik or socialist or Bernie Sanders fan?

Daniel Staub Weinberg
Pasadena, CA

Yes.—Ed.

GOOD TASTE

My daughter recently purchased your magazine with her own money and asked me for a subscription, but then I read it and it is GROSS. IT IS SO GROSS. Why would you send these horrible not jokes to the people of kids? [sic] IT MAKES ME SICK and one day IT WILL MAKE HER SICK TOO I HOPE.

Do we need another western on TV? Nope. Do they keep making 'em? You betcha! Luckily the endless torrent of unconvincing cardboard sets and tired horses has inspired us to bring you MAD's version of one of the thousands of "oaters" littering our television screens. This one's got an even more mentally unstable, bounty-hunting cowpoke we're supposed to sympathize with, even though all he ever does is ruin a town and then "hopalong" his merry way. Because this cat ain't Johnny Law, he's...

LOUSY LAW

Howdy, folks! The name's Flake Cahill.

Ah'm a bounty hunter! Ah bring criminals to justice to protect decent, law-abiding folks in nowhere towns like yers. Also, I do it 'cuz I need the bread to make a down payment on a fancy development of ranch condos!

You don't need to introduce yerself, ya idjit! Ya been here in episodes 4, 8, and 15 to get yer money for corpses!

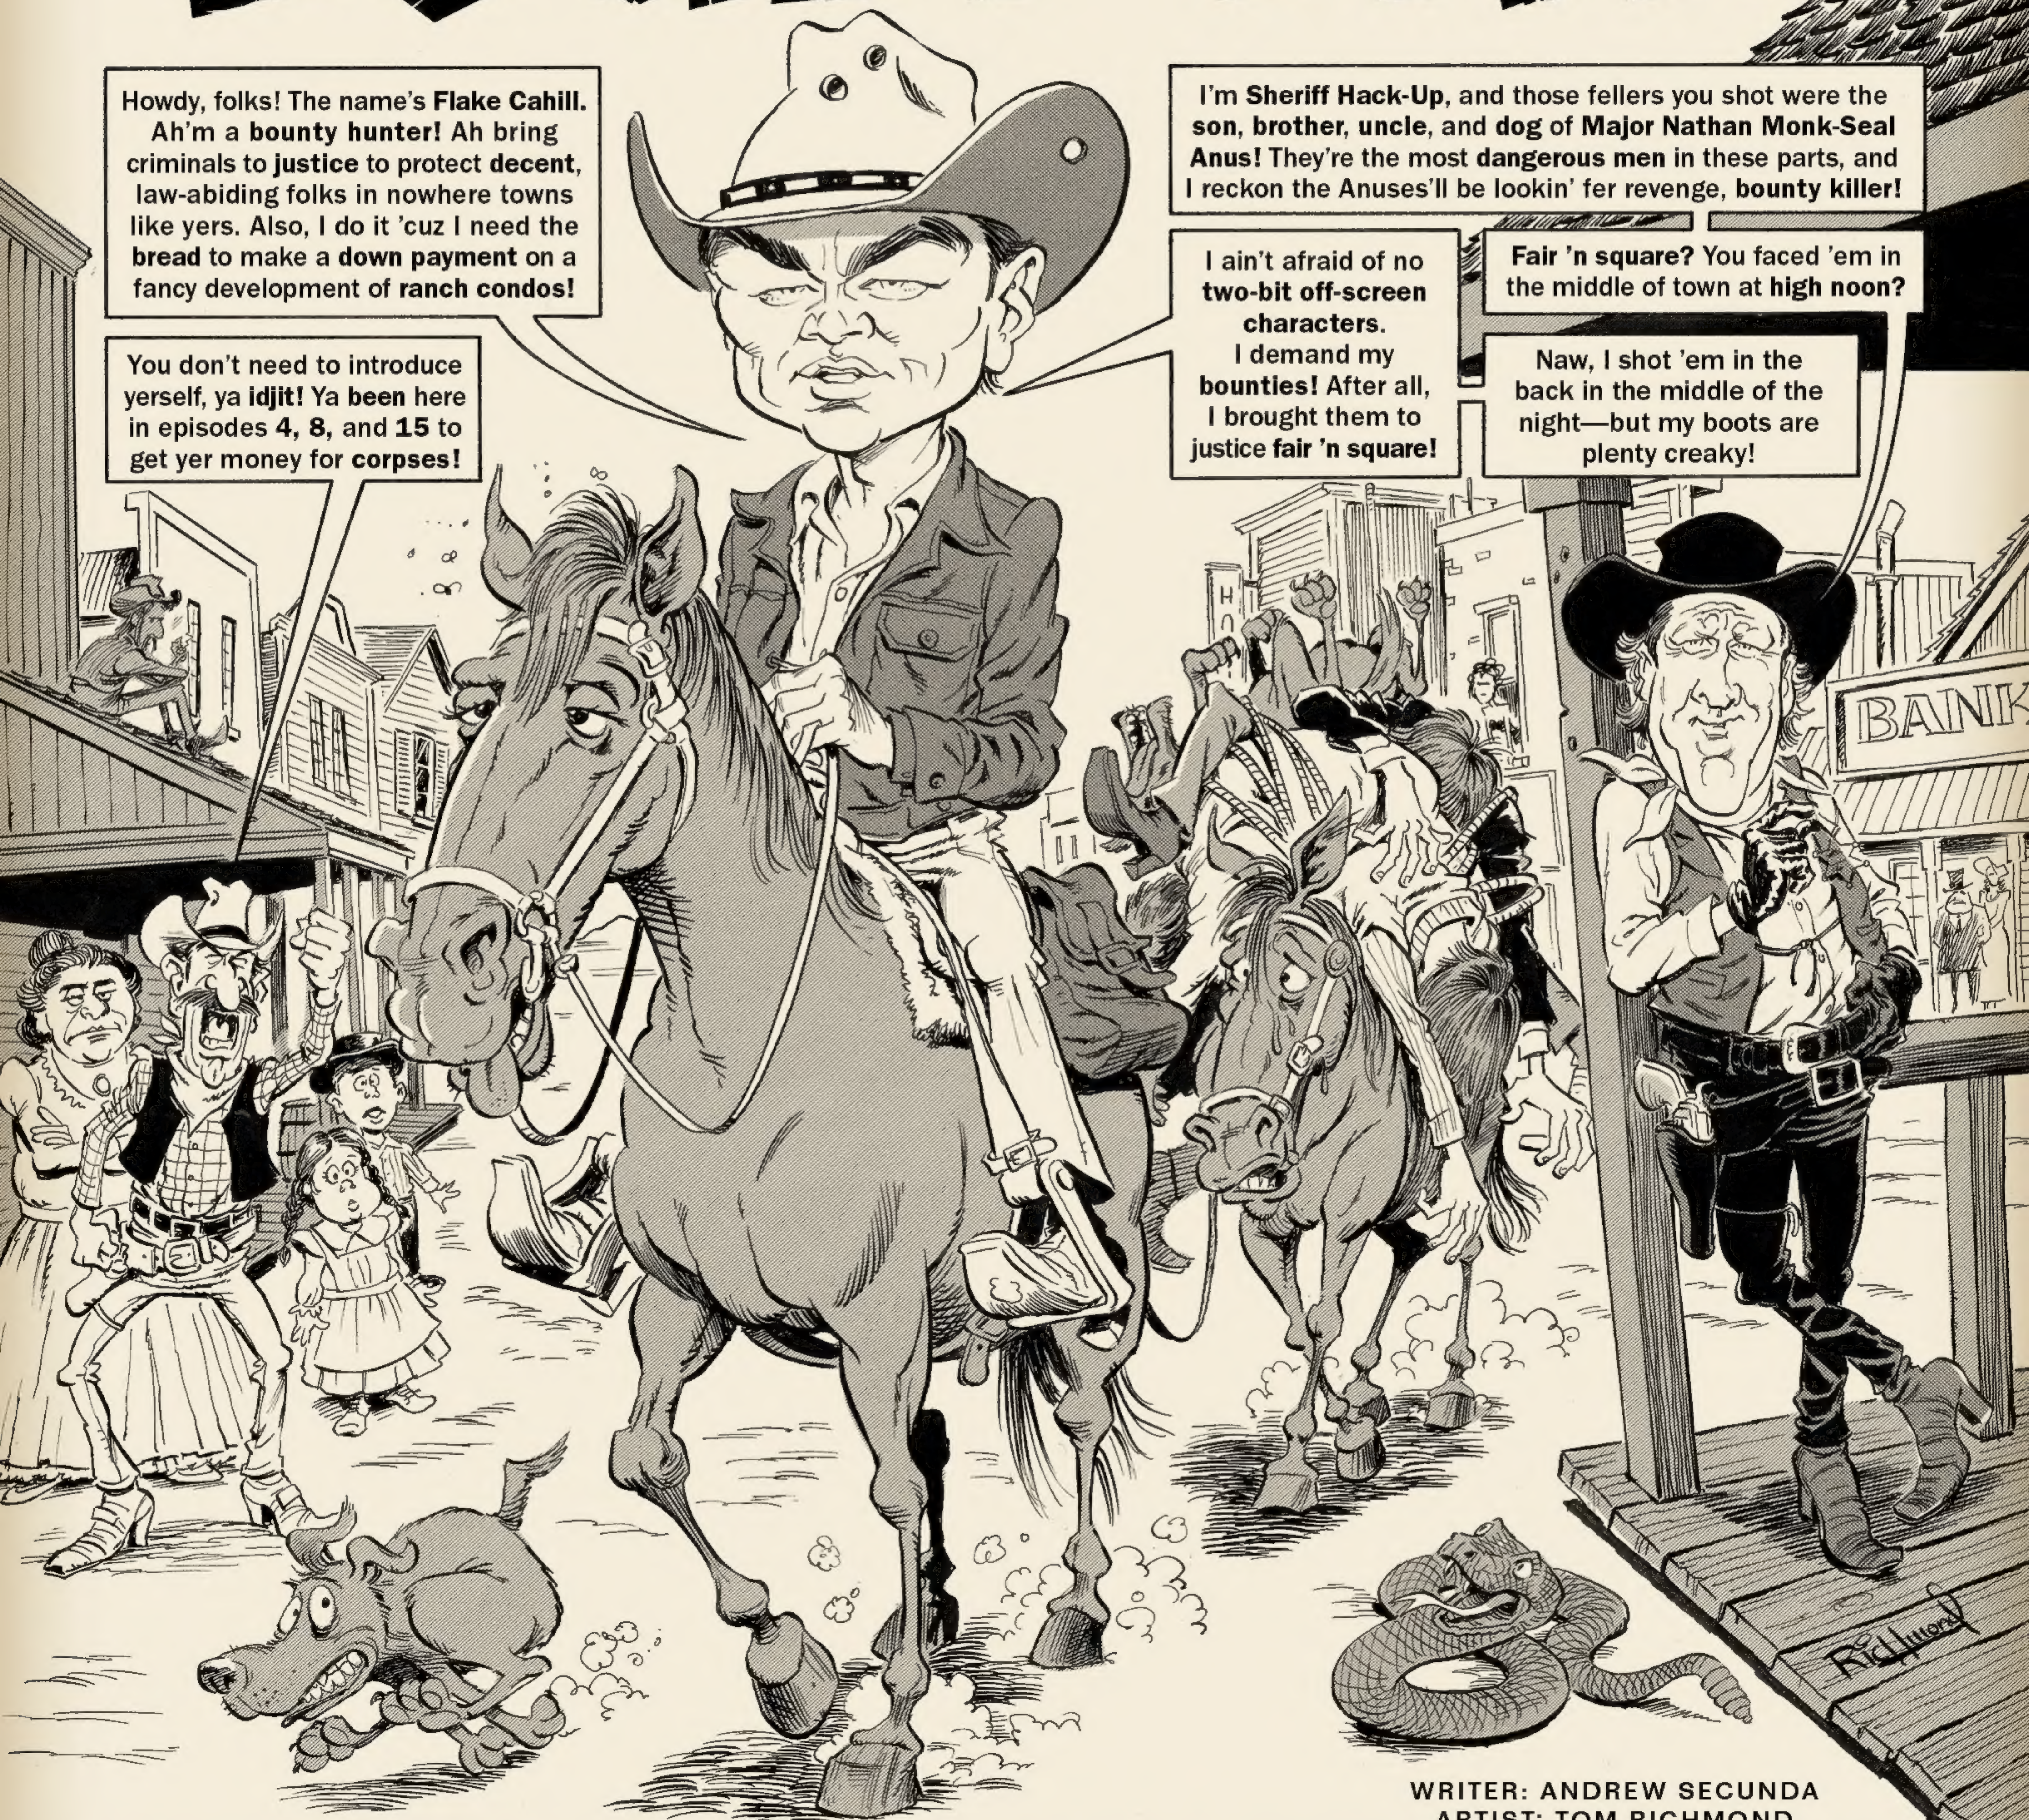

I'm Sheriff Hack-Up, and those fellers you shot were the son, brother, uncle, and dog of Major Nathan Monk-Seal Anus! They're the most dangerous men in these parts, and I reckon the Anuses'll be lookin' fer revenge, bounty killer!

I ain't afraid of no two-bit off-screen characters.

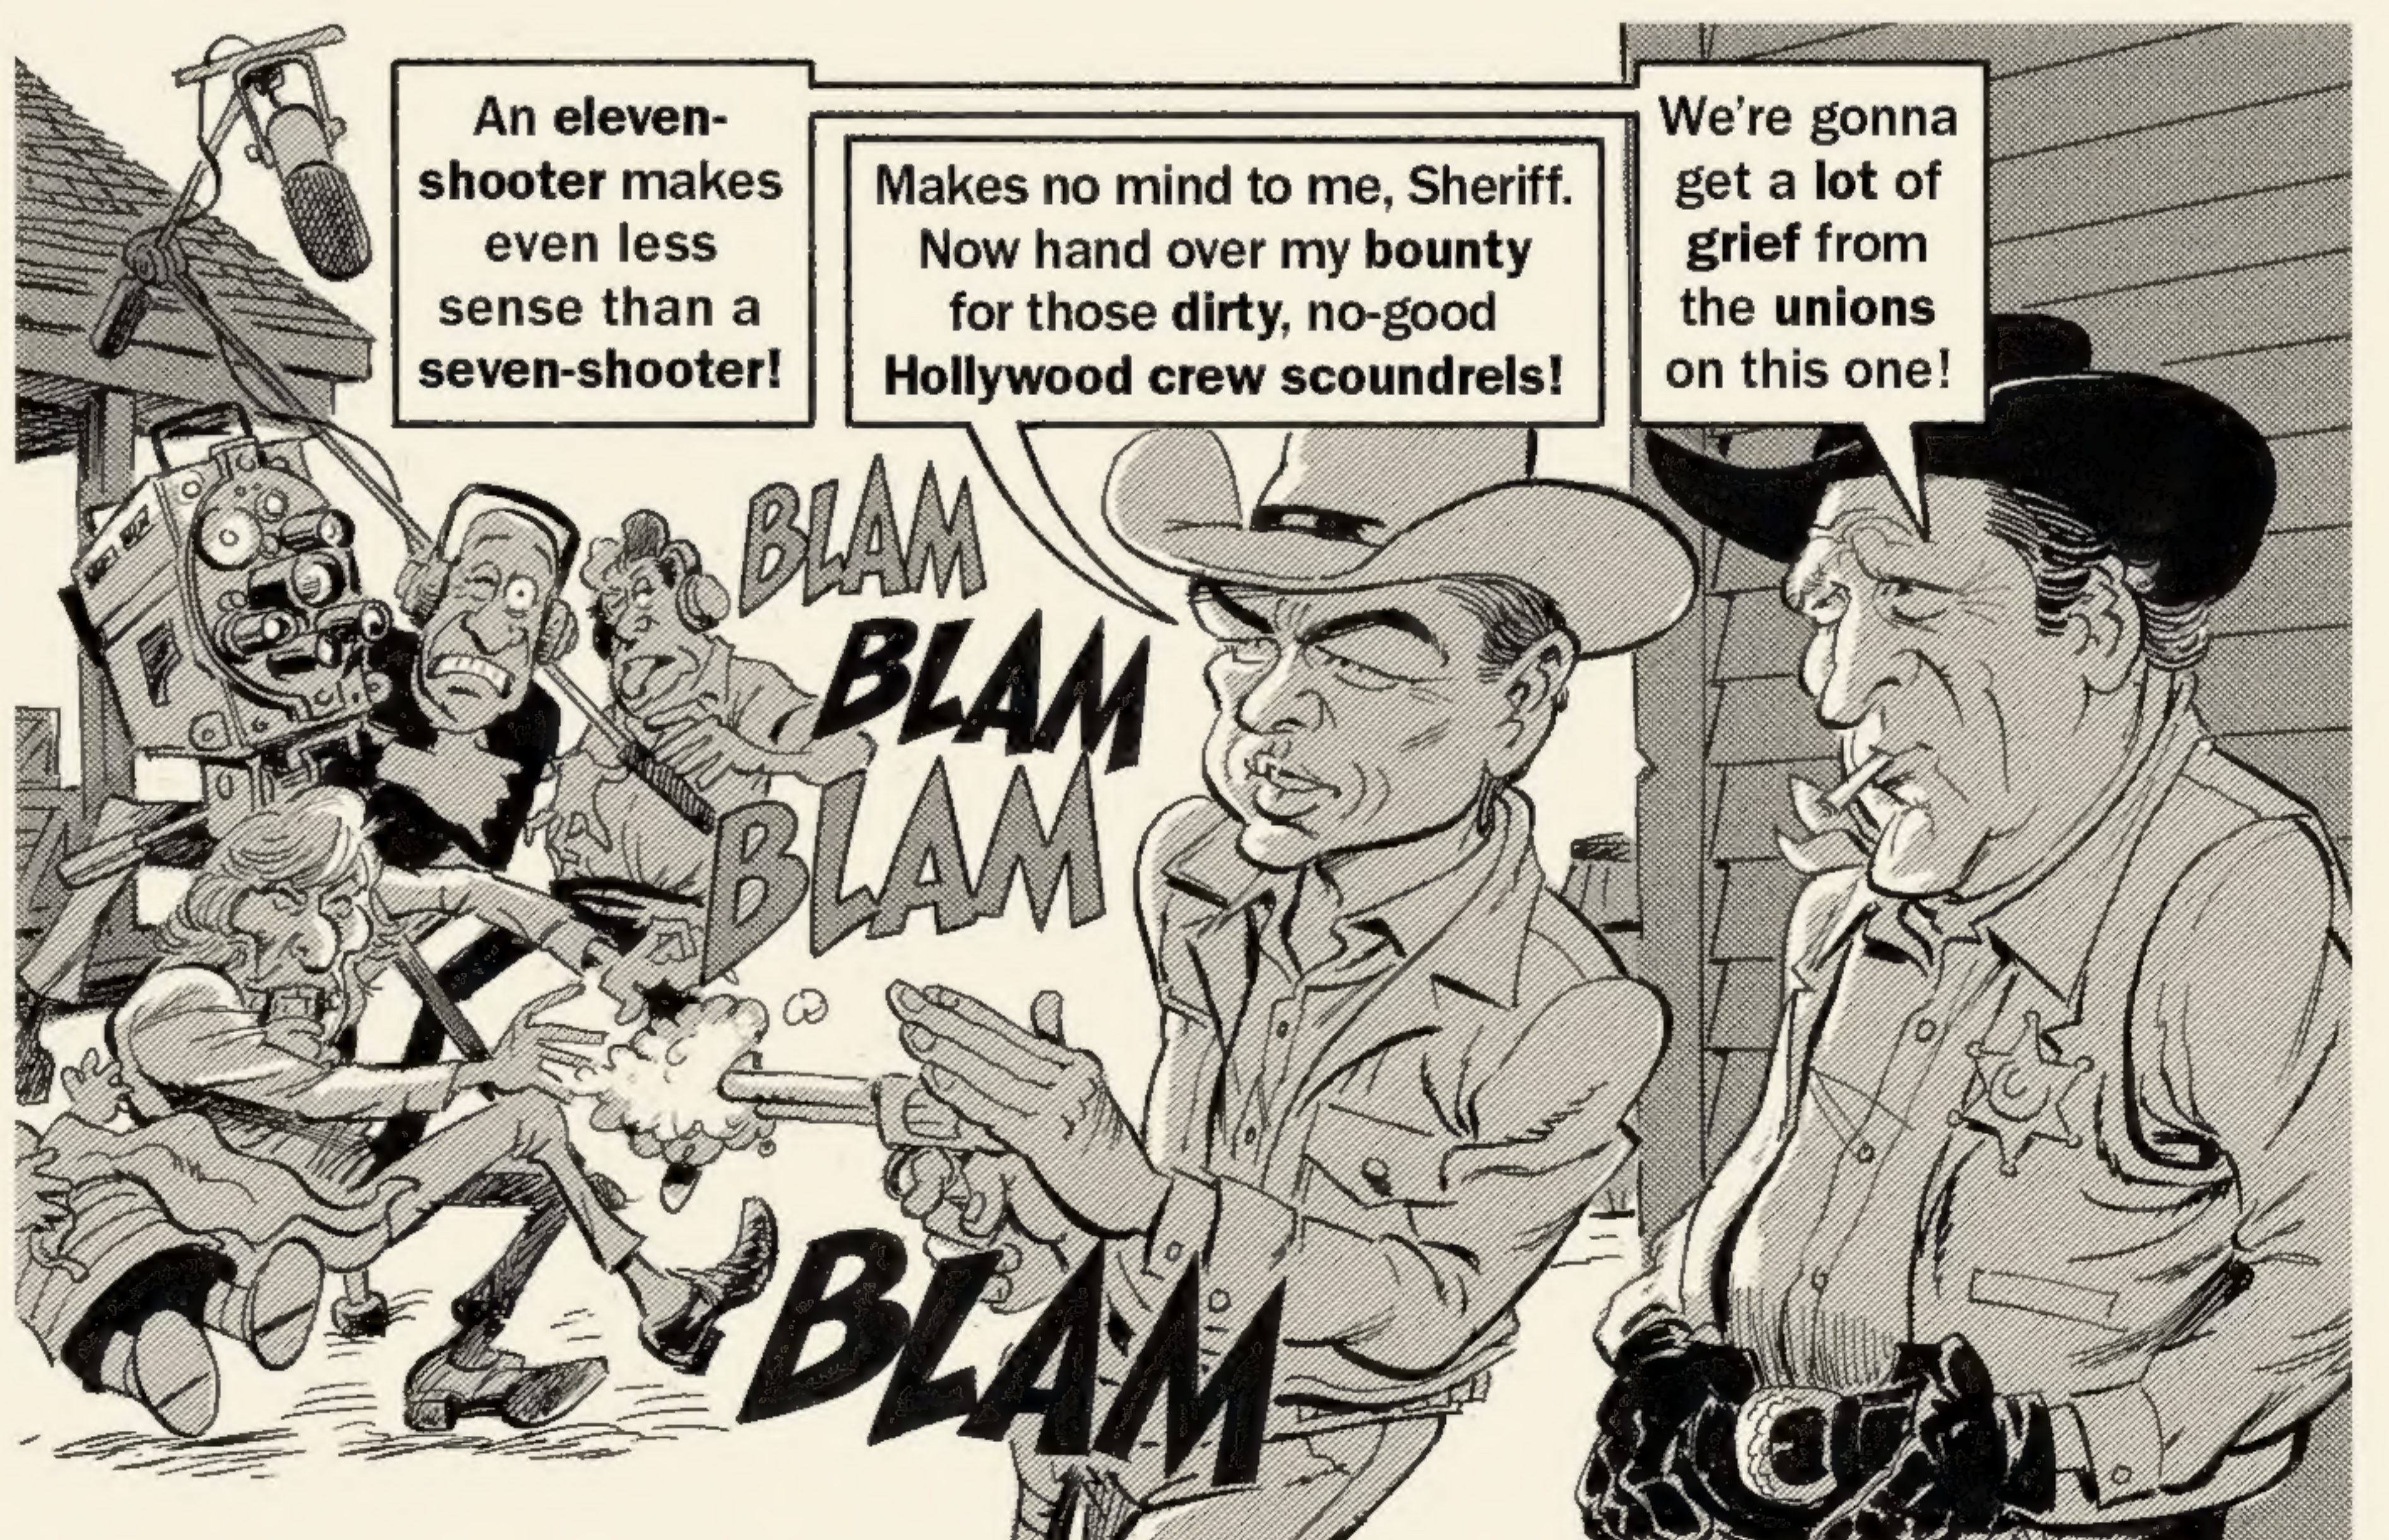

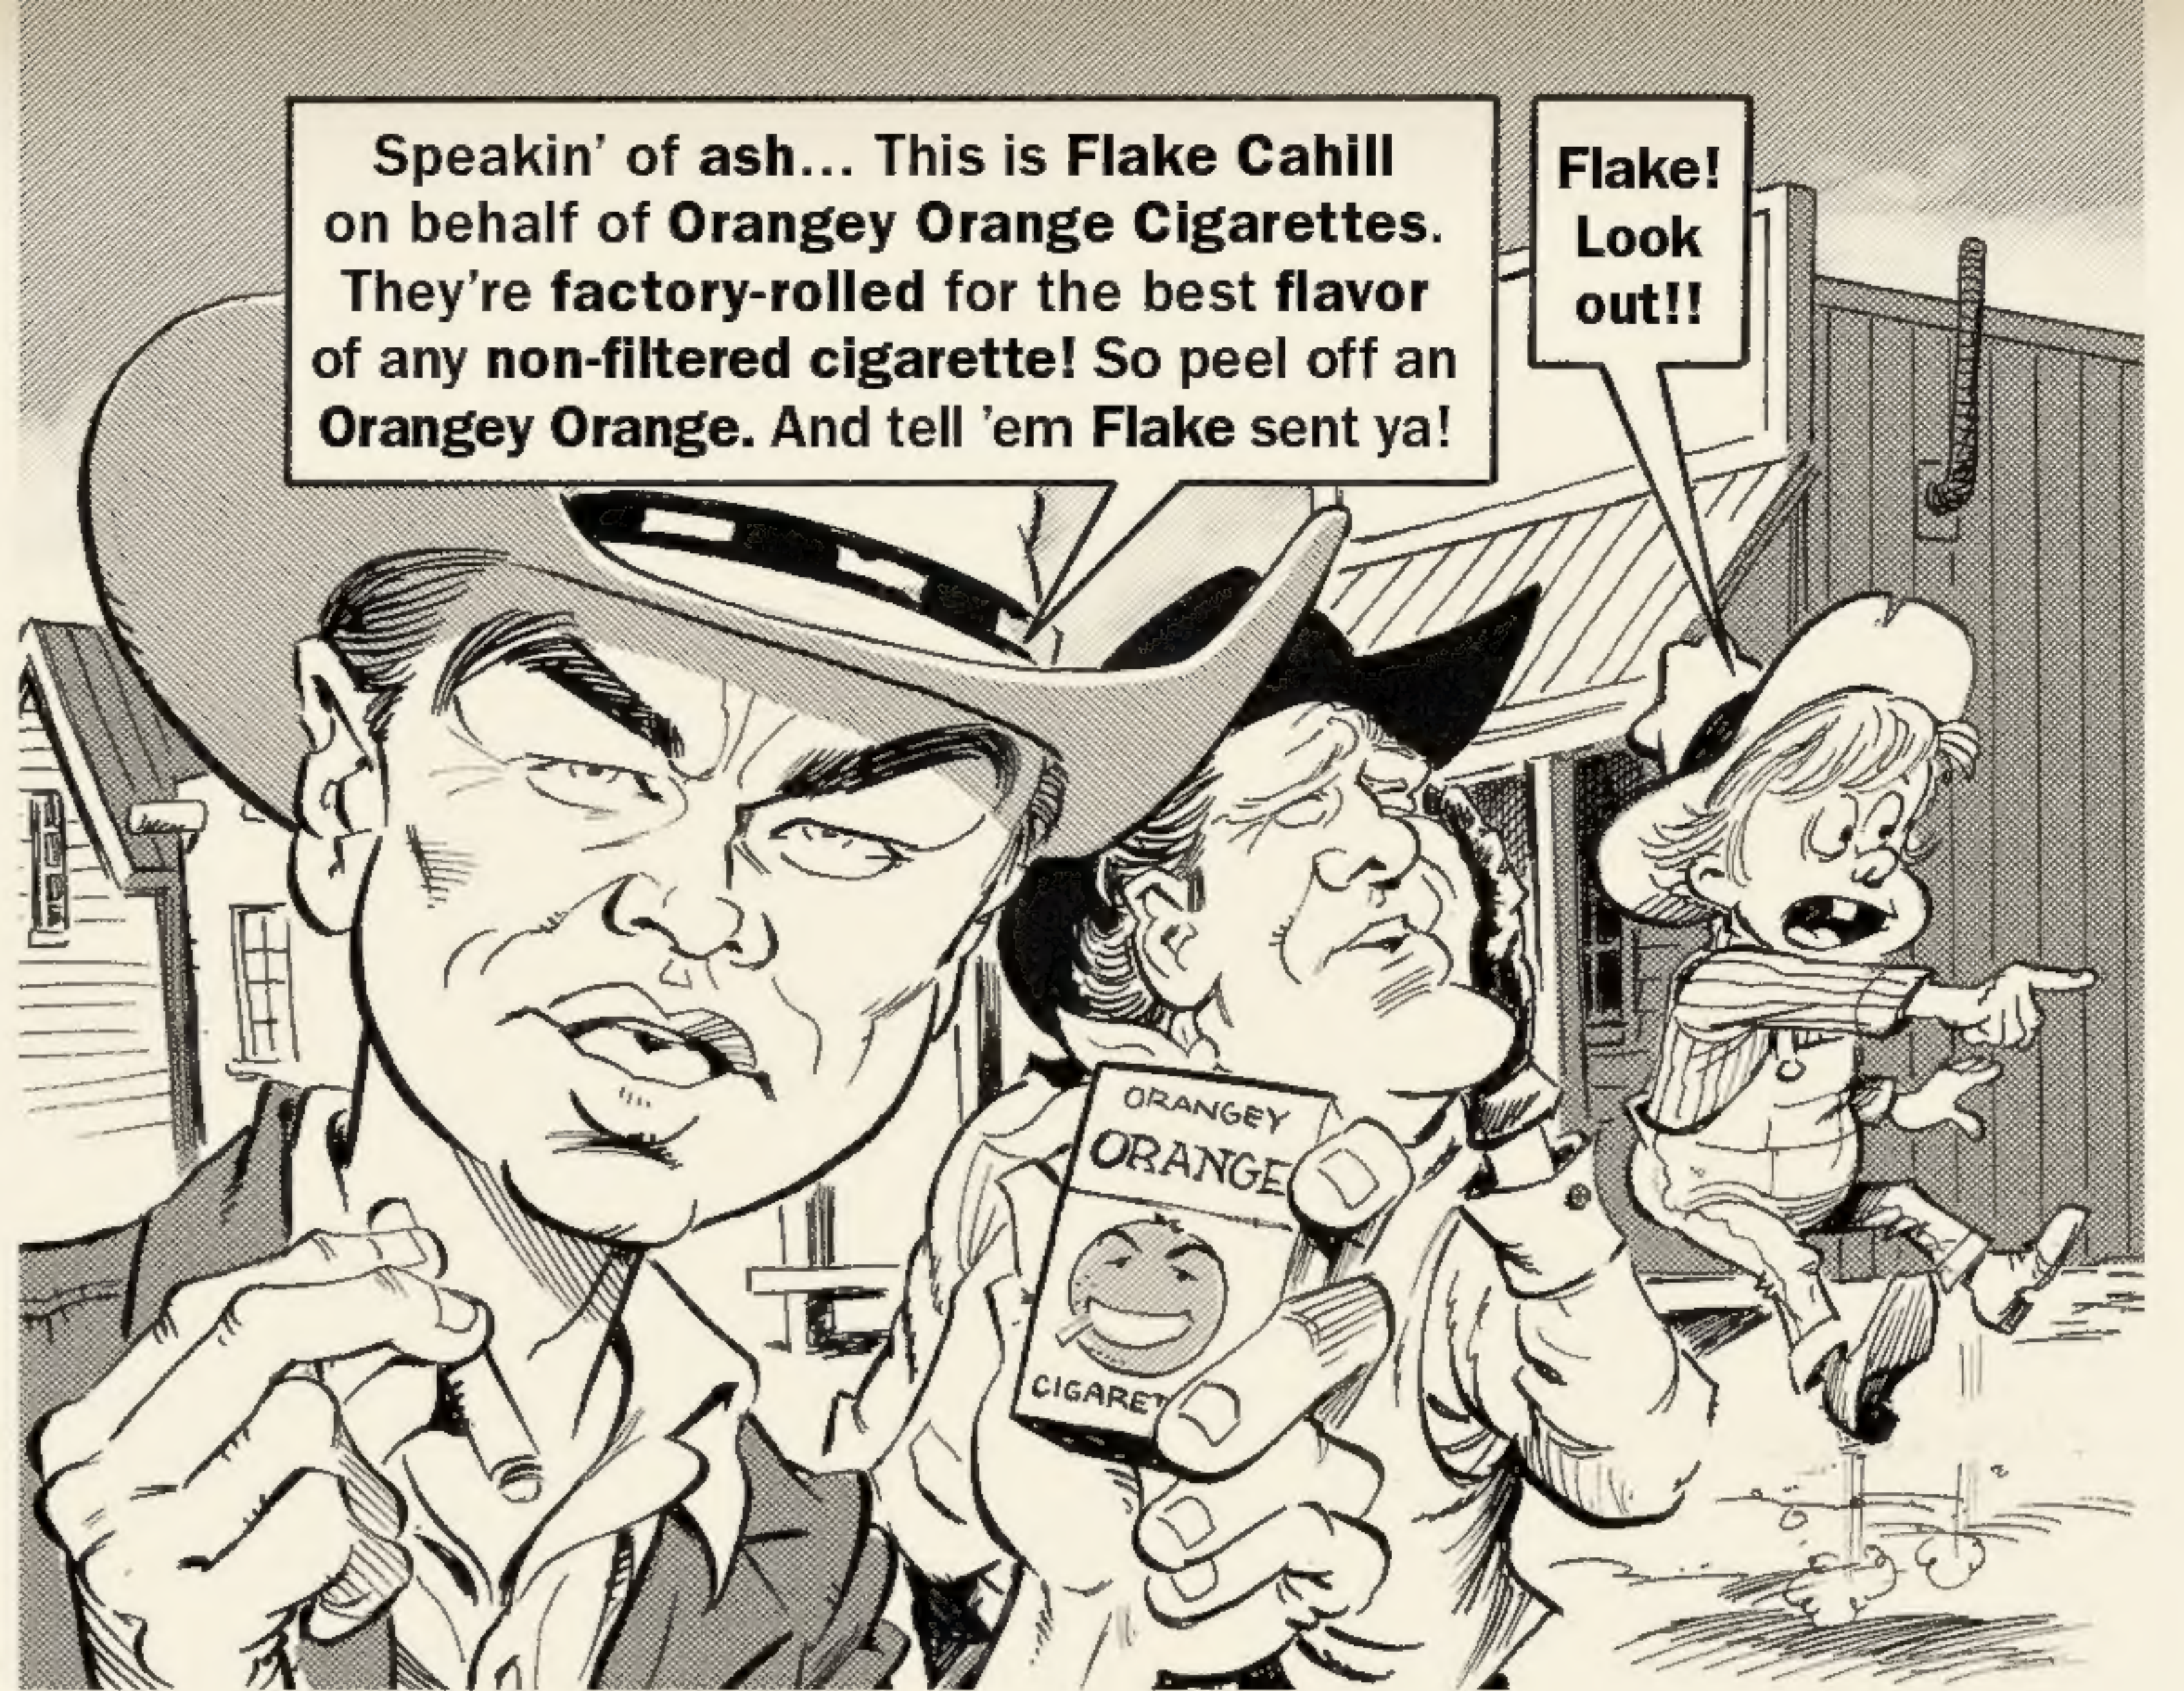

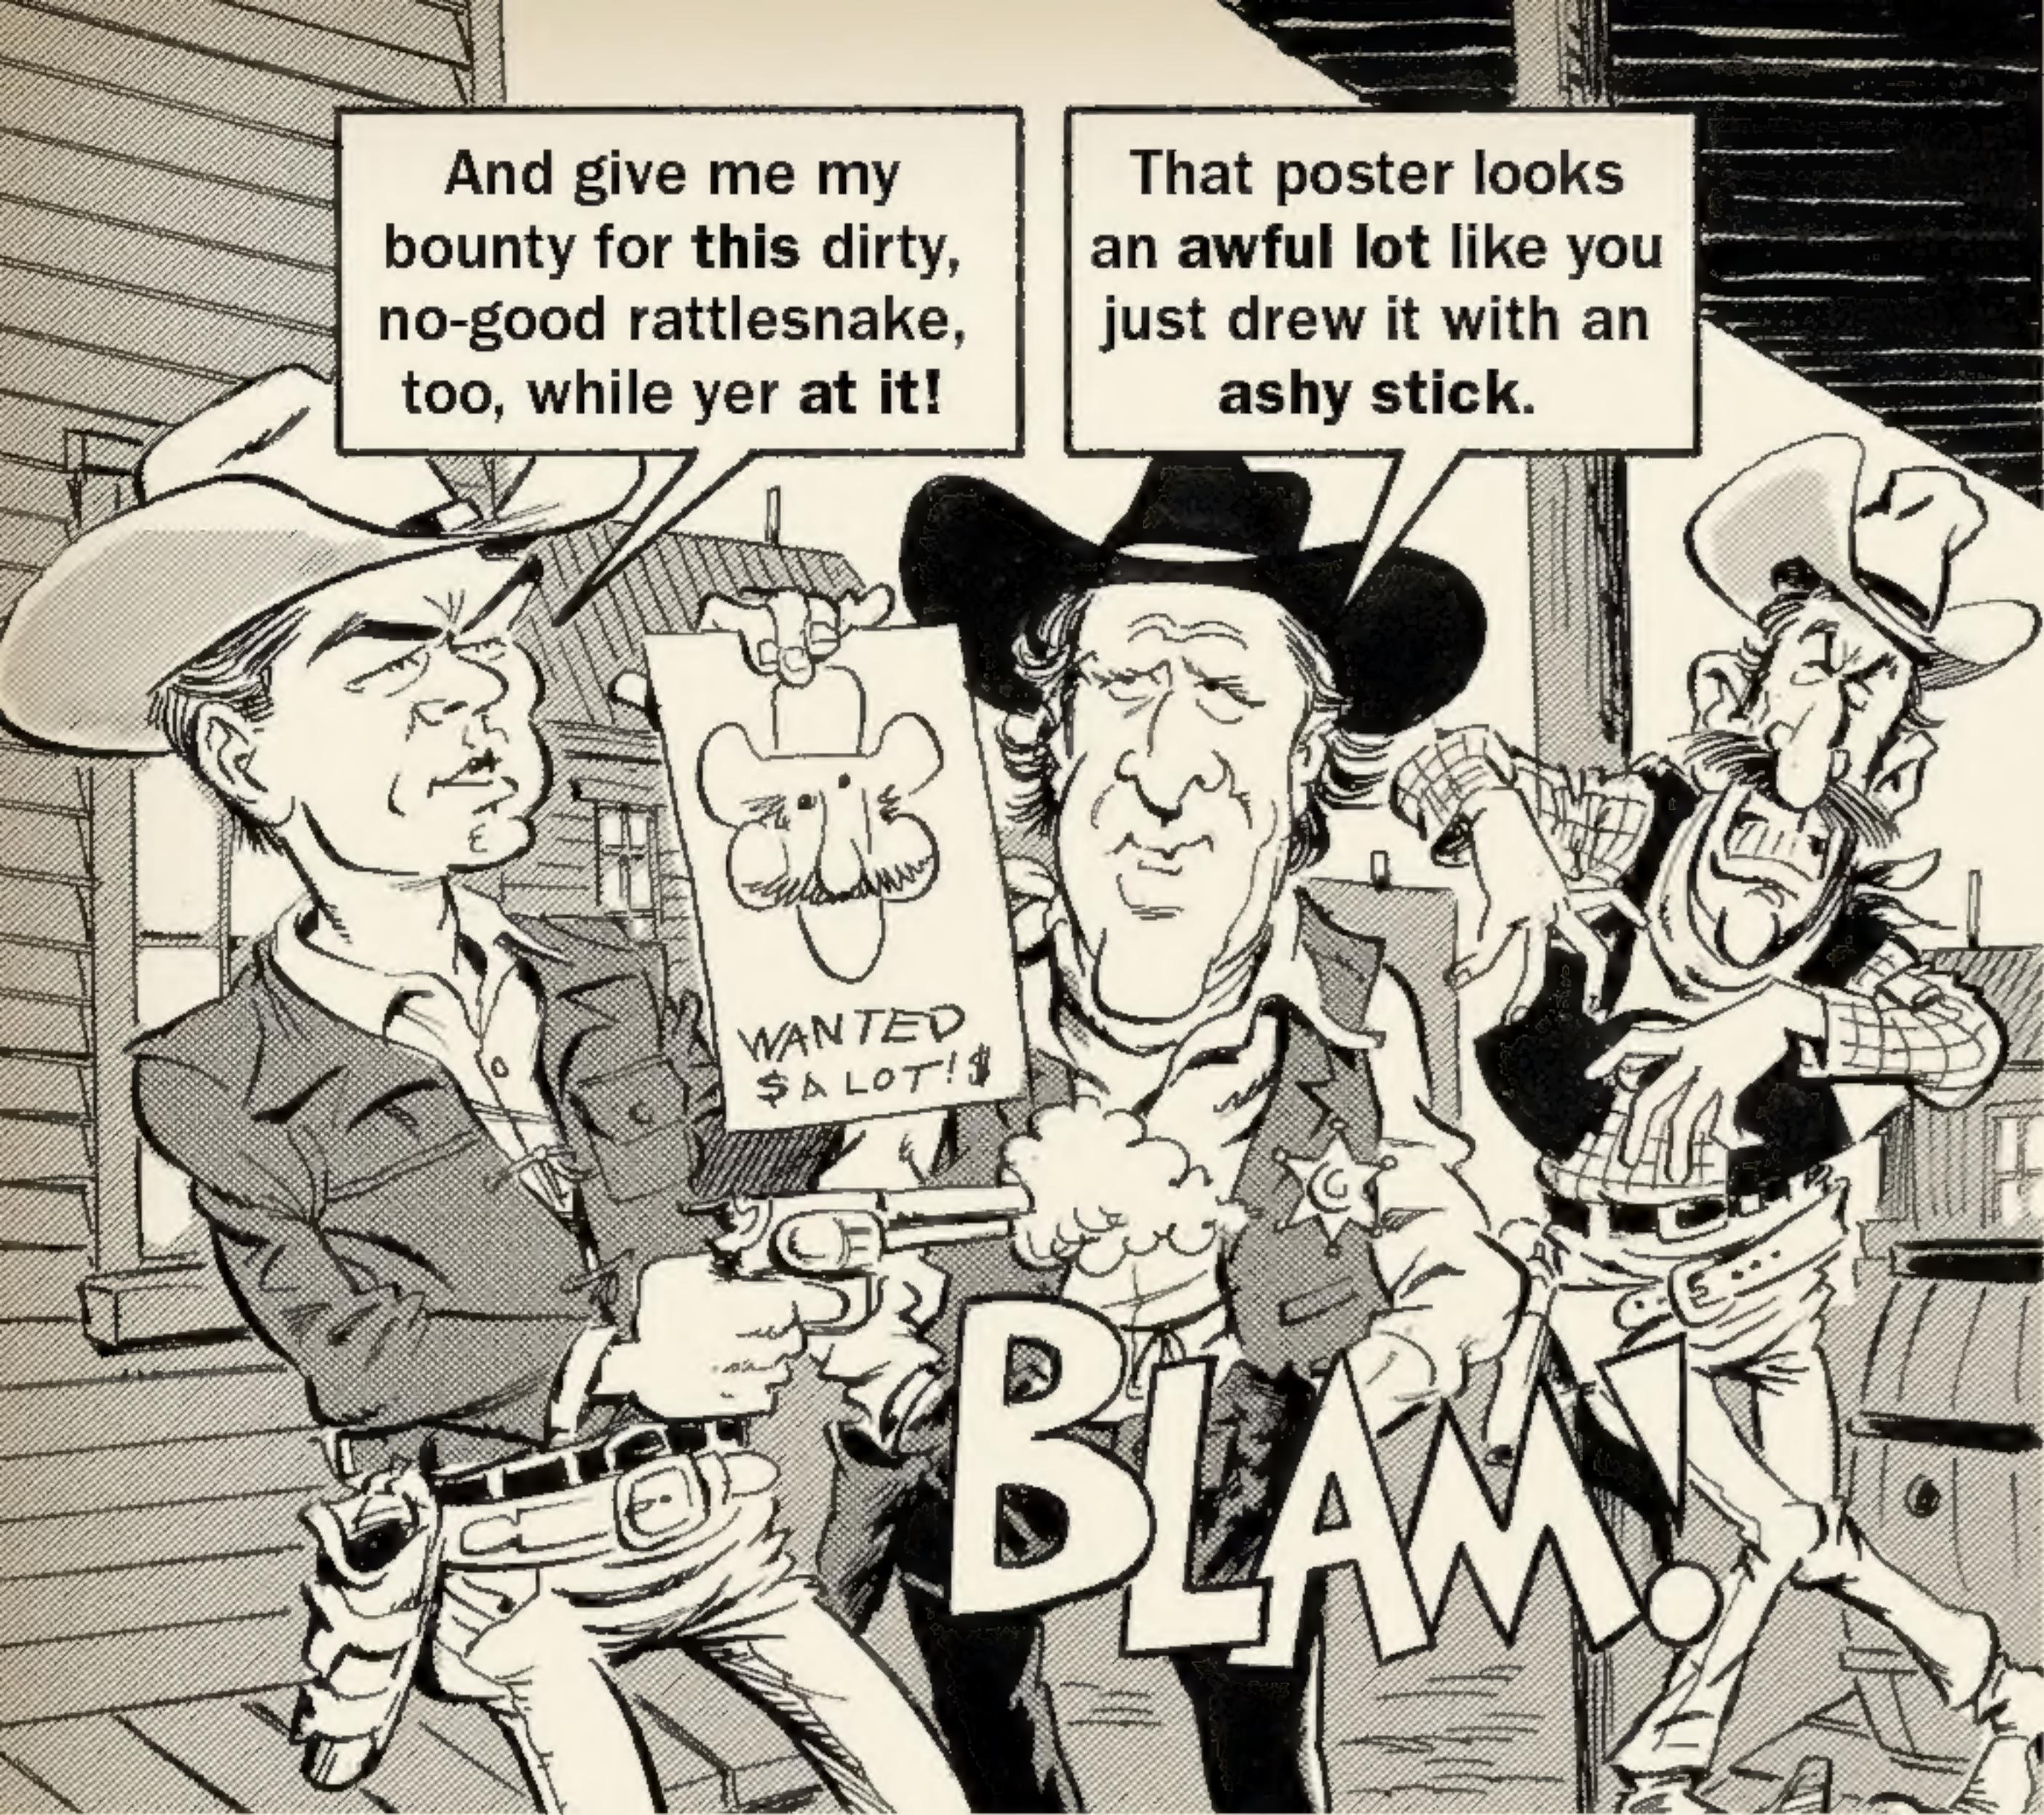

I demand my bounties! After all, I brought them to justice fair 'n square!

Fair 'n square? You faced 'em in the middle of town at high noon?

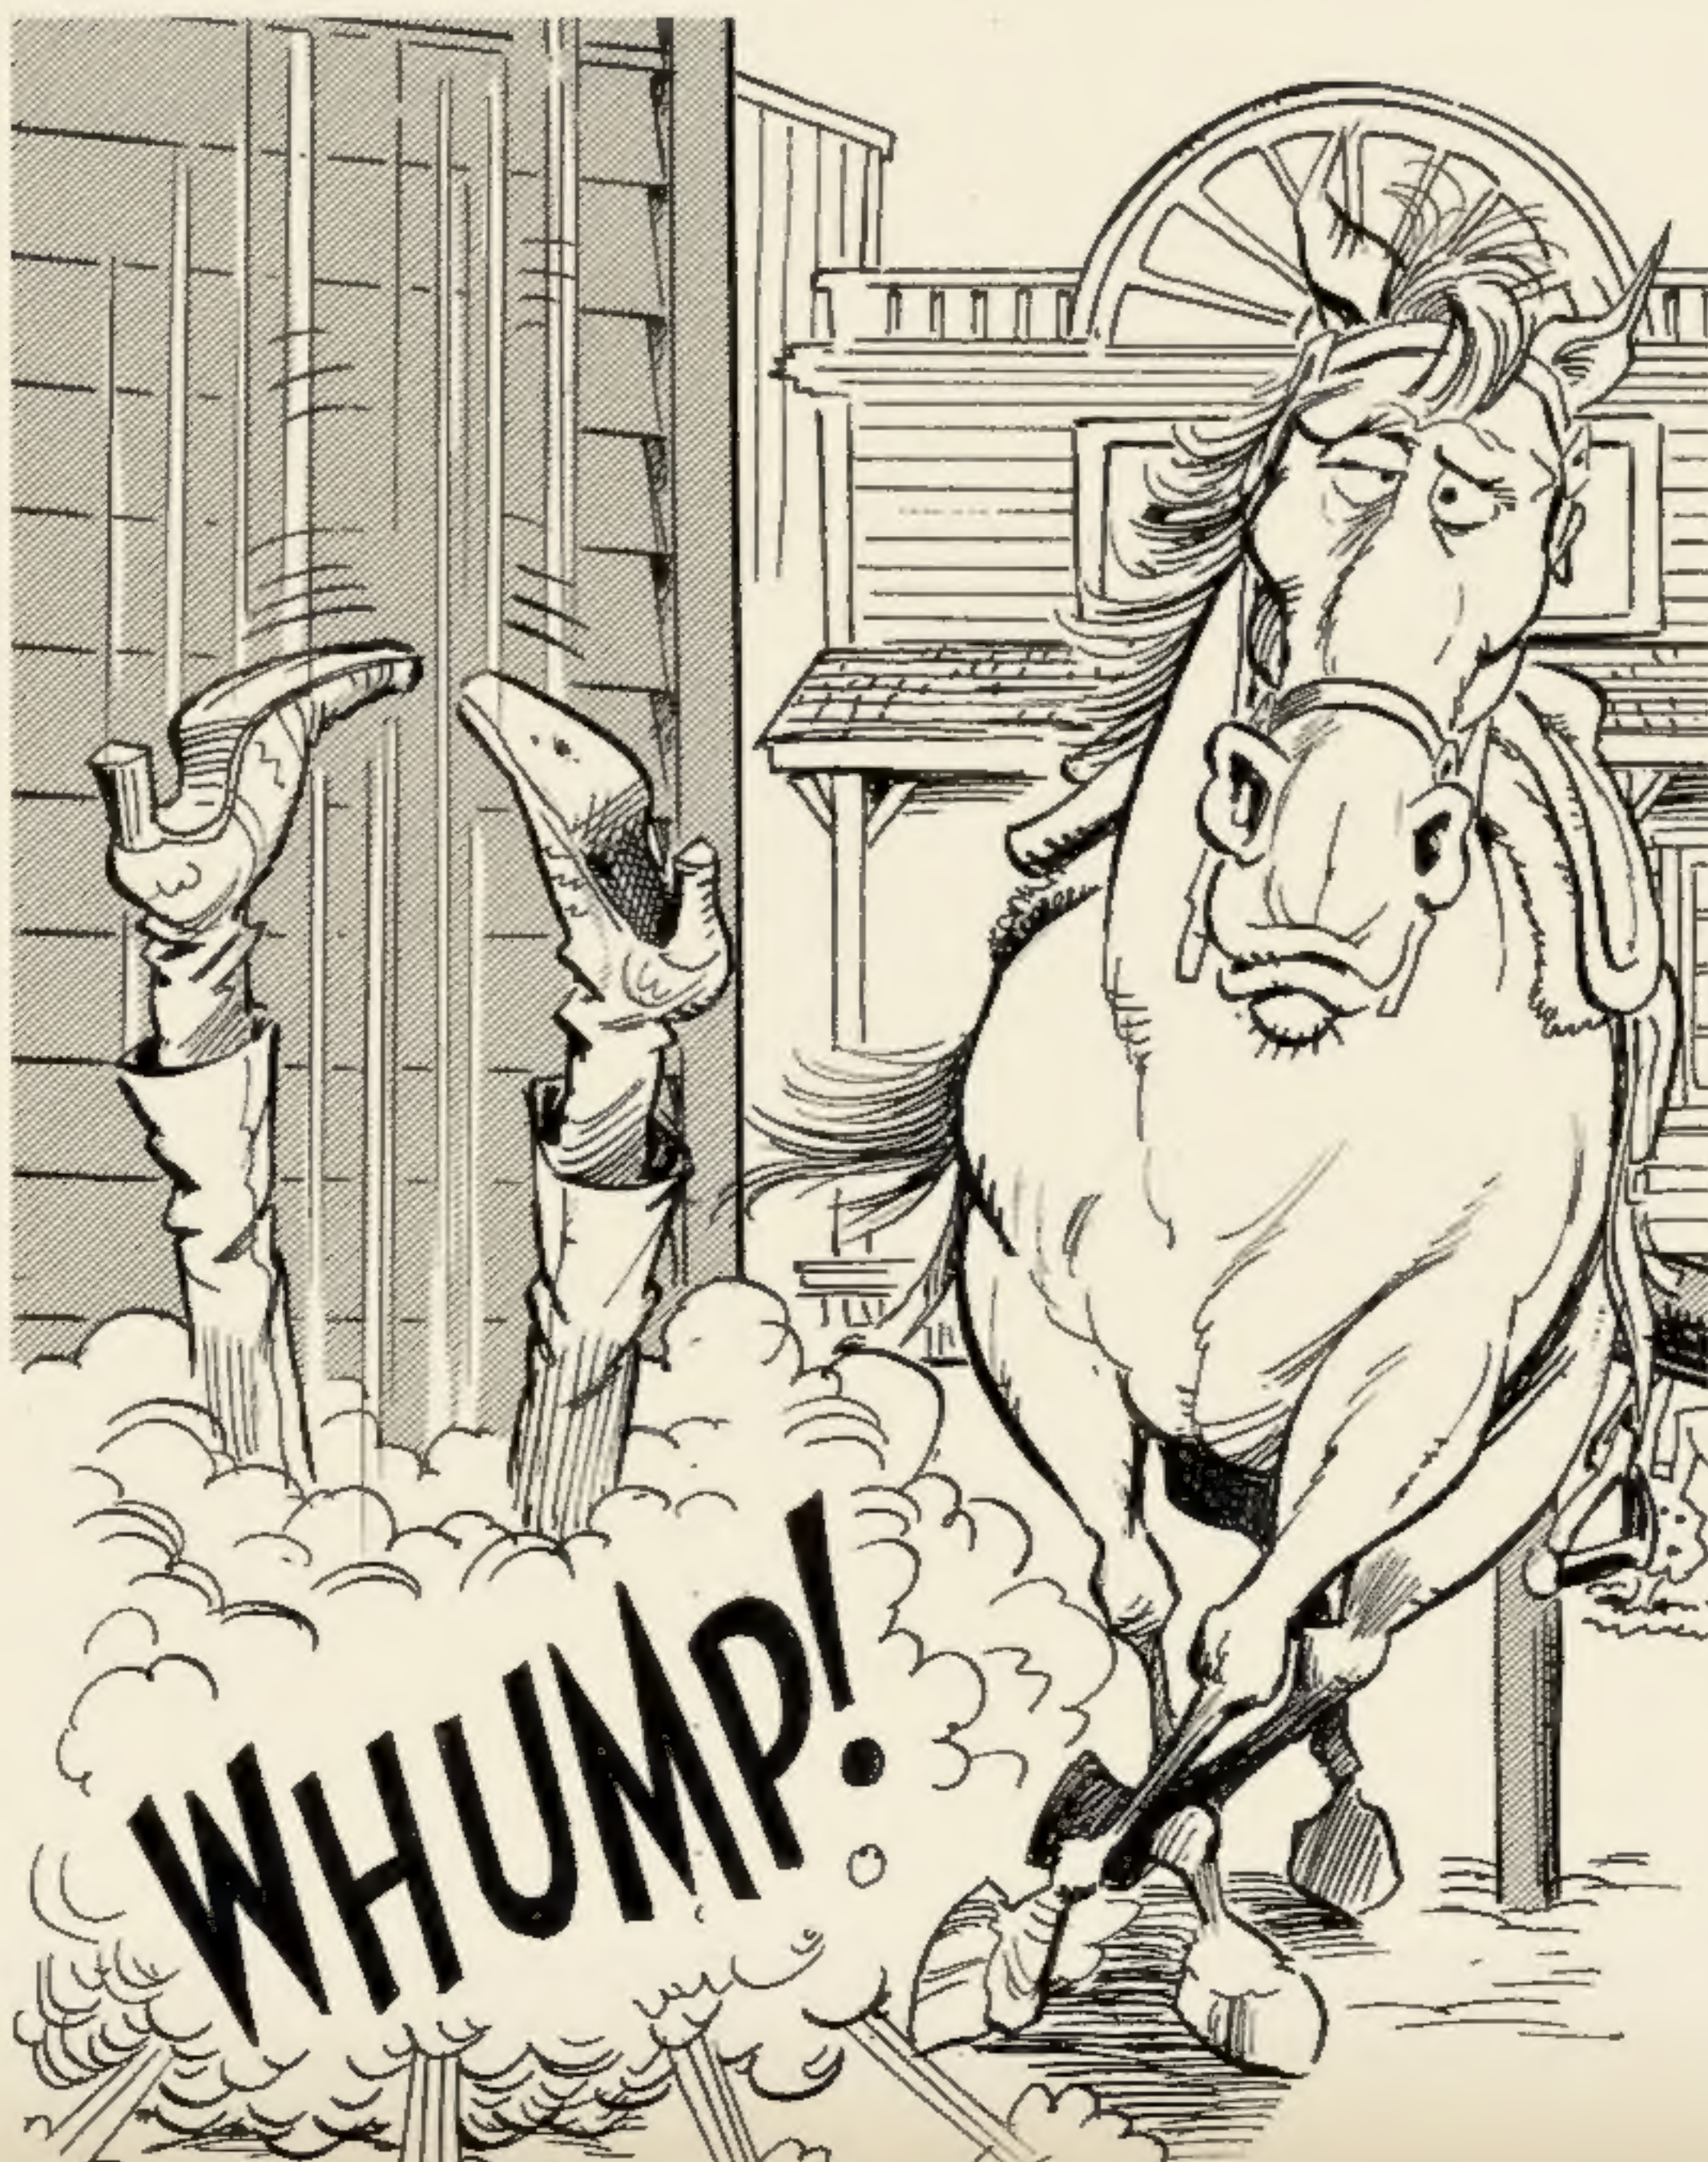

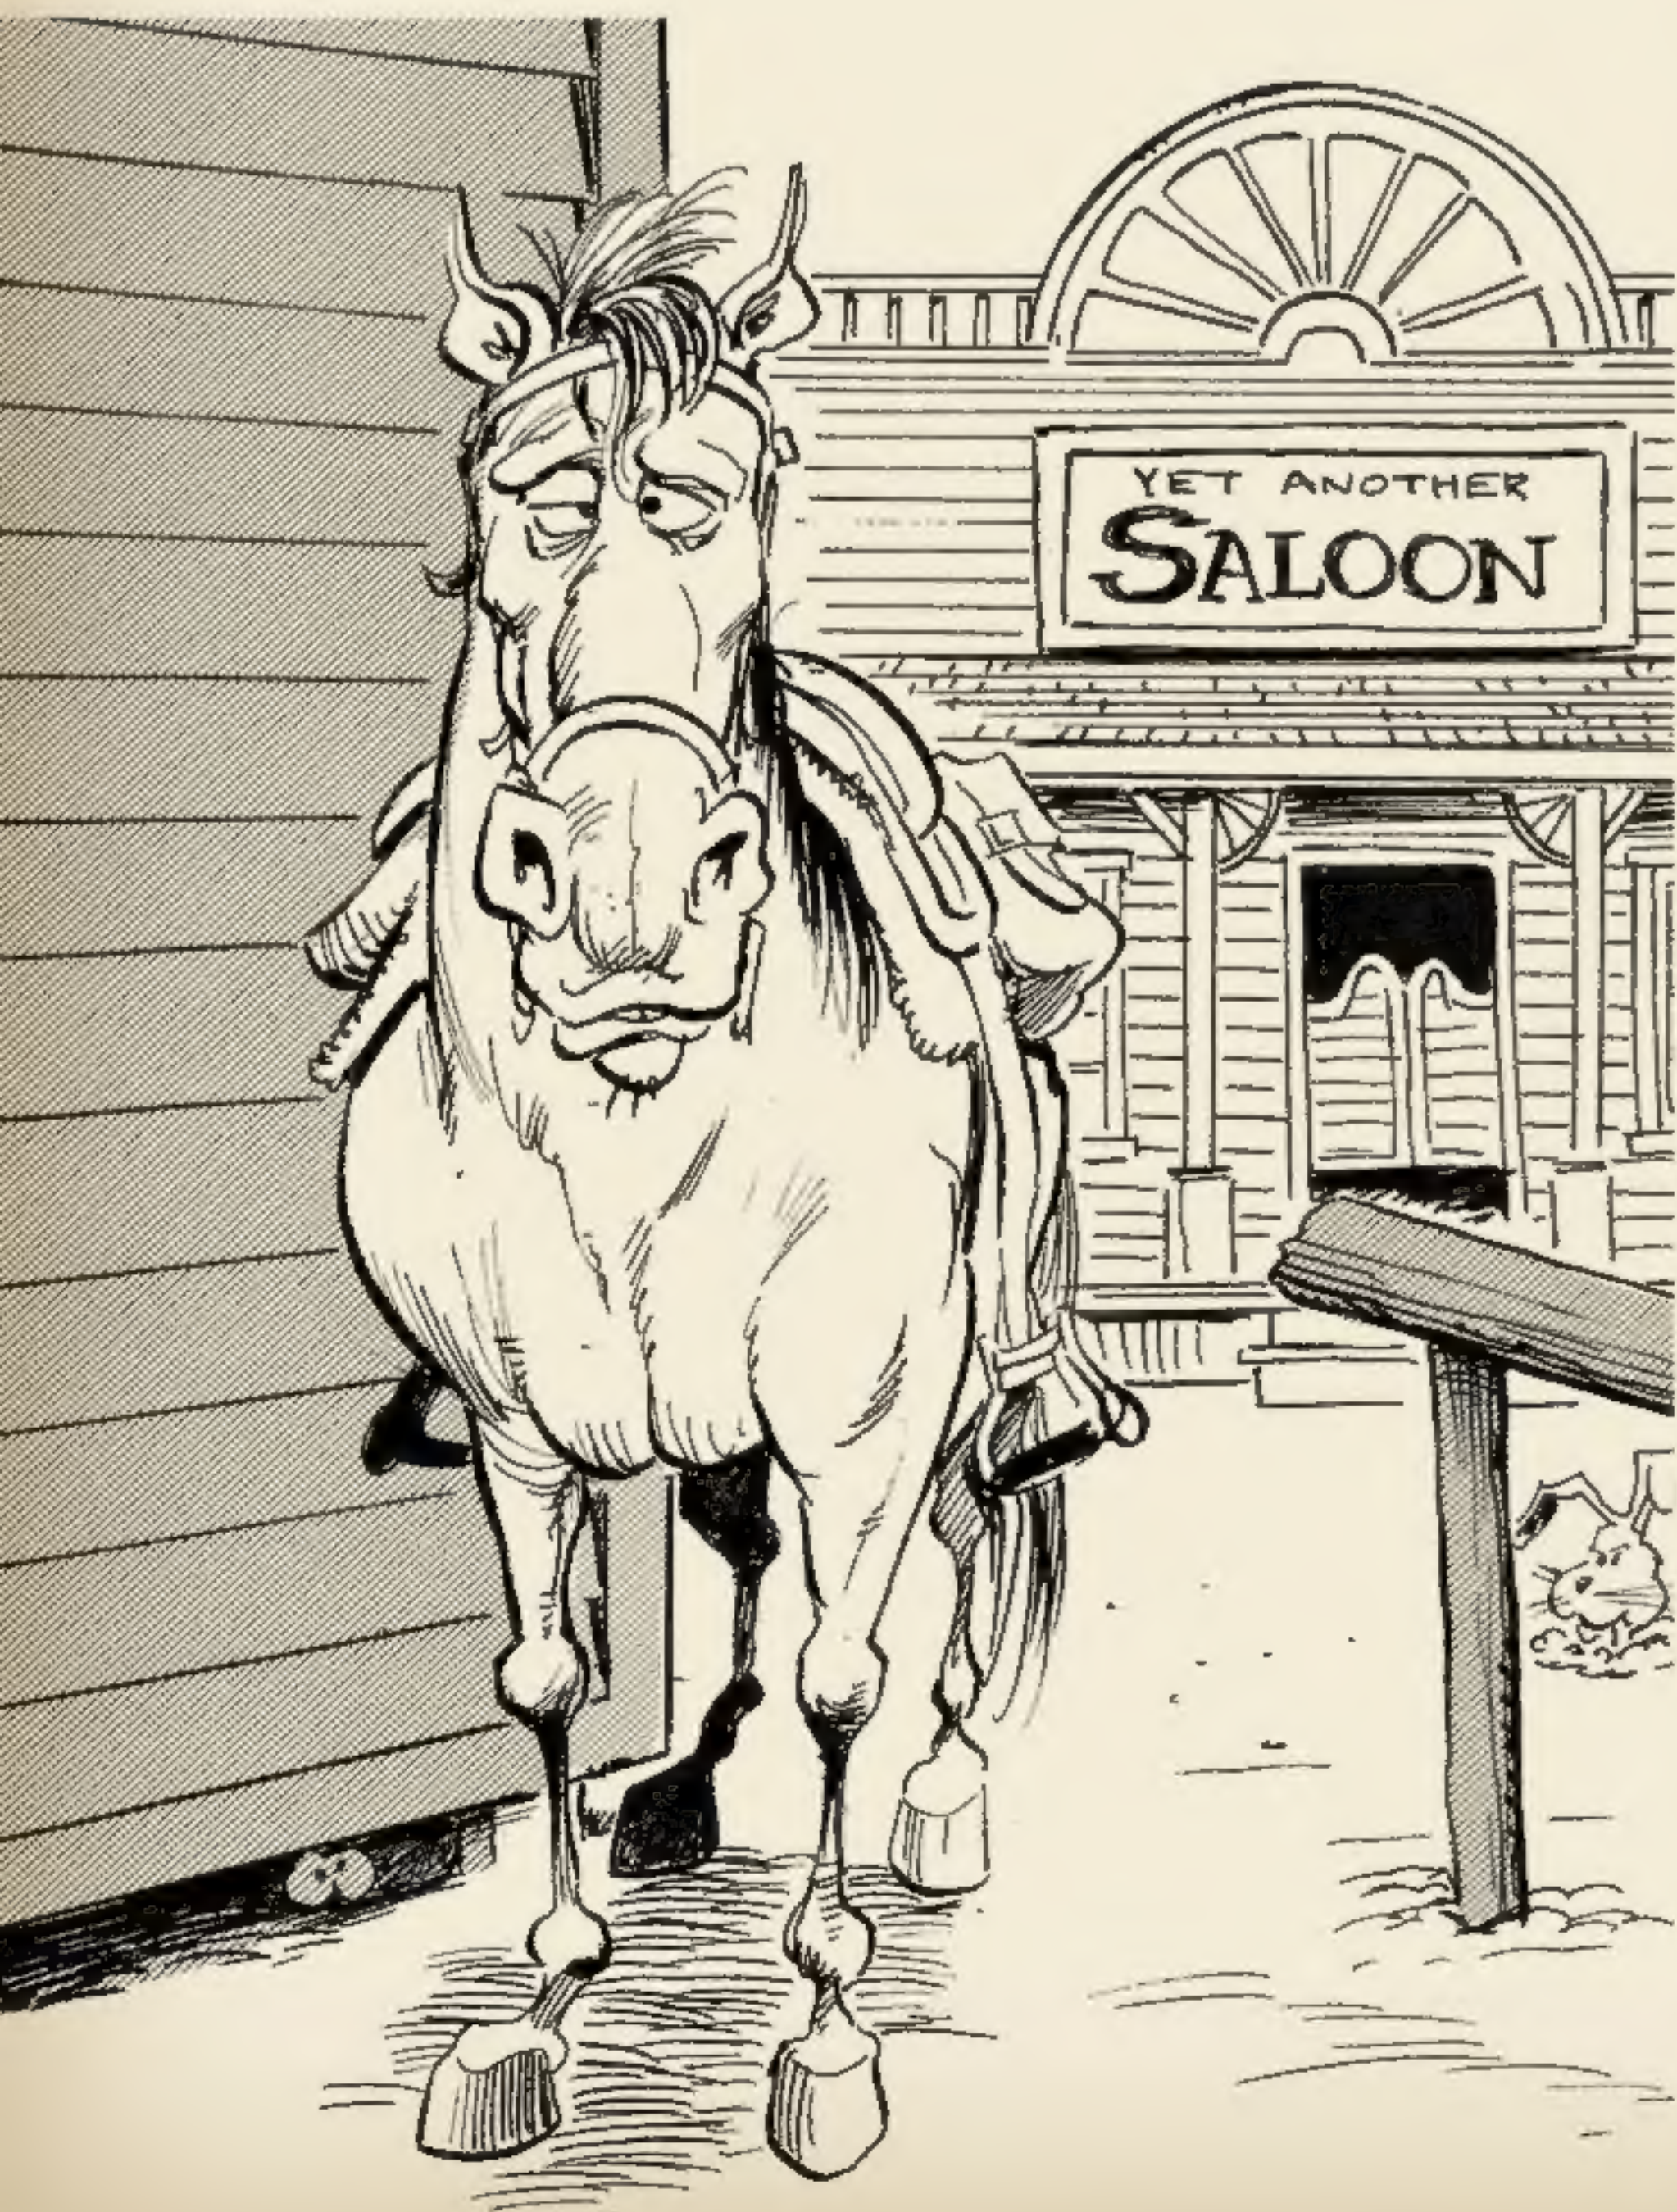

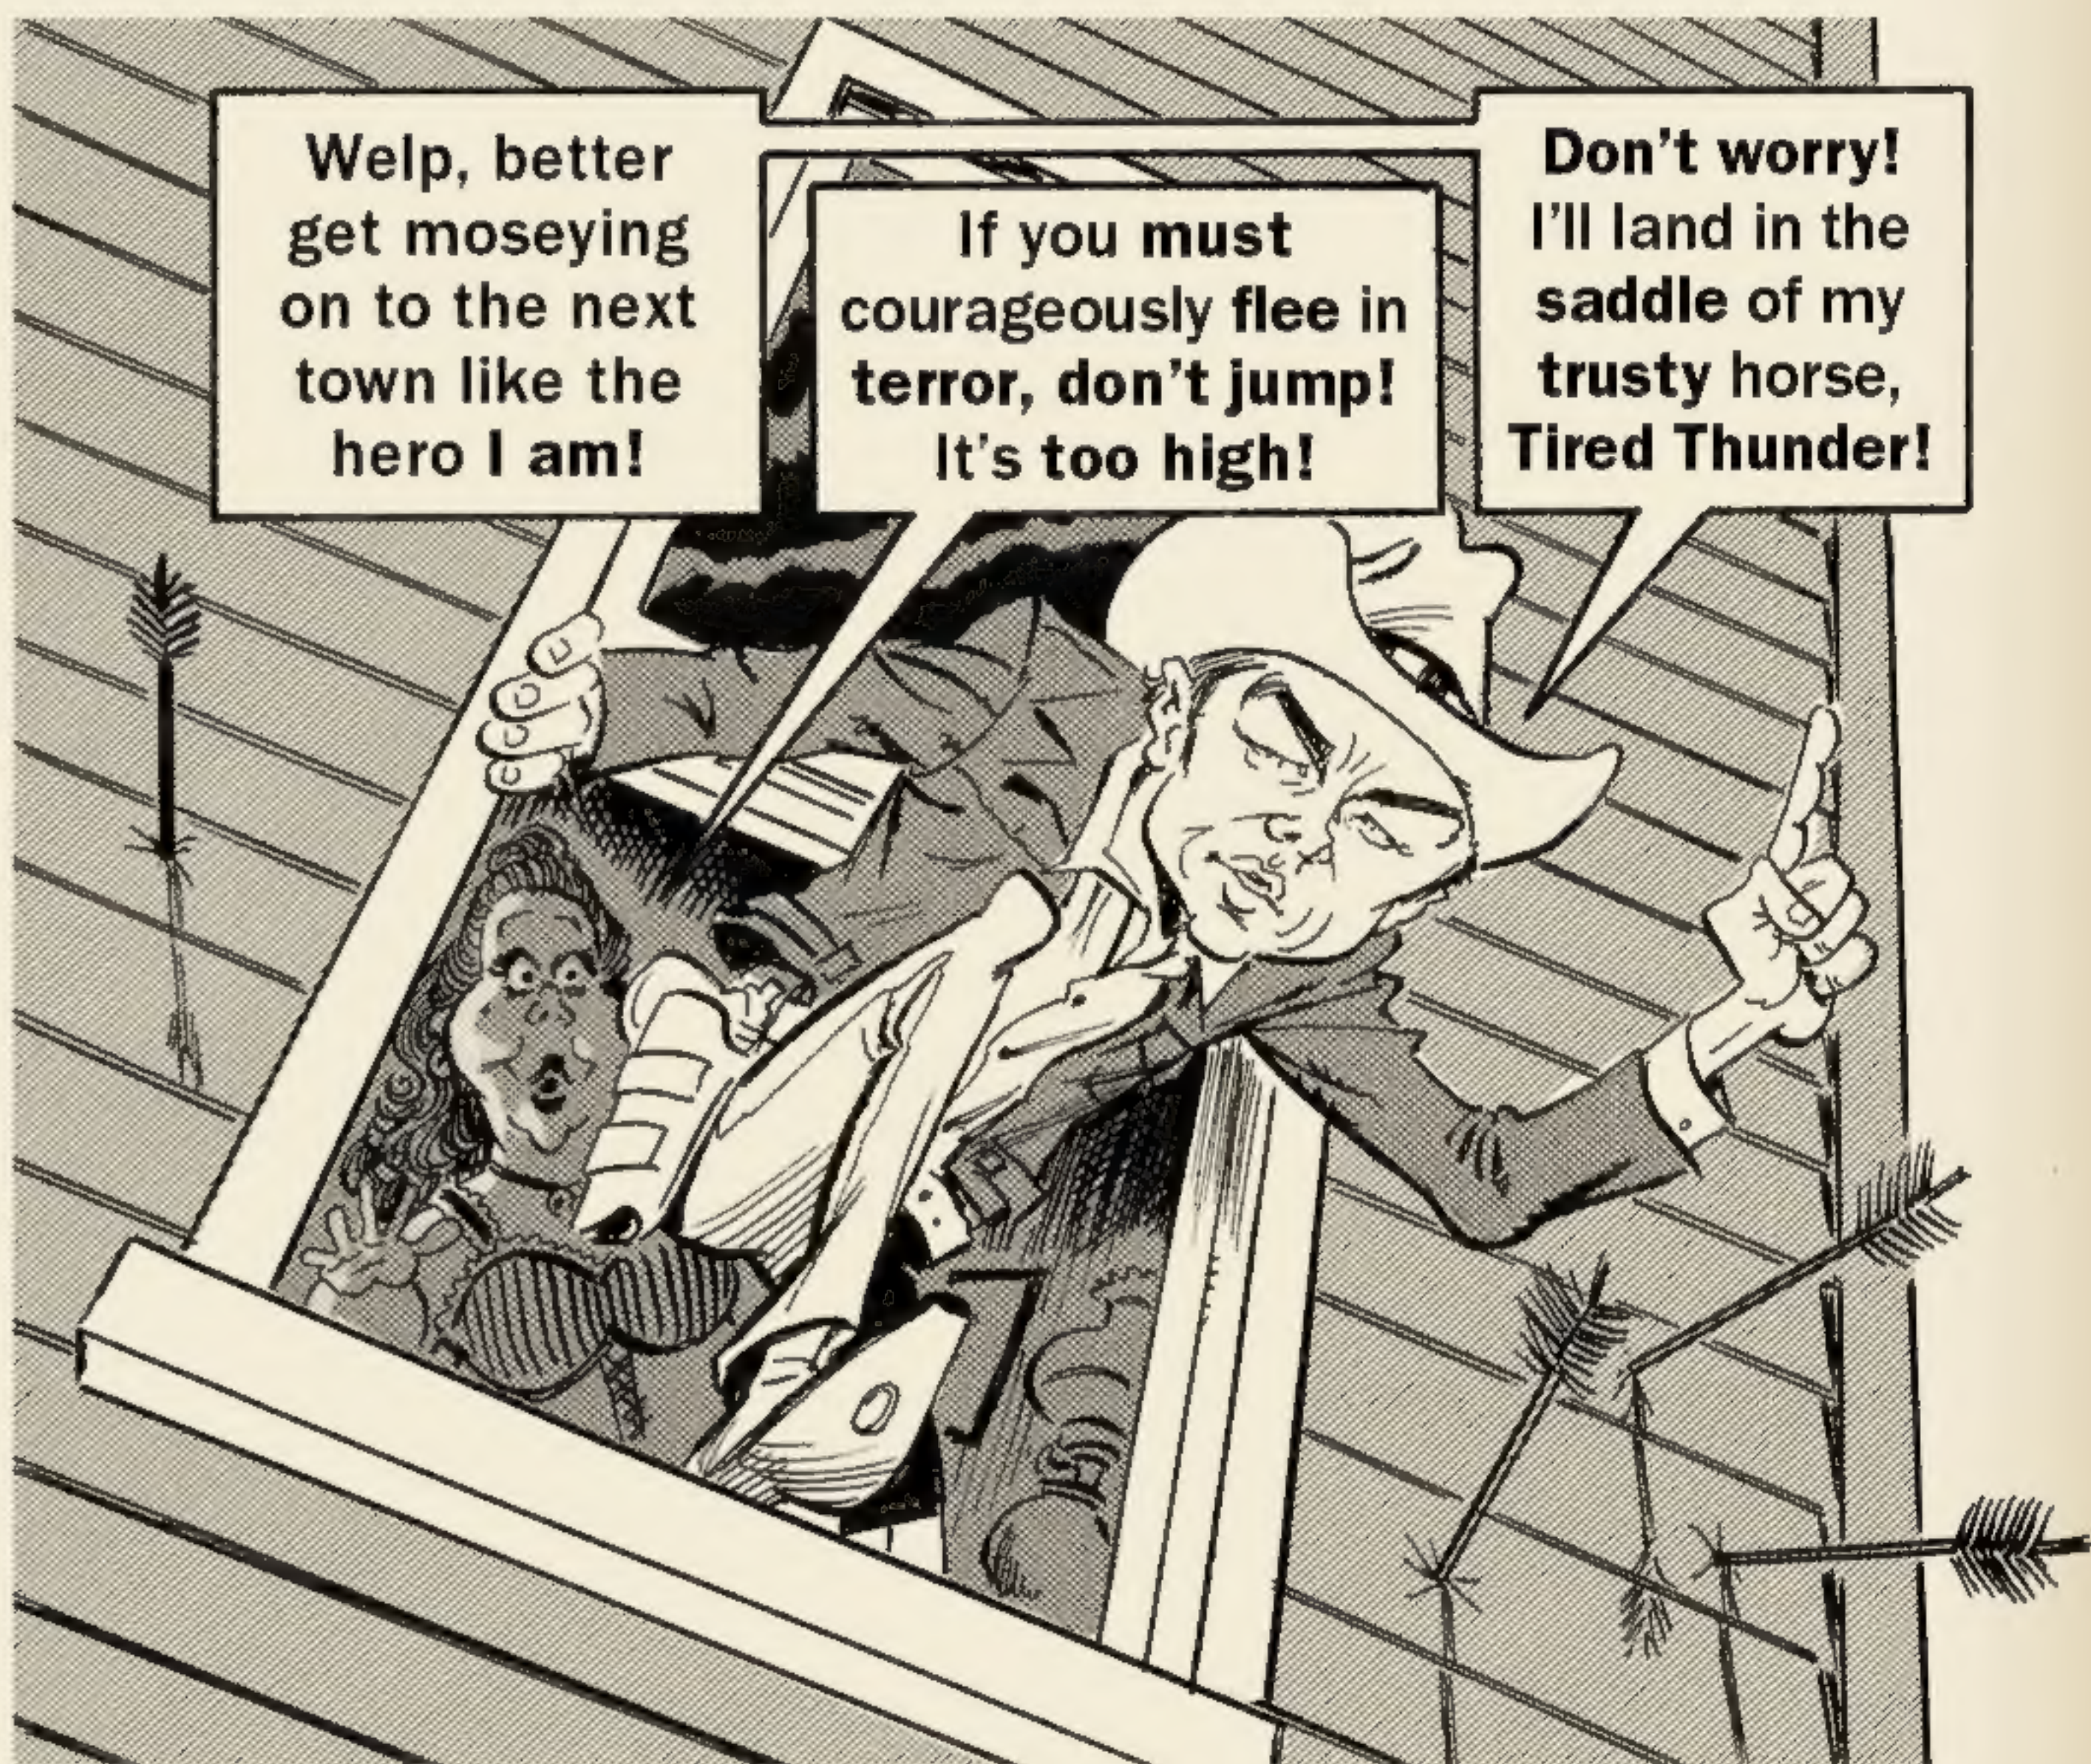

Naw, I shot 'em in the back in the middle of the night—but my boots are plenty creaky!

THE WISENHEIM MUSEUM

Over its notorious 66-year history, MAD has left its mark on (some might say scarred) generations of creative types! Here in The Wisenheim Museum, we invite those visionaries to pay tribute to (some might say get back at) the magazine that set them on their creative (some might say degenerate) course!

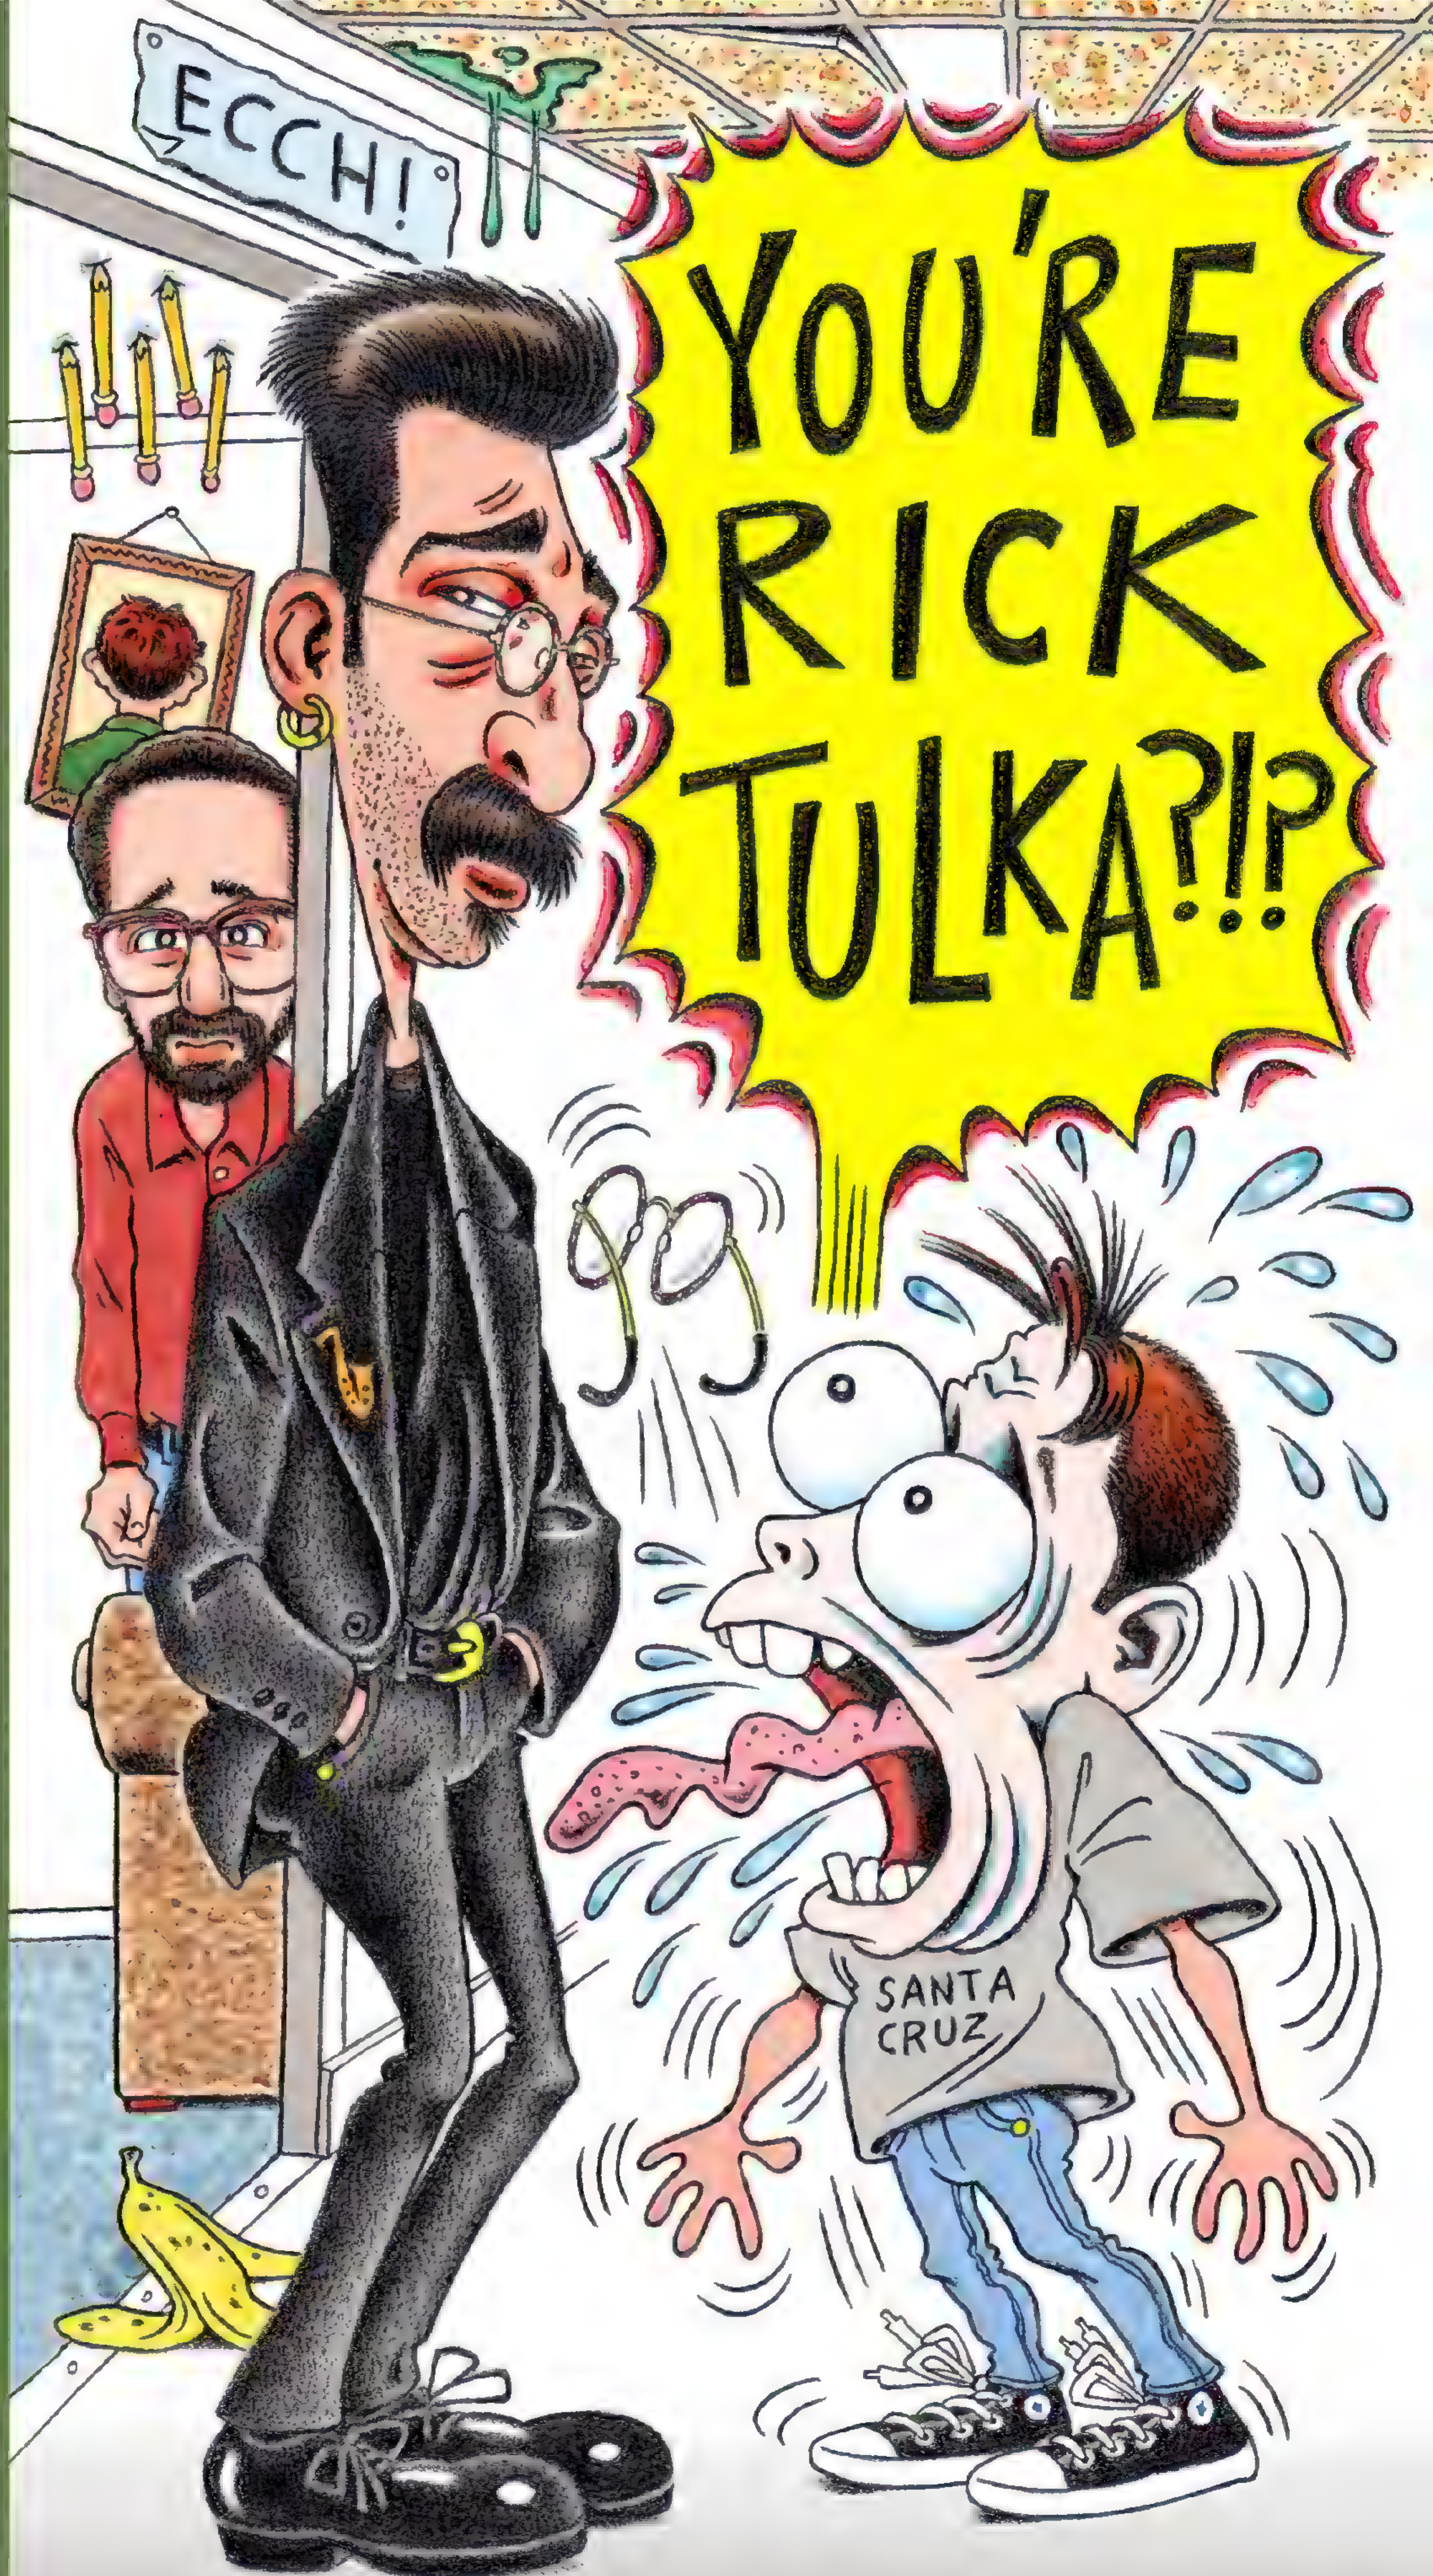

BECOMING ONE OF THE USUAL GANG OF IDIOTS

by RICK TULKA

I grew up reading MAD, but to be honest, I just looked at the pictures. Those wonderful, wacky pictures! MAD's insanity melted my brain and shaped my sense of humor. As a kid, I never in my wildest dreams imagined that I'd work for them for over 30 years! I got to meet and know my childhood idols: George Woodbridge, Mort Drucker, Al Jaffee, Bob Clarke, Sergio Aragonés, Paul Coker, Angelo Torres, Jack Davis, and Dave Berg! The original Usual Gang of Idiots! Legends! At first it was a bit intimidating. One doesn't just join this "Gang." But I officially felt like an "Idiot" in 1992, after four years at MAD. I was hanging out in co-editor John Ficarra's office when we heard visitors in the hallway. It was a 12-year-old kid and his mother getting a tour of MAD's office. They were introduced to John, and then John casually gestured to me and said, "This is Rick Tulka." Then the kid didn't look very well. His eyes tripled in size, he got kind of pale, and he yelled in astonishment, "YOU'RE RICK TULKA?!" It was the first time anything like that had happened to me. It's been downhill ever since...

For over 40 years, Rick Tulka's caricatures and humorous illustrations have appeared in numerous American and European magazines, newspapers, and books. He and his wife, Brenda—both originally New Yorkers—now happily live in Paris, France.

THE GREAT TRUMP BESTIARY

WRITER DAVID SEIDMAN

ARTIST LEONARDO RODRIGUEZ

THE TRUMP

The Trump says he's a mighty bear
Who frightens all he meets.
He'll try to awe you with his roars,
And yet they're only tweets.
He may not be a bear at all,
He's not that strong and potent.
Is he a scary predator
Or just a bloated rodent?

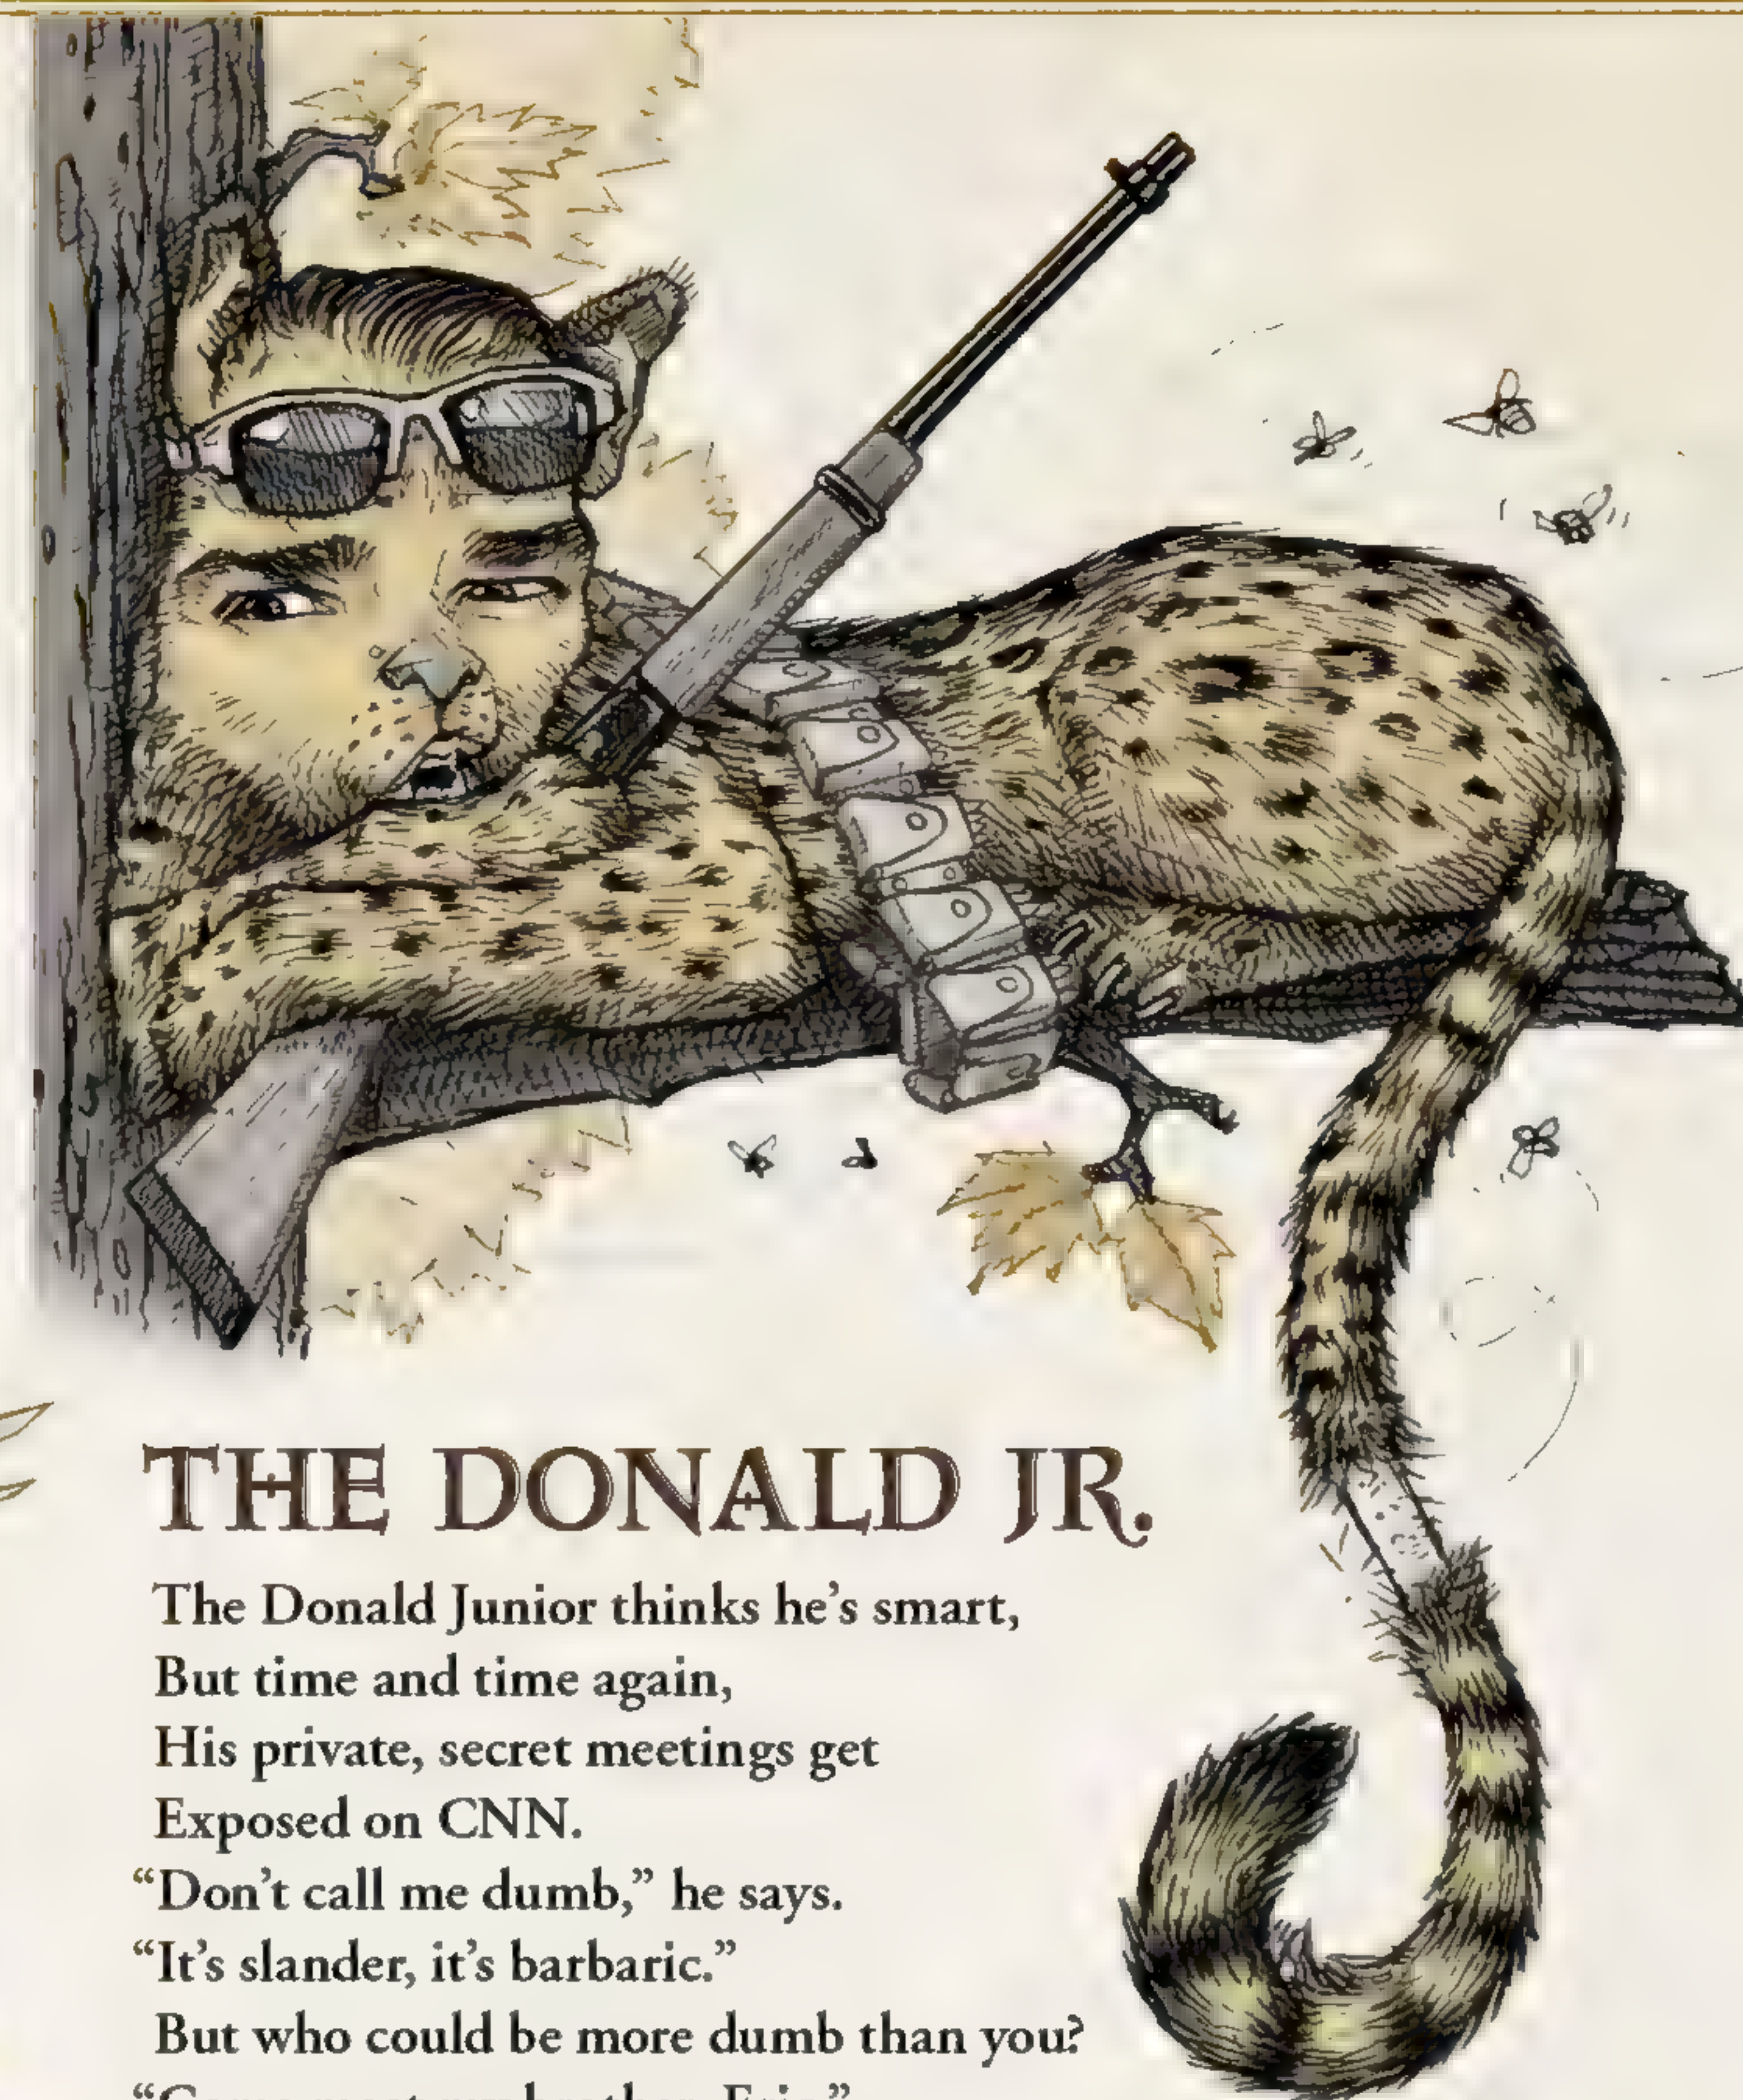

THE IVANKA

The beautiful Ivanka flies
Above the world with grace,
And when the world looks up to her,
She poops right in its face.
And yet the Trump won't scold the girl
Or look at her askance.
He'll never risk his hope and dream:
To get inside her pants.

THE DONALD JR.

The Donald Junior thinks he's smart,
But time and time again,
His private, secret meetings get
Exposed on CNN.
"Don't call me dumb," he says.
"It's slander, it's barbaric."
But who could be more dumb than you?
"Come meet my brother, Eric."

THE HUCKABEE

Most other bees spread pollen to
Raise flowers for your vase;
The Huckabee will only raise
An eyebrow on her face.
And other bees make honey, but
The Huckabee is full
Of stuff that often drops out from
The hind end of a bull.

THE PENCE

The pious Pence says, "God demands
That women's rights be few.
But God's no sexist; he believes
Gay men should suffer, too."
The Pence means everything he says,
But some have asked, "Does he
Spell God's name J-E-S-U-S
Or T-R-U-M-P?"

THE KUSHNER

"I love this beast," the Trump declares.
"I'll give him lots to do.
I'll give him half the world and then
Toss in my daughter, too.
He's just a dumb, entitled brat,
Inept as he can be.
So why do I adore him so?
Because he's just like me!"

THE STAMPEDE

The Trump has lost a herd of beasts
That he once called his own,
Like Christie, Comey, Haley, Flynn,
Hope Hicks and Gary Cohn.
Their critics say, "Ya shoulda known
The Trump was gonna con ya."
Who's going next? Though no one's sure,
Our money's on Melania.

A cartoon illustration of a woman with a large, joyful expression, wearing a green turban, a green coat over a blue dress, and a pearl necklace. She is holding a vintage-style microphone in her right hand and gesturing with her left. To her right is a small round wooden table with a bottle of beer and a cup. The background is a red wall with a white starburst. The overall style is a colorful, exaggerated cartoon.

A caricature of a man with a large nose and wide eyes, smiling broadly, wearing a blue shirt and tie.

Hey, Lenny, I'm the future ghost of **Joan Rivers**! Not that I look like a **ghost**—this dress makes me look too alive to be on *Fashion Police*! Some say this series is a thinly veiled version of **my** early career. They've got the sets right, the costumes right, the music right—what they don't have right are **facts**! Women comics back then had it **tough**—where's the sexual harassment, the casting couches, the glass ceilings? This show is so **inaccurate**, it should be on the **History Channel**!

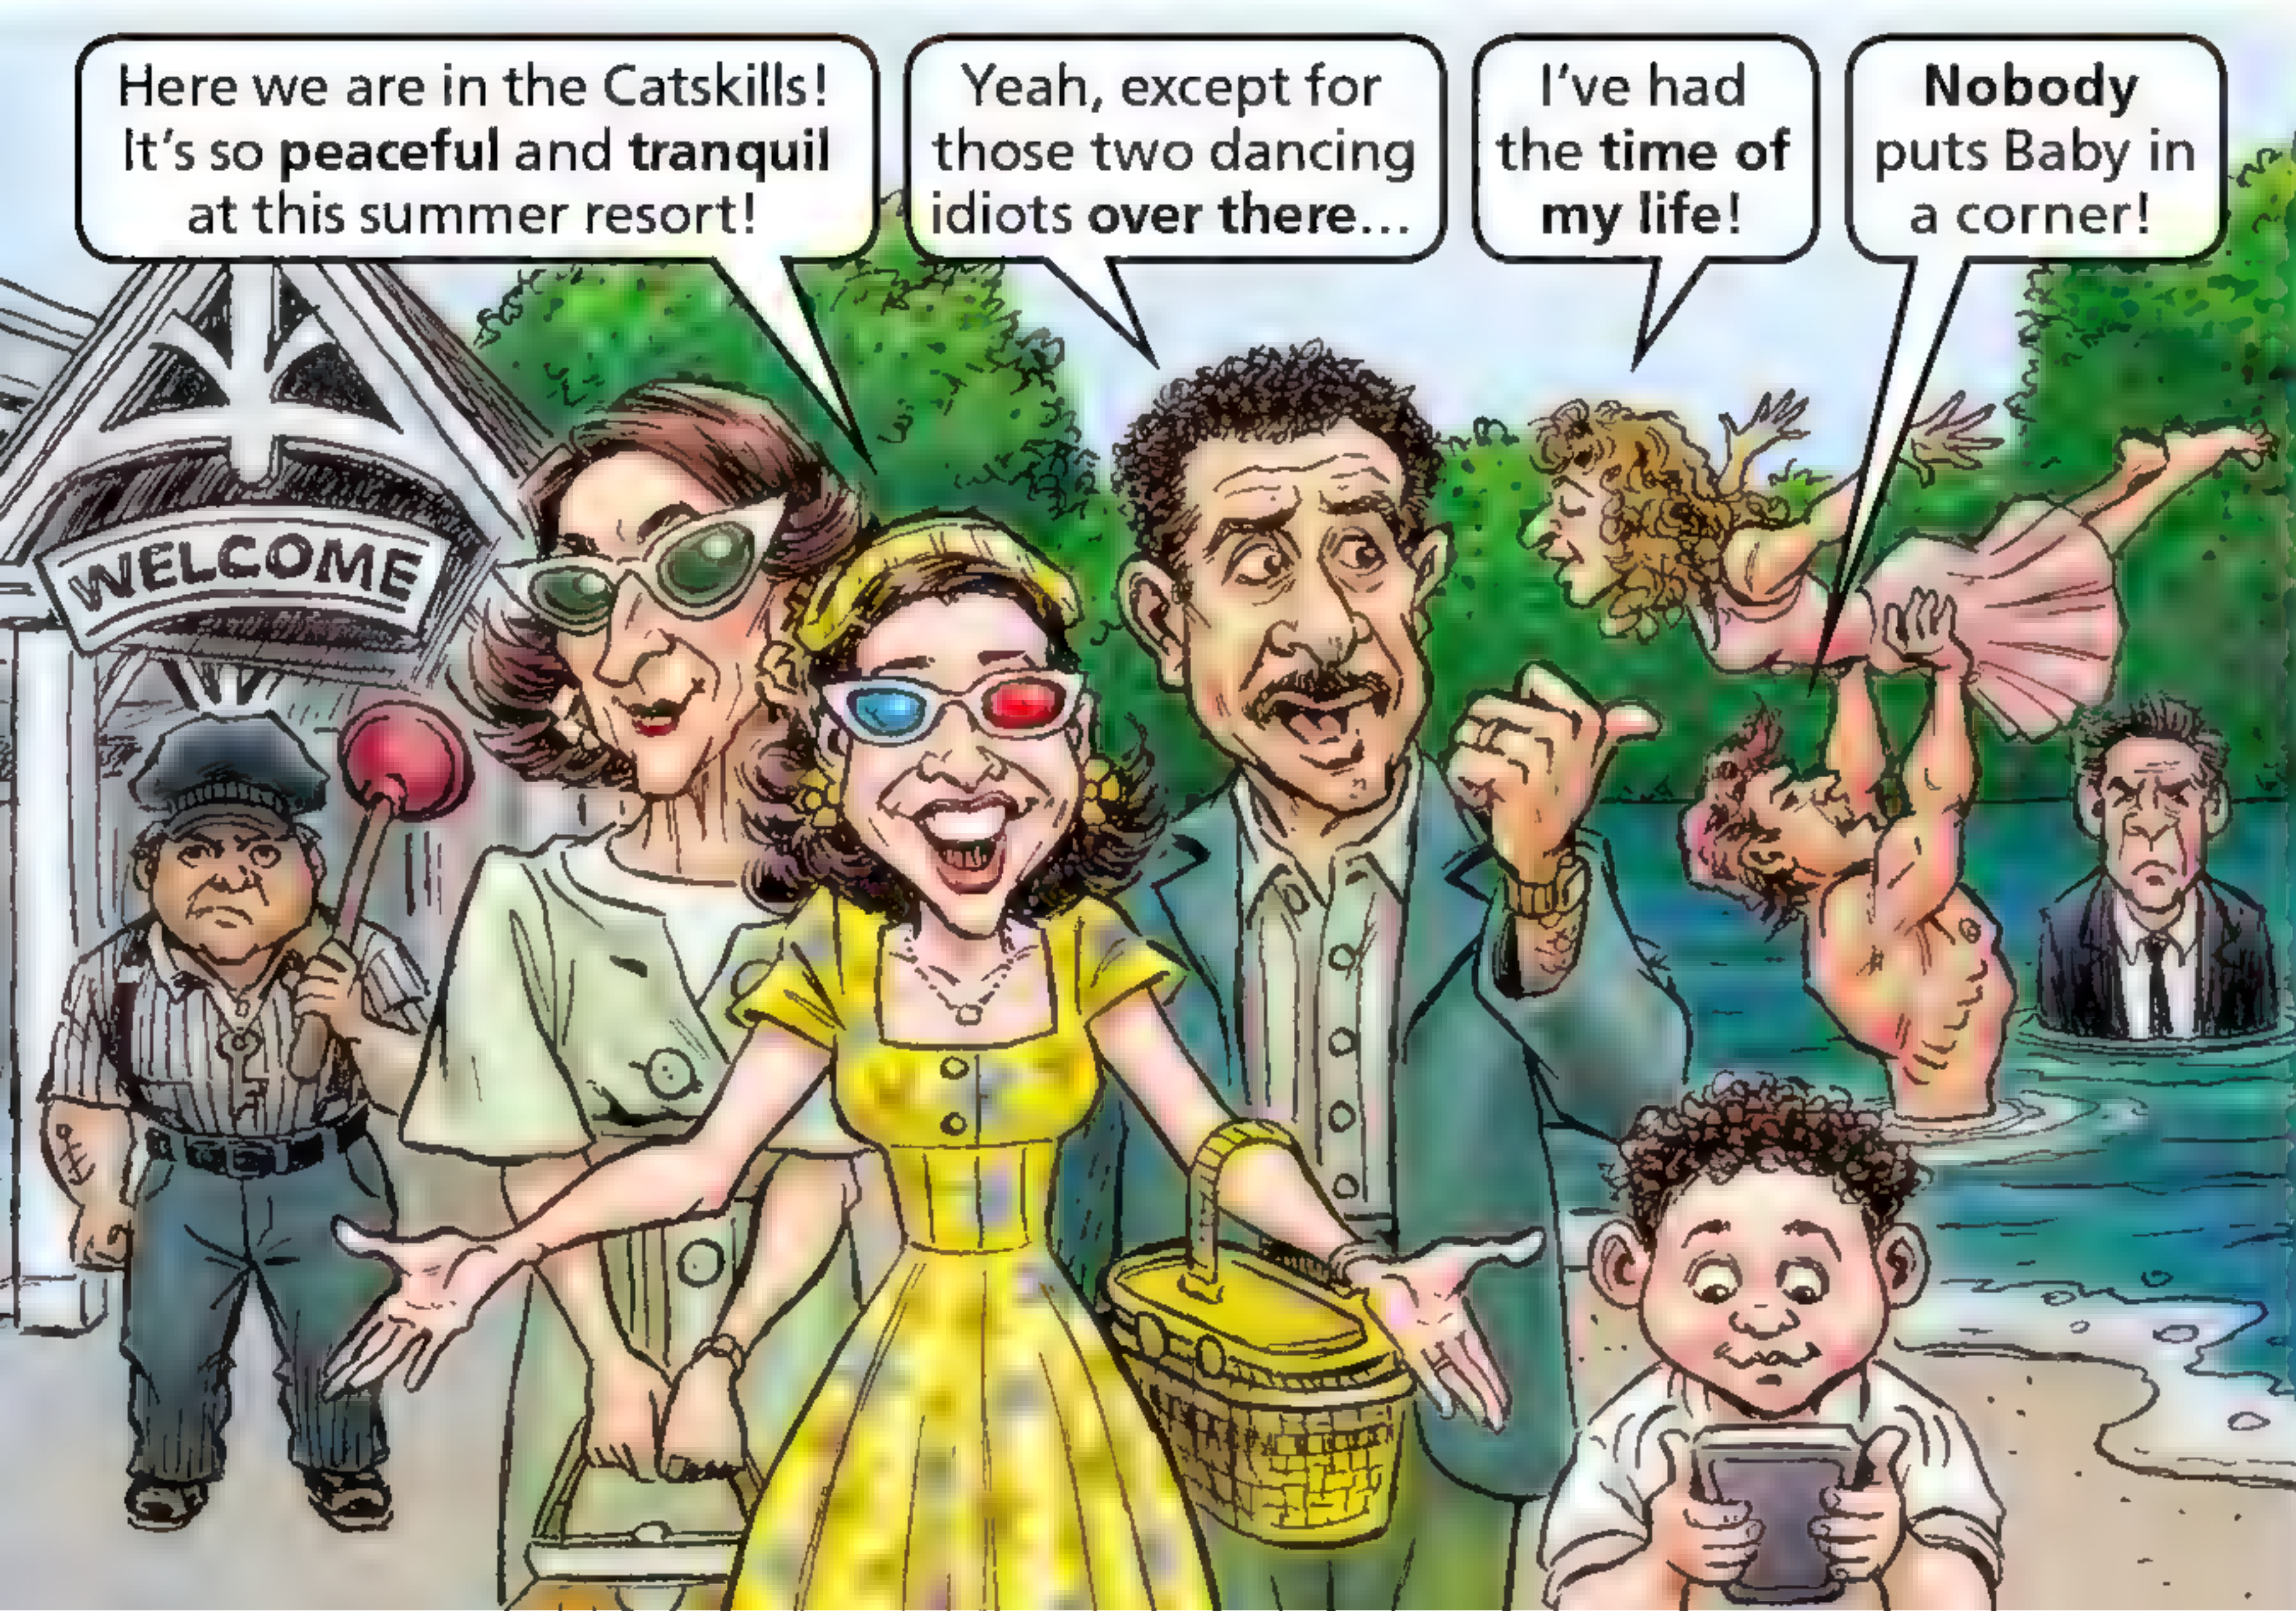

You said it, Joan! I'm **Lenny Bruce**! I used language on stage that got me arrested, put on trial, and **banned** from clubs—for real! But on this show, Smidge uses the **same** dirty language and has **nothing** but **success**! She's driving me to the point where I may consider using **drugs**!

Mr. Taken's Wild Ride

We've made this "dark ride" even **darker!** You'll get to relive Liam Neeson's journey through two-dimensional **sets** to murder equally two-dimensional **characters!** Finally, a ride that combines the fun of traffic accidents with the wackiness of **human trafficking!**

Ma, I had no idea that chipmunks could get so vicious. I guess rabies really can make you crazy-violent. You better hurry—but, I should probably get some french fries or a bacon burger in me so I don't pass out.

Remember, bear spray can be used for other nuisances.

Now who's telling Mom that I wasn't the victim of a rabid chipmunk?!

Get a free pass from tent sleeping by mastering your gas.

For God's sake, go sleep in the car! I think those farts are destroying wildlife!

SORRY, Dad, I guess trout doesn't agree with me.

Get creative with your poop graves.

During scary stories 'round the campfire, one-up everyone by inviting the creepiest camper you can find.

So, we followed Ma's wishes an' kep' 'er in the shed till the ground thawed up enough to plant 'er. Weren't long after that the goddam Troopers come sniffin' around axin was that sheets a' skin hanging on the clothesline... some people can't mine their own damn business.

Shall I swipe thee now to the right, Miss Thing?
Thy yoga pants a promise tautly made:
Commitment that I share to fitnessing,
Thy summer lease on jogging full displayed;

Lo! Sundress hot, thy second shot portrays
Nightlife, fashion, wine, and fine libations;
A low-cut buxom frock that cool conveys
Implicitly explic't invitations;

Upon thy final pic is chaste intent:
Livelihood derived through healthy eating;
A salad born of blessed time well spent;
Here the rightly swiping sees completing:

Wilt thou leave me cleft, vacant, and bereft?
You, to me, are right; am I, to you, left?

You've heard of the masked bat-like crime-fighter and his eight-decade war against the underworld. An imperishable character in the pages of countless DC comics, thanks to his bedside stash of retinol Batcream and the ability to reboot his franchise at the first sign of aging. And so, the champion you know never looks a day over 25. This story, however, is about a different man altogether. If the Caped Crusader were subject to the same laws of gravity even JLo must one day face, we'd have a DCU storyline asking...

The Inseparable, Insufferable Couple

Each day we receive dozens of letters from our readers, ranging from "barely legible" to "we should report this to the proper authorities."
And though most are doomed to be fed into the MAD intern's shredder, occasionally we stumble upon a perfect candidate for...

THE MADIFESTO

BURT'S BEES

Dear MAD,

My standing desk **definitely** gave me herpes. I consider myself a pretty reasonable guy with certain expectations as to how the world works: fire is hot, water is damp, and those new standing desks my boss Jeremy installed last week **shouldn't** rot my dang lips off my face. I guess life just has a way of throwing you a curveball from time to time.

"But, Douglas!" you might say, "You can't contract a disease from a desk! What a load of horse crap!" Well, first of all, ouch. And second, sure, I would agree, if it didn't actually **happen!**

Let's start from the top. I'm a creature of habit. Every morning at 6:44 AM, I dart out of bed and begin my daily routine:

6:56 AM: I drink my coffee from the same Garfield mug my uncle Martin gave me before he shipped off to Desert Storm. I haven't washed it since 1991, which is my way of honoring the troops. Never forget!

7:14 AM: As long as Spencer is done with the toothbrush, I'll brush my teeth. (It's my teeth's time to shine!) Spencer is my roommate. We're very mindful of the California drought, even though it's over and we don't live there anymore.

8:36 AM: I step outside, take my first breath of that crisp morning air, and French-kiss the mail man (like any good Sacramento boy).

8:53 AM: My bus picks me up for my short trip to work. Some of my fellow commuters read the paper, some listen to podcasts, but I'm content to just stare out the window and feel around under my seat. The bus is a great place to get free gum.

9:00 AM: I sit down at my desk, individually lick each of my fingers, and get to work.

It's all part of a daily routine that I **never** stray from. EVER! So when I get to do something new like email GIFs of small dogs in military uniforms to my coworkers **whilst standing**, I know where to point my wet finger when something goes screwy. And boy, did things go screwy: ever since my standing desk **definitely gave me herpes**, I've had to give up my regular volunteer shift at the local soup kitchen! (I ran the kissing booth.)

I've been trying to get the word out on this injustice, and I thought I'd try you, too. Sure, standing desks may "increase productivity," but it would be a hot load of **horse crap** to say I don't miss where I was two weeks ago, spinning around in my chair, chewing my bus gum, living it up herp-free.

Thank you for your time,

Netflix changed the way we watch movies. We **used** to watch them in a giant, dark room full of strangers, but **now** you can watch them from the comfort of your **house** full of strangers! Streaming services are already **pretty intuitive**, but our intuition tells us most people are **pretty stupid**. That's why we made this guide to...

NETFLECCHS!

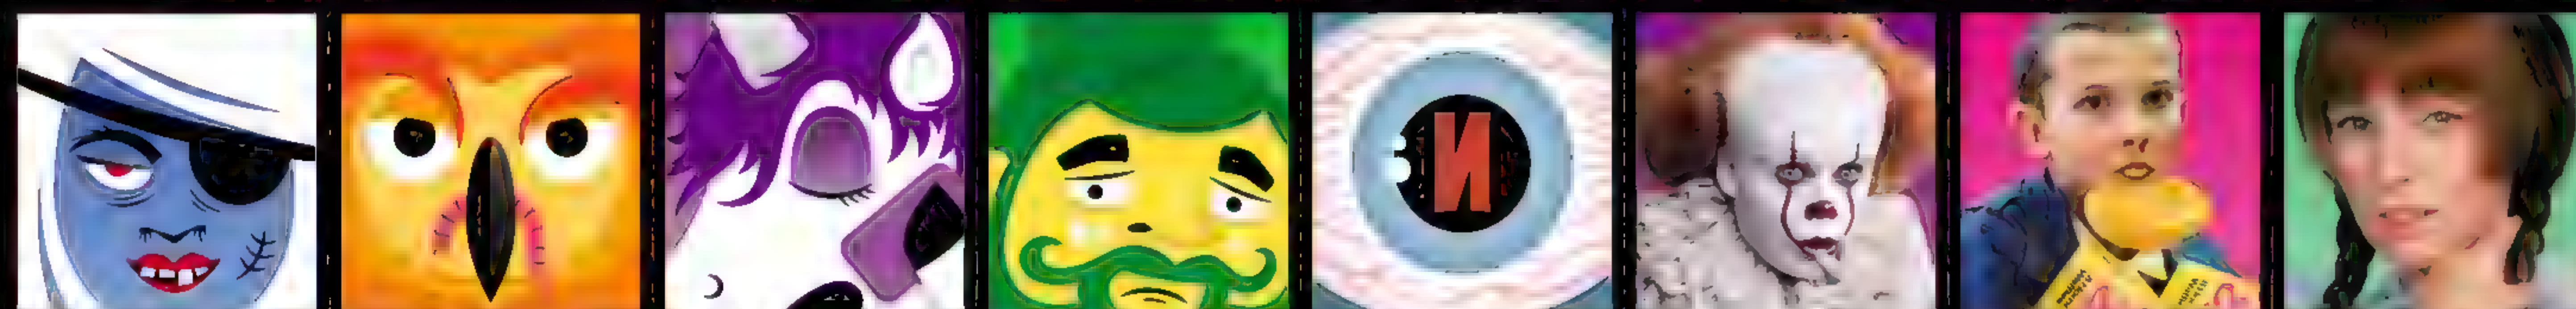

Hi, I'm your **Netflecchs** guide, **BINGEY!**

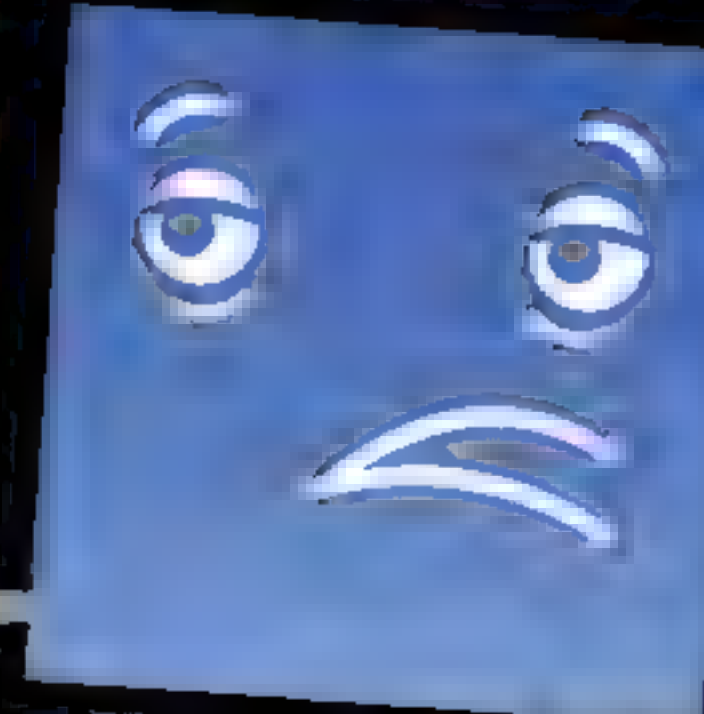

I'm going to show you how streaming services work, for those of you who were just thawed out of your **World War II cryocapsules**!

WRITER: **BLAINE CAPATCH**
ARTIST: **RYAN FLANDERS**

First you need to choose an icon—like me! You can make me look like **whatever you want**, so you don't accidentally click on the wrong account and learn about your family's interests. As long as it's on our list of Netflecchs-owned-or-designed graphics and intellectual properties! Let's see you do that on Amazon! Your move, **Bezos**! Try icons like these!

Next, spend a few hours changing me! I'm this, then I'm that, then I'm completely different, then I'm back to the first thing again! It's a great way to keep yourself from wasting hours watching television.

Now let's spend hours and hours watching television! We have everything...original programming, movies, original programming: did I mention we have **original programming**? Netflecchs has it all! Except that *one* show you really wanted to see. We don't have that. Why don't you ask your boyfriend, Amazon? Maybe Amazon has it.

Don't forget to check out our Netflecchs **comedy specials**! We have a new flavor of the month every day, because who has a month in this day and age?

Still me, **BINGEY!** You just decided the other icon wasn't working for you and spent another couple of hours changing me. **No worries!** You'll eventually notice **every category** highlights the **same shows**. So let's just search for the show you want! It's easy!*

*Your ease may vary.

Our search feature makes it easy to find what you **want** to watch, but that doesn't mean it will be easy to **watch** what you **find**. Just type a letter or two and our autofill will **slam** you with **every** show we have **except** the one you're looking for, which is probably *The Big Bang Theory*... that's on Amazon.

Blecch Mirror? Excellent choice! Everyone has already seen it, so now's your chance to catch up so you know what they're talking about instead of just **lying** and **nodding** like an **idiot**! It's an anthology series that asks the question: What if *The Twilight Zone* was a television show?

A teenager buys a haunted smartphone, only to discover it just had the last guy's SIM card in it. Must have gotten it on Amazon. Refurbished my ass, **BEZOS**.

Because you watched Blecch Mirror

It's **me** again, the **first** icon you picked! Now that you've done **multiple bong rips** and watched **hours of unsettling television**, you're in a **weakened mental state** and open to **bad suggestions**. Our algorithms tell you what kind of person we think you are, and as you can **imagine**, it's about as flattering as a picture of you on the toilet in Vegas!

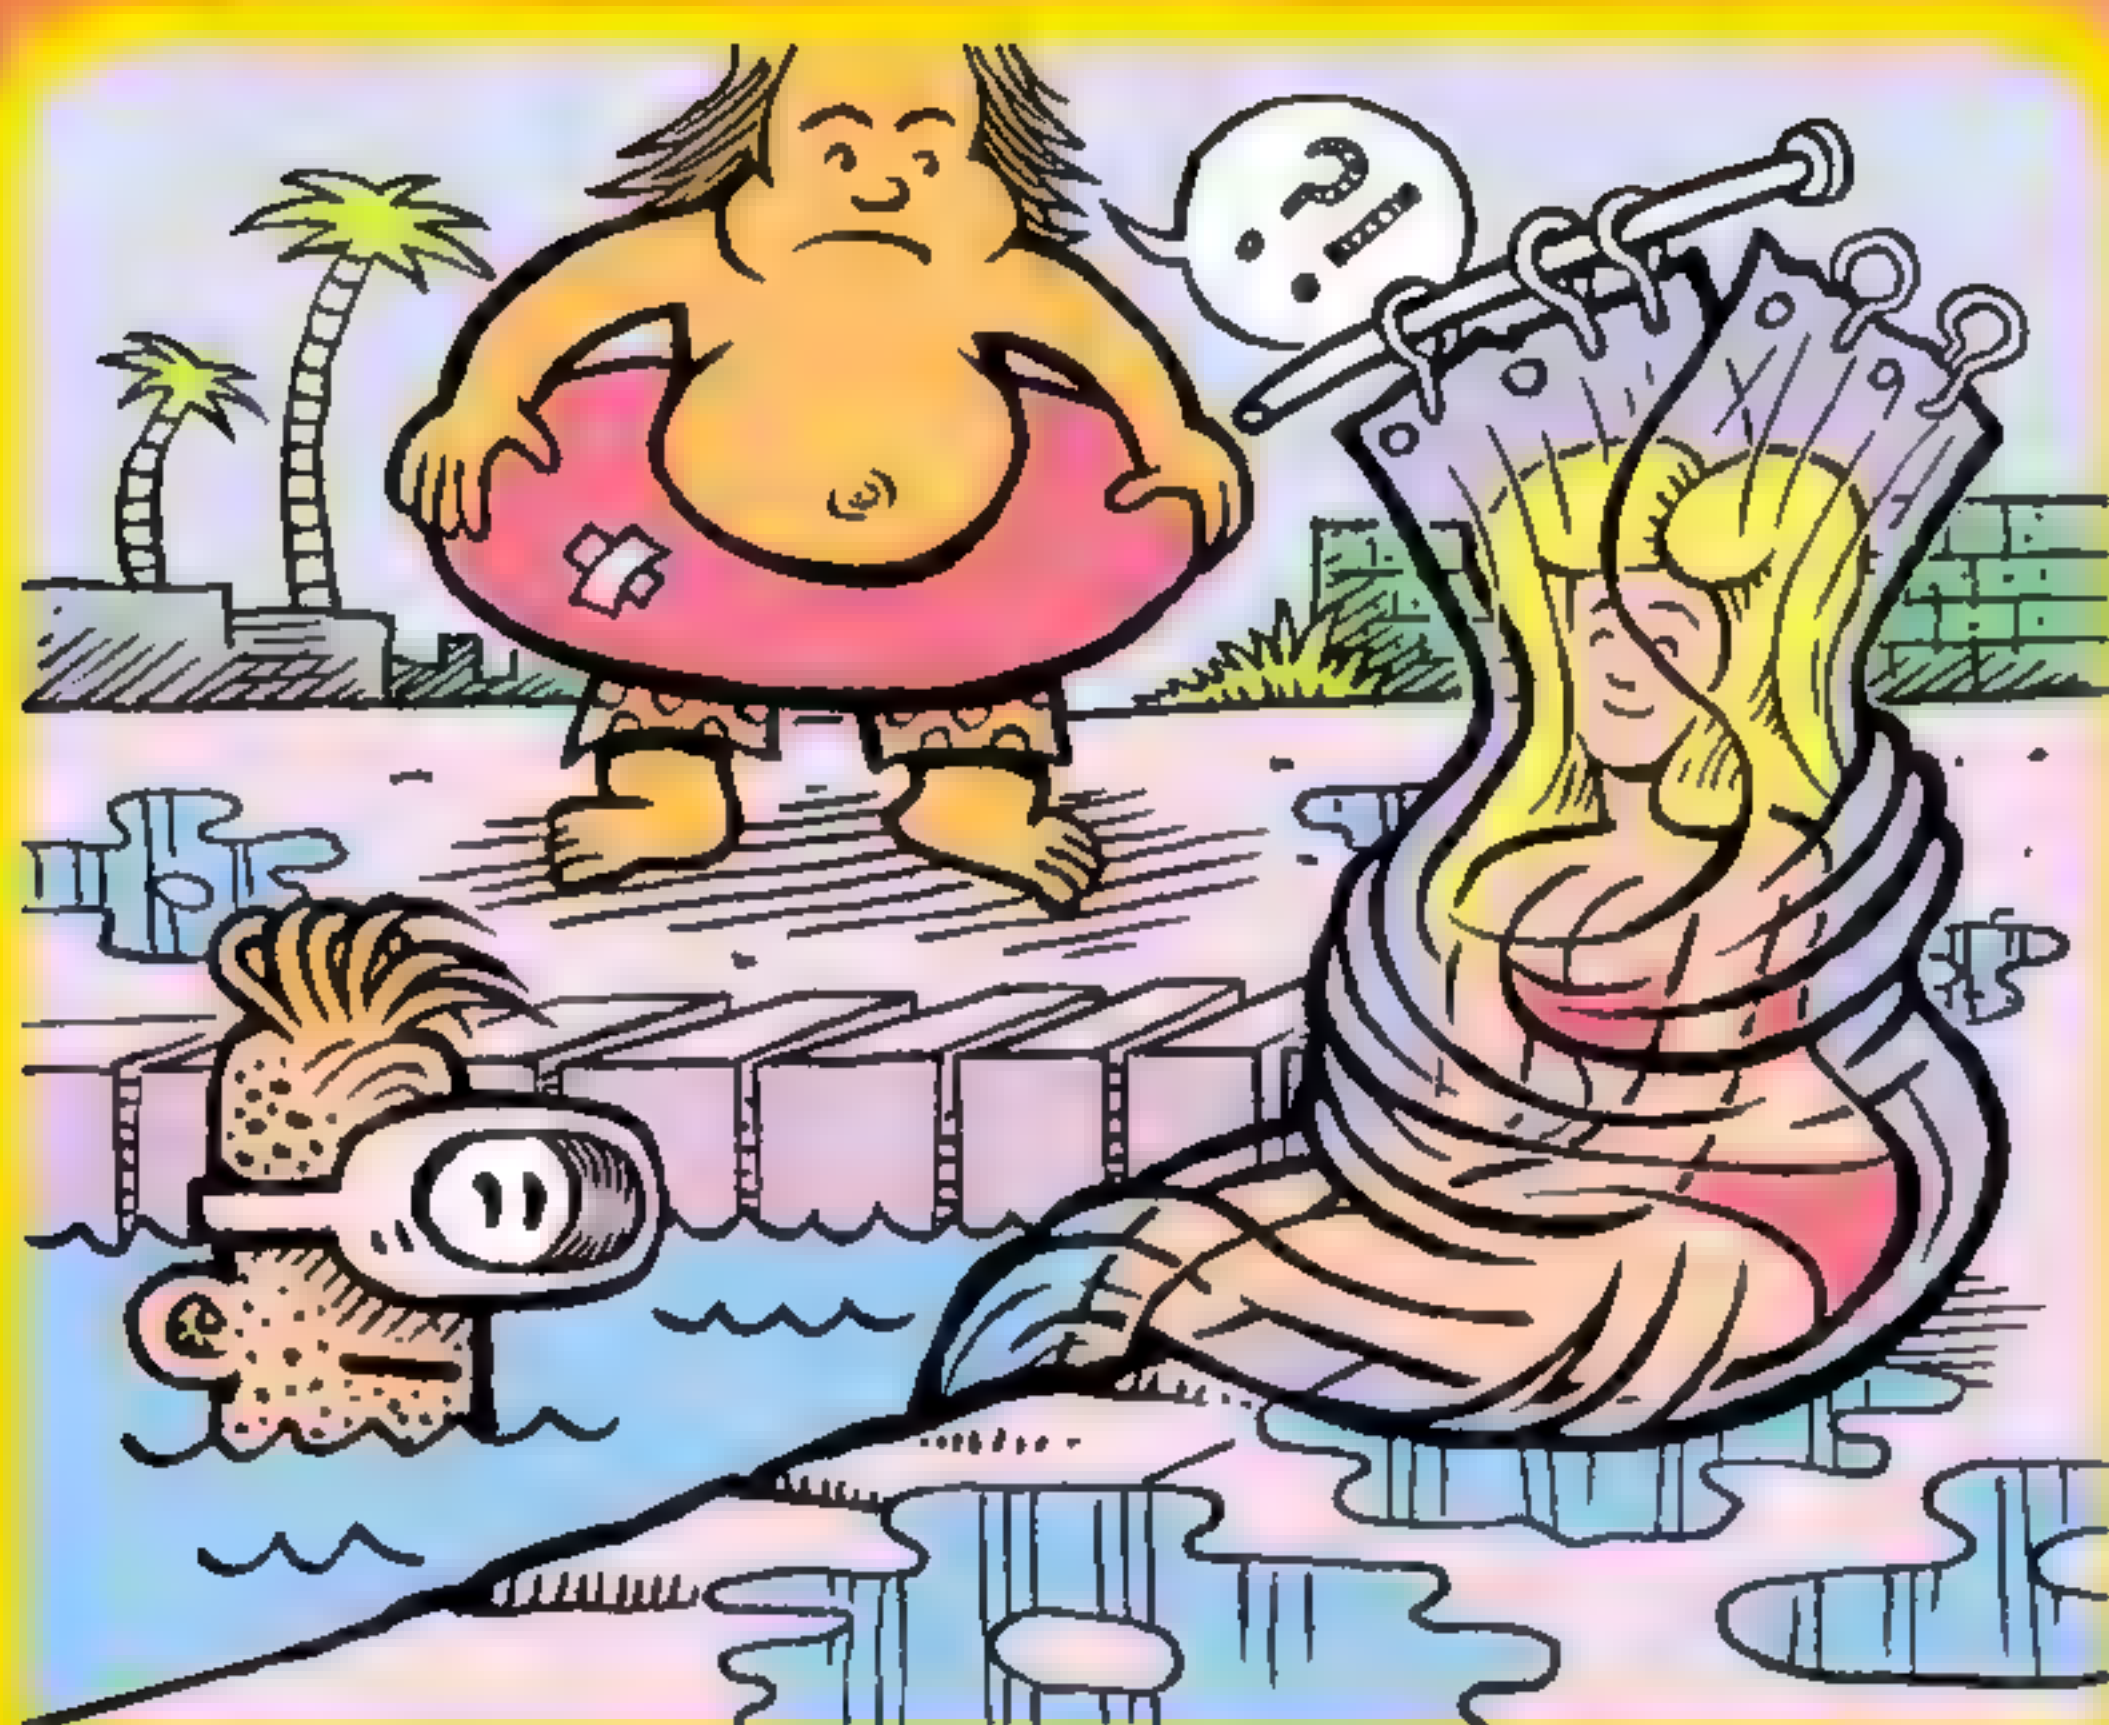

Welp, that's pretty much all you need to know about navigating **Netflecchs**! If you have any questions, visit netflecchs.iamamoron/inexorablemarchoftime or just hand your remote to your kid. Or maybe you should go outside and try to remember what Seattle was like **before** that craven monster **Jeff Bezos** ruined it. Thanks for subscribing to Netflecchs! See you in hell, **Jeff**!

You're slathered in sunscreen, the cat has free reign of the house, and the car's as loaded as Mommy. If you hope to thrive (read: stay alive) on this family trip, read this nifty how-to from the humor magazine you most associate with vacations:

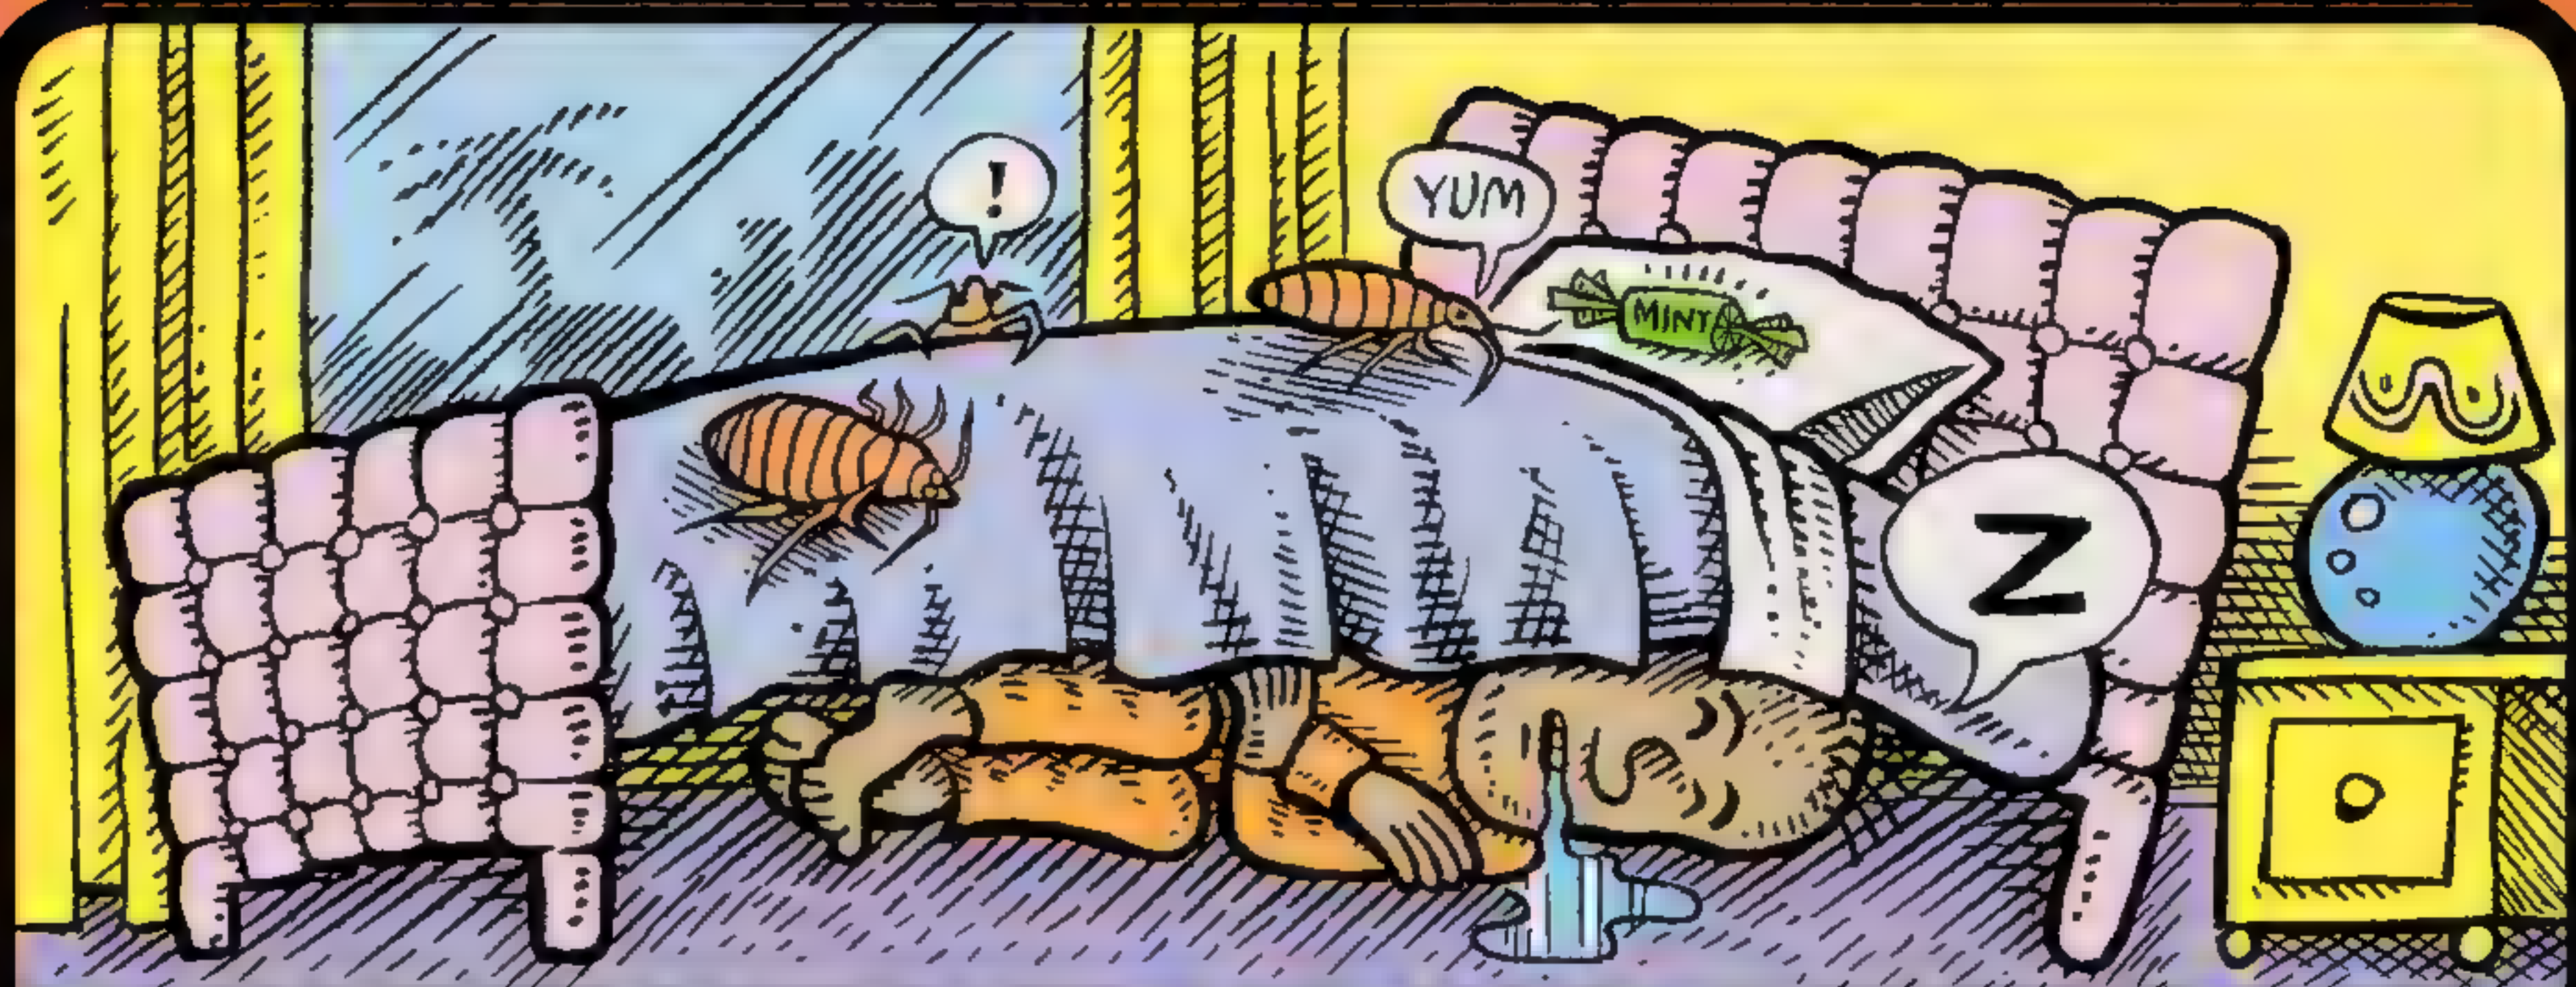

~~NATIONAL
LAMPHOON'S~~

MAD's How to Stay Safe on Summer Vacation!

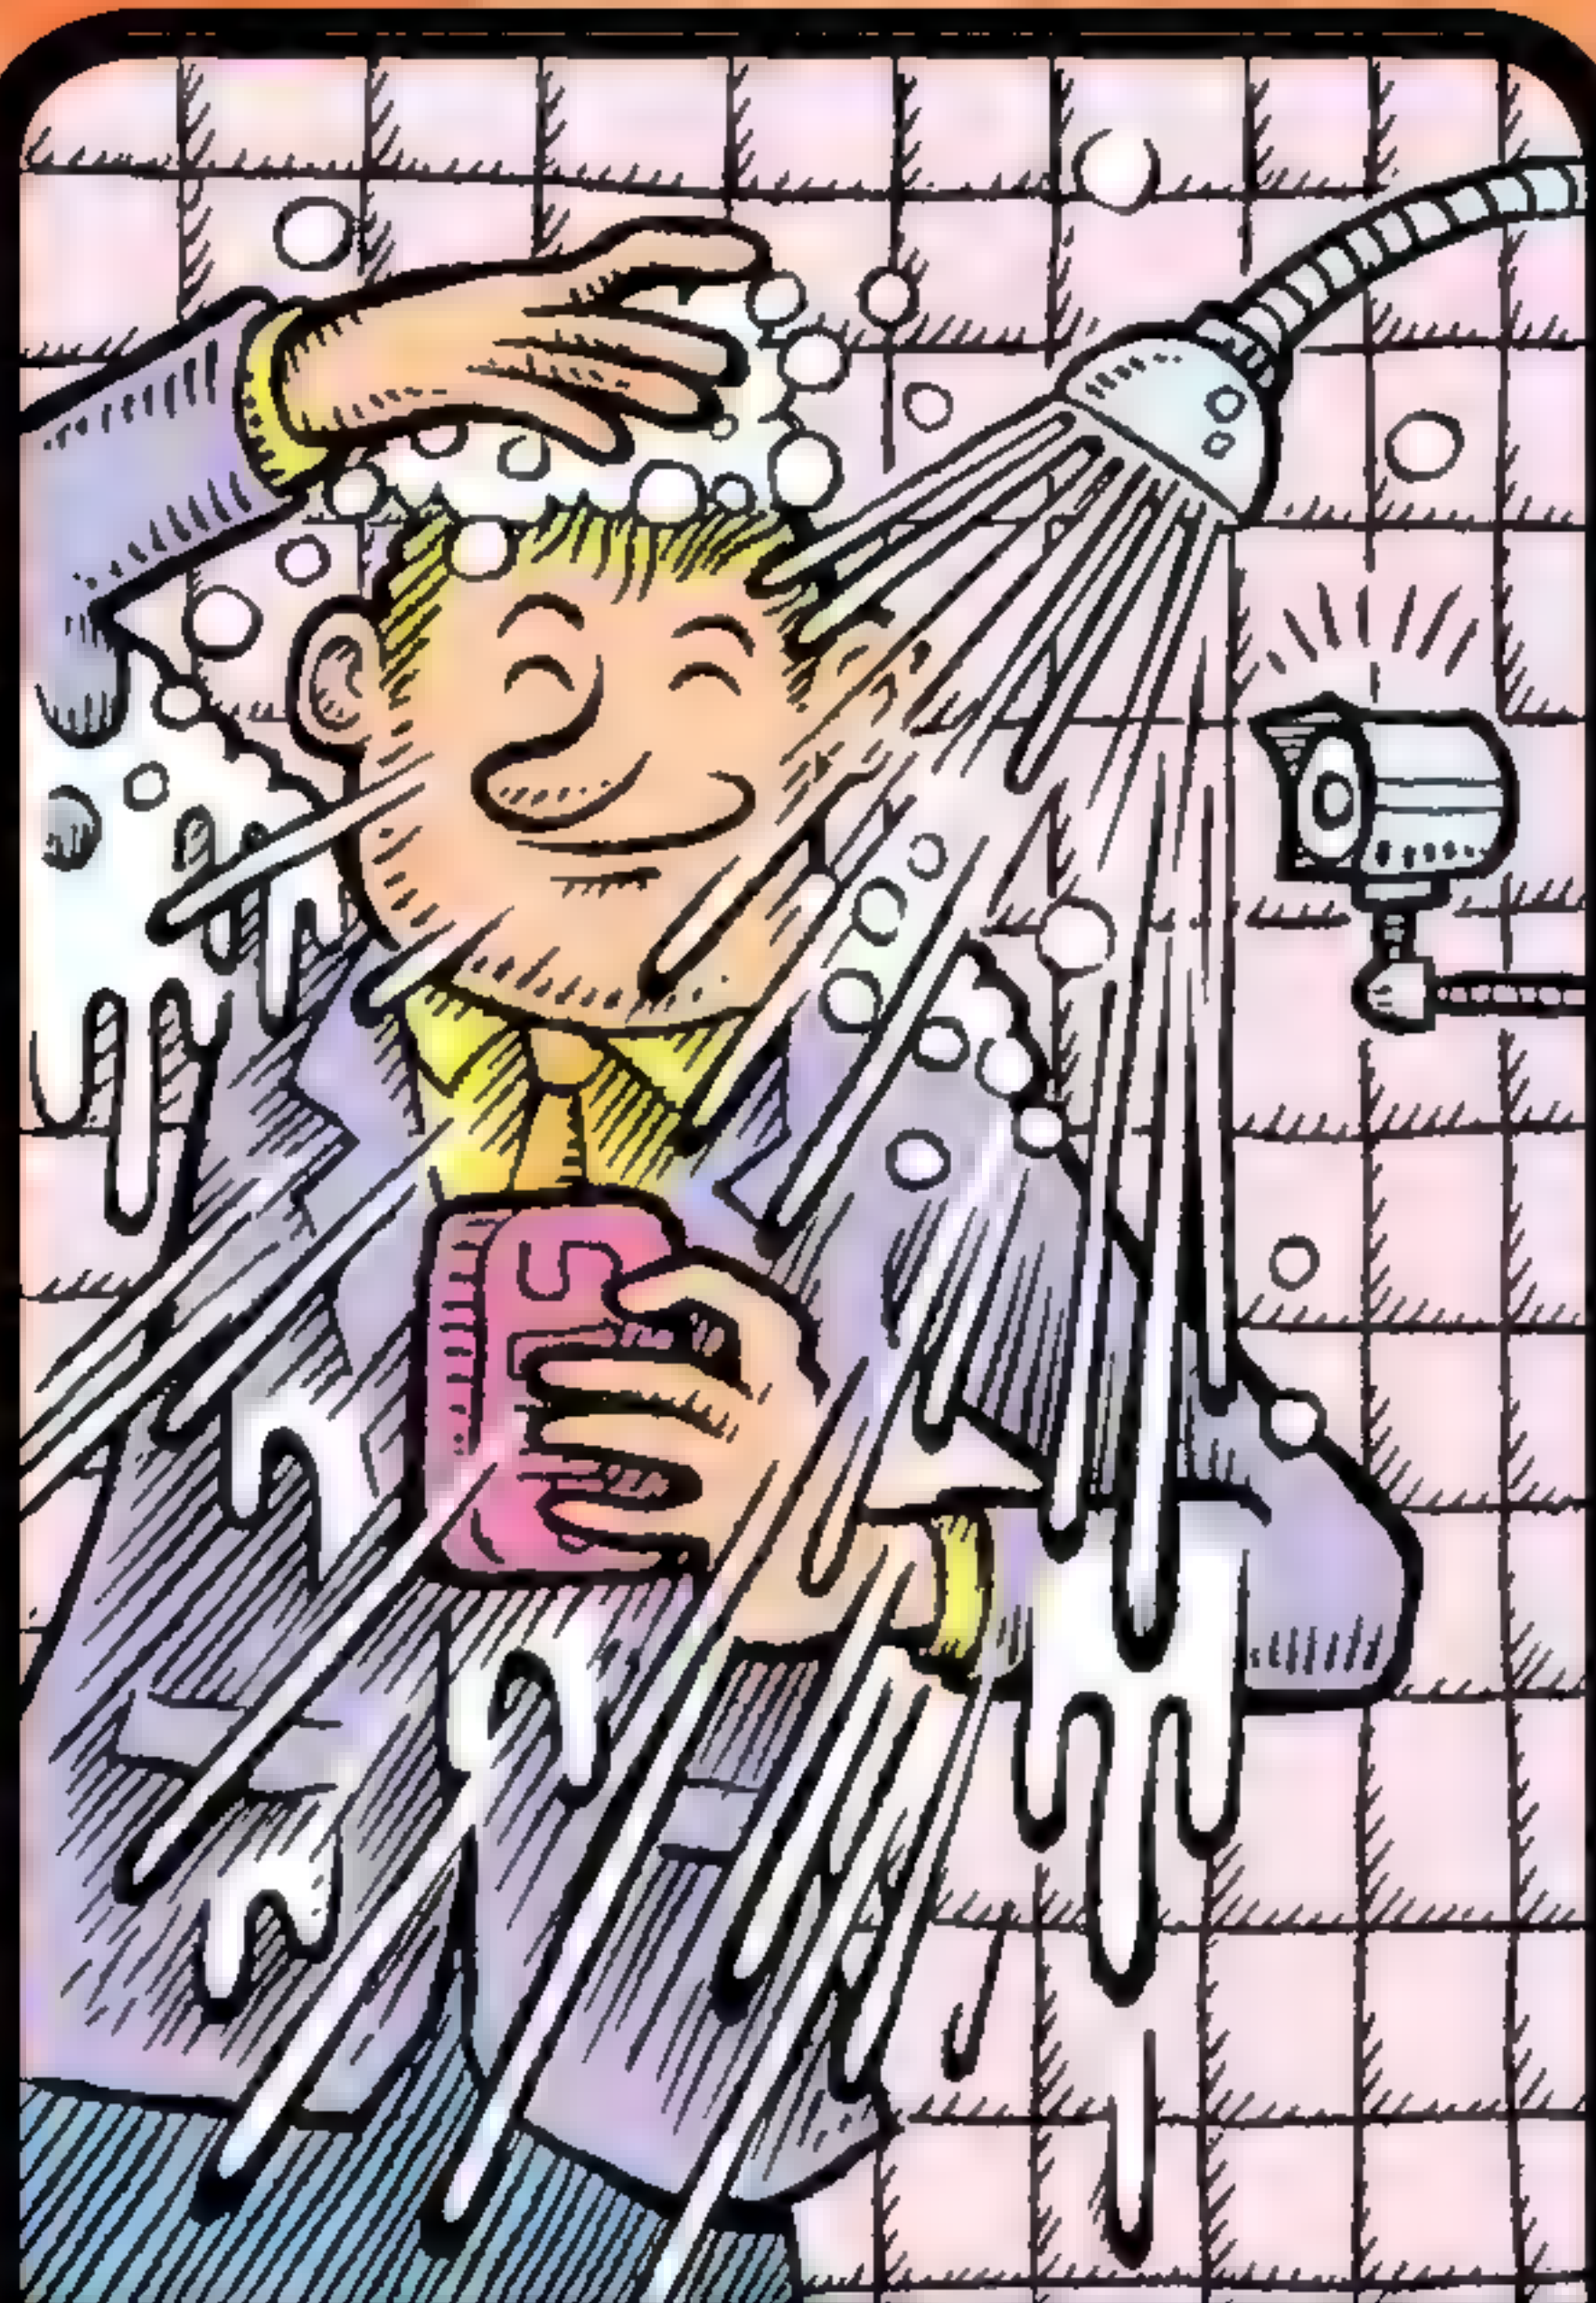

Use Protection in the Pool

Don't even think about taking a dip without slipping into your makeshift sterile body condom. You'll thank us later.

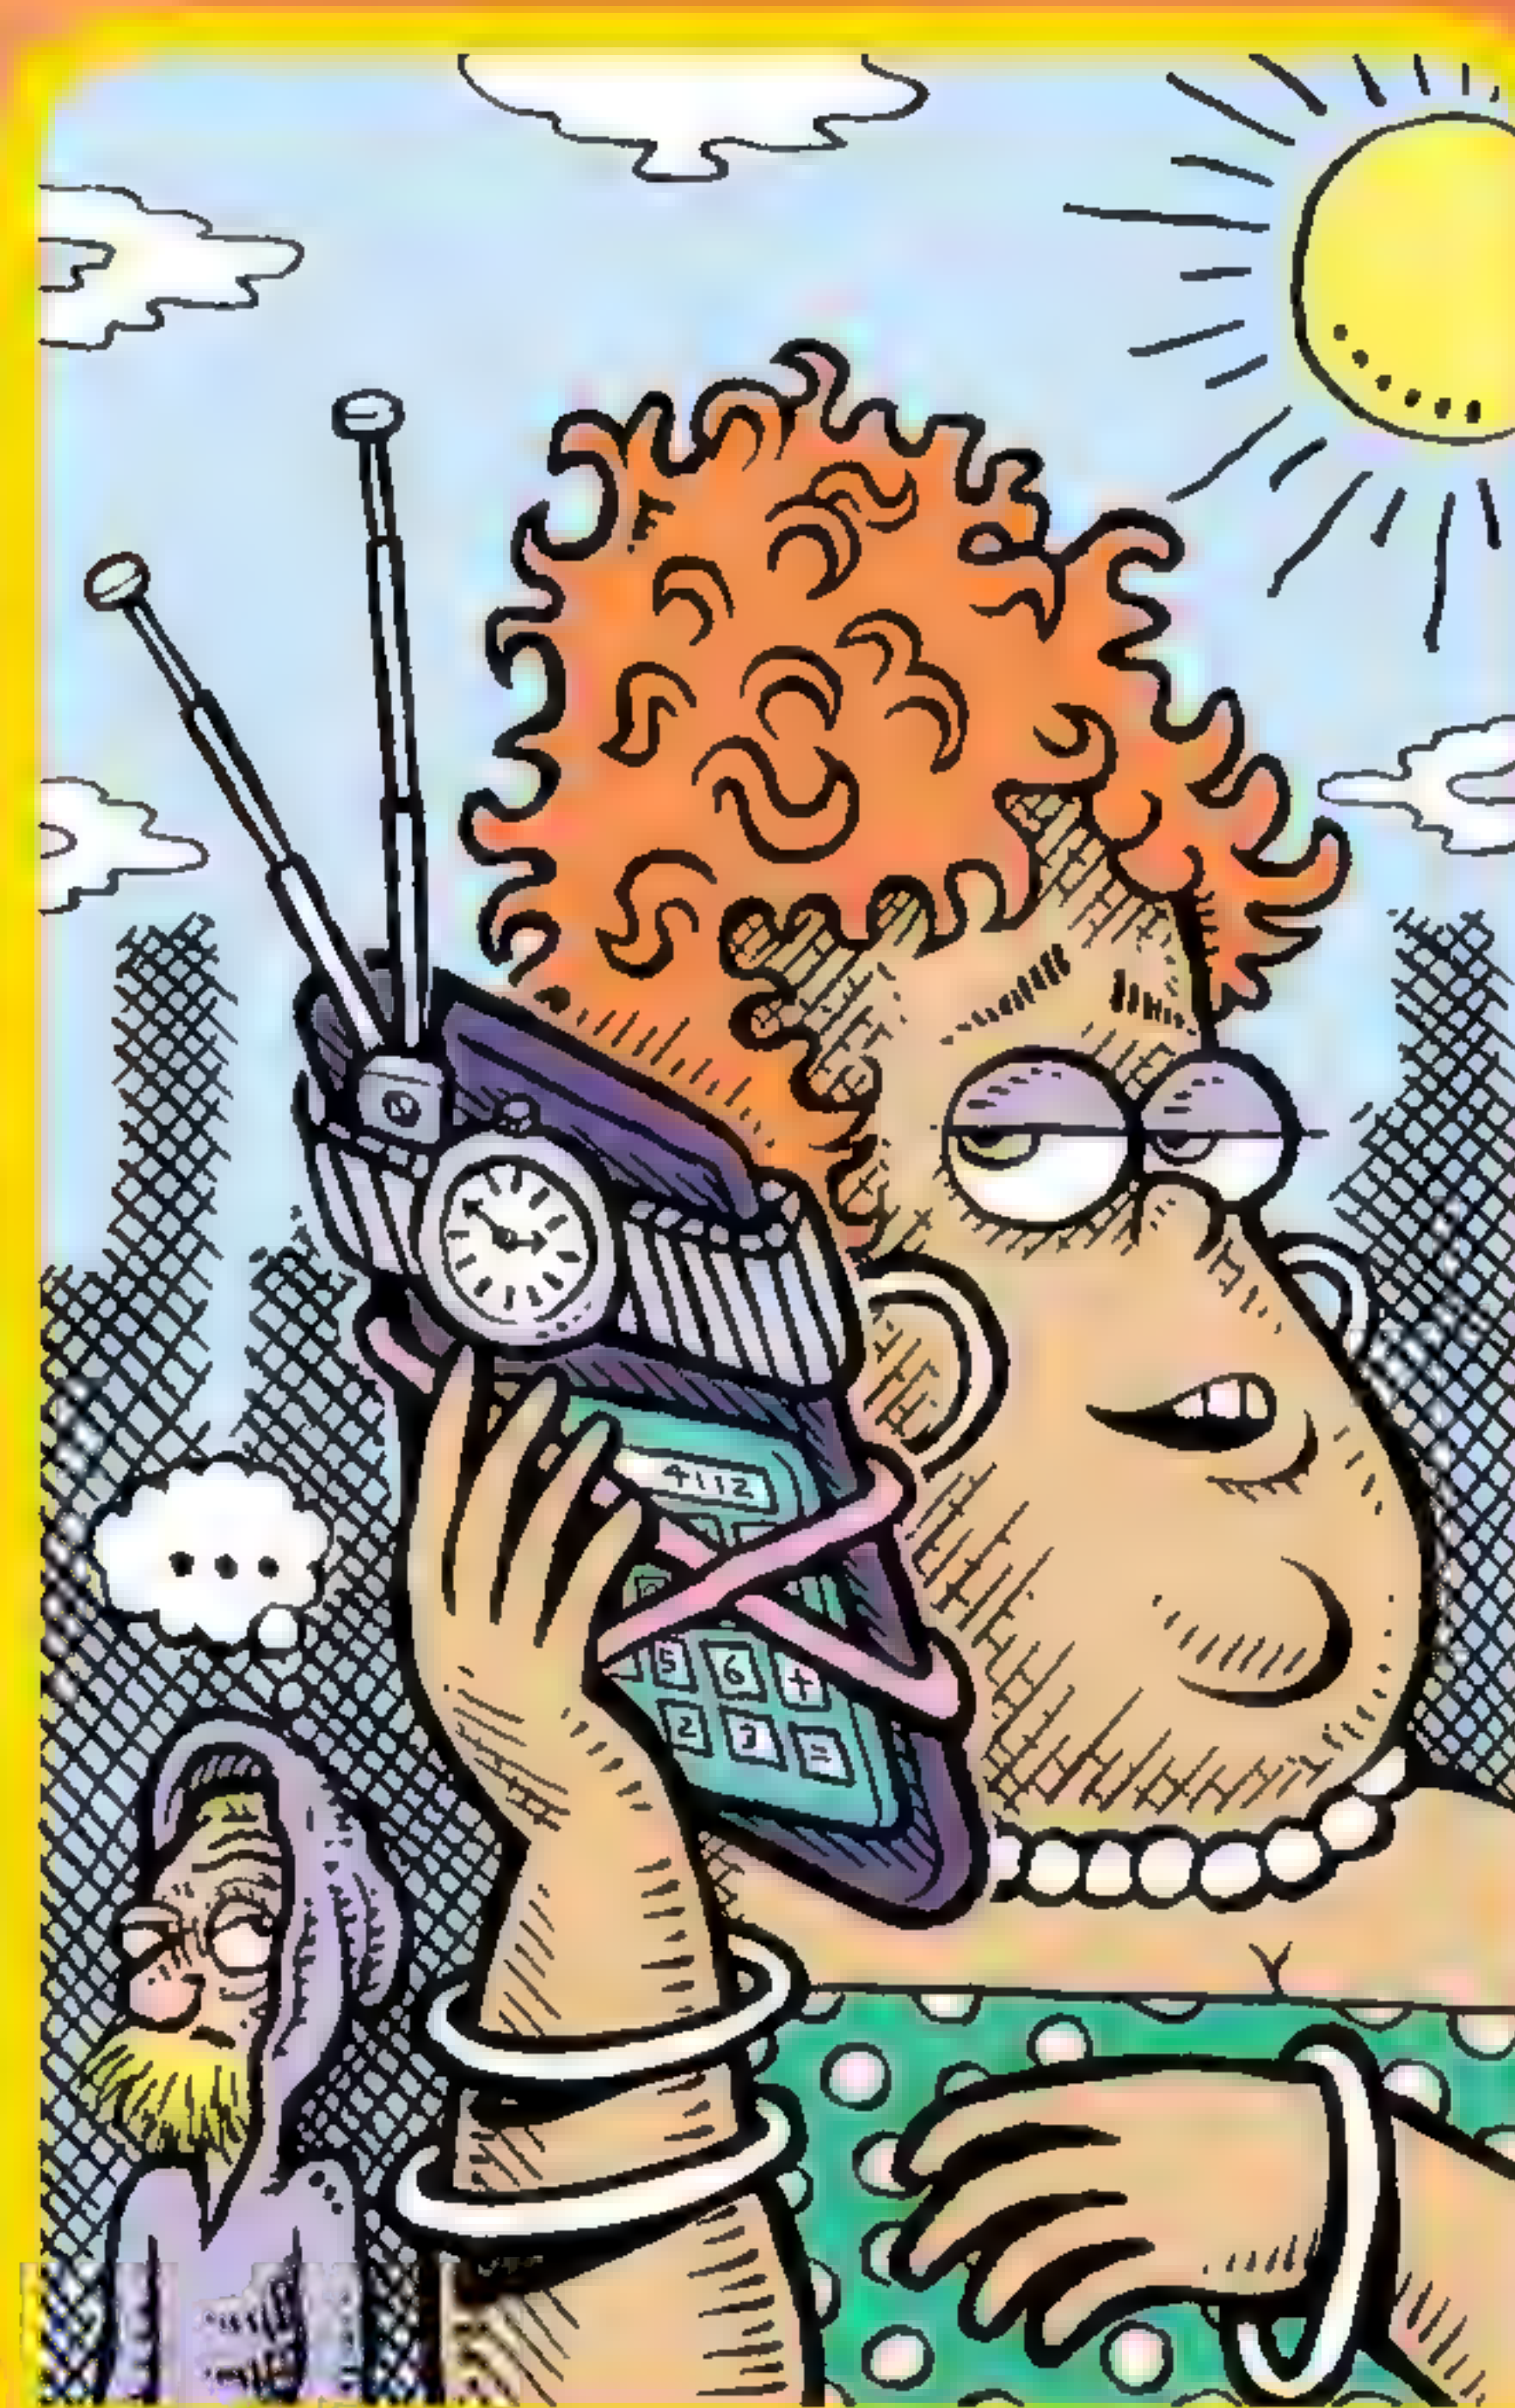

Avoid Bed Bugs

Hotel beds are laden with those nasty bloodsuckers. Avoid them for slightly longer by cozying up under the bed.

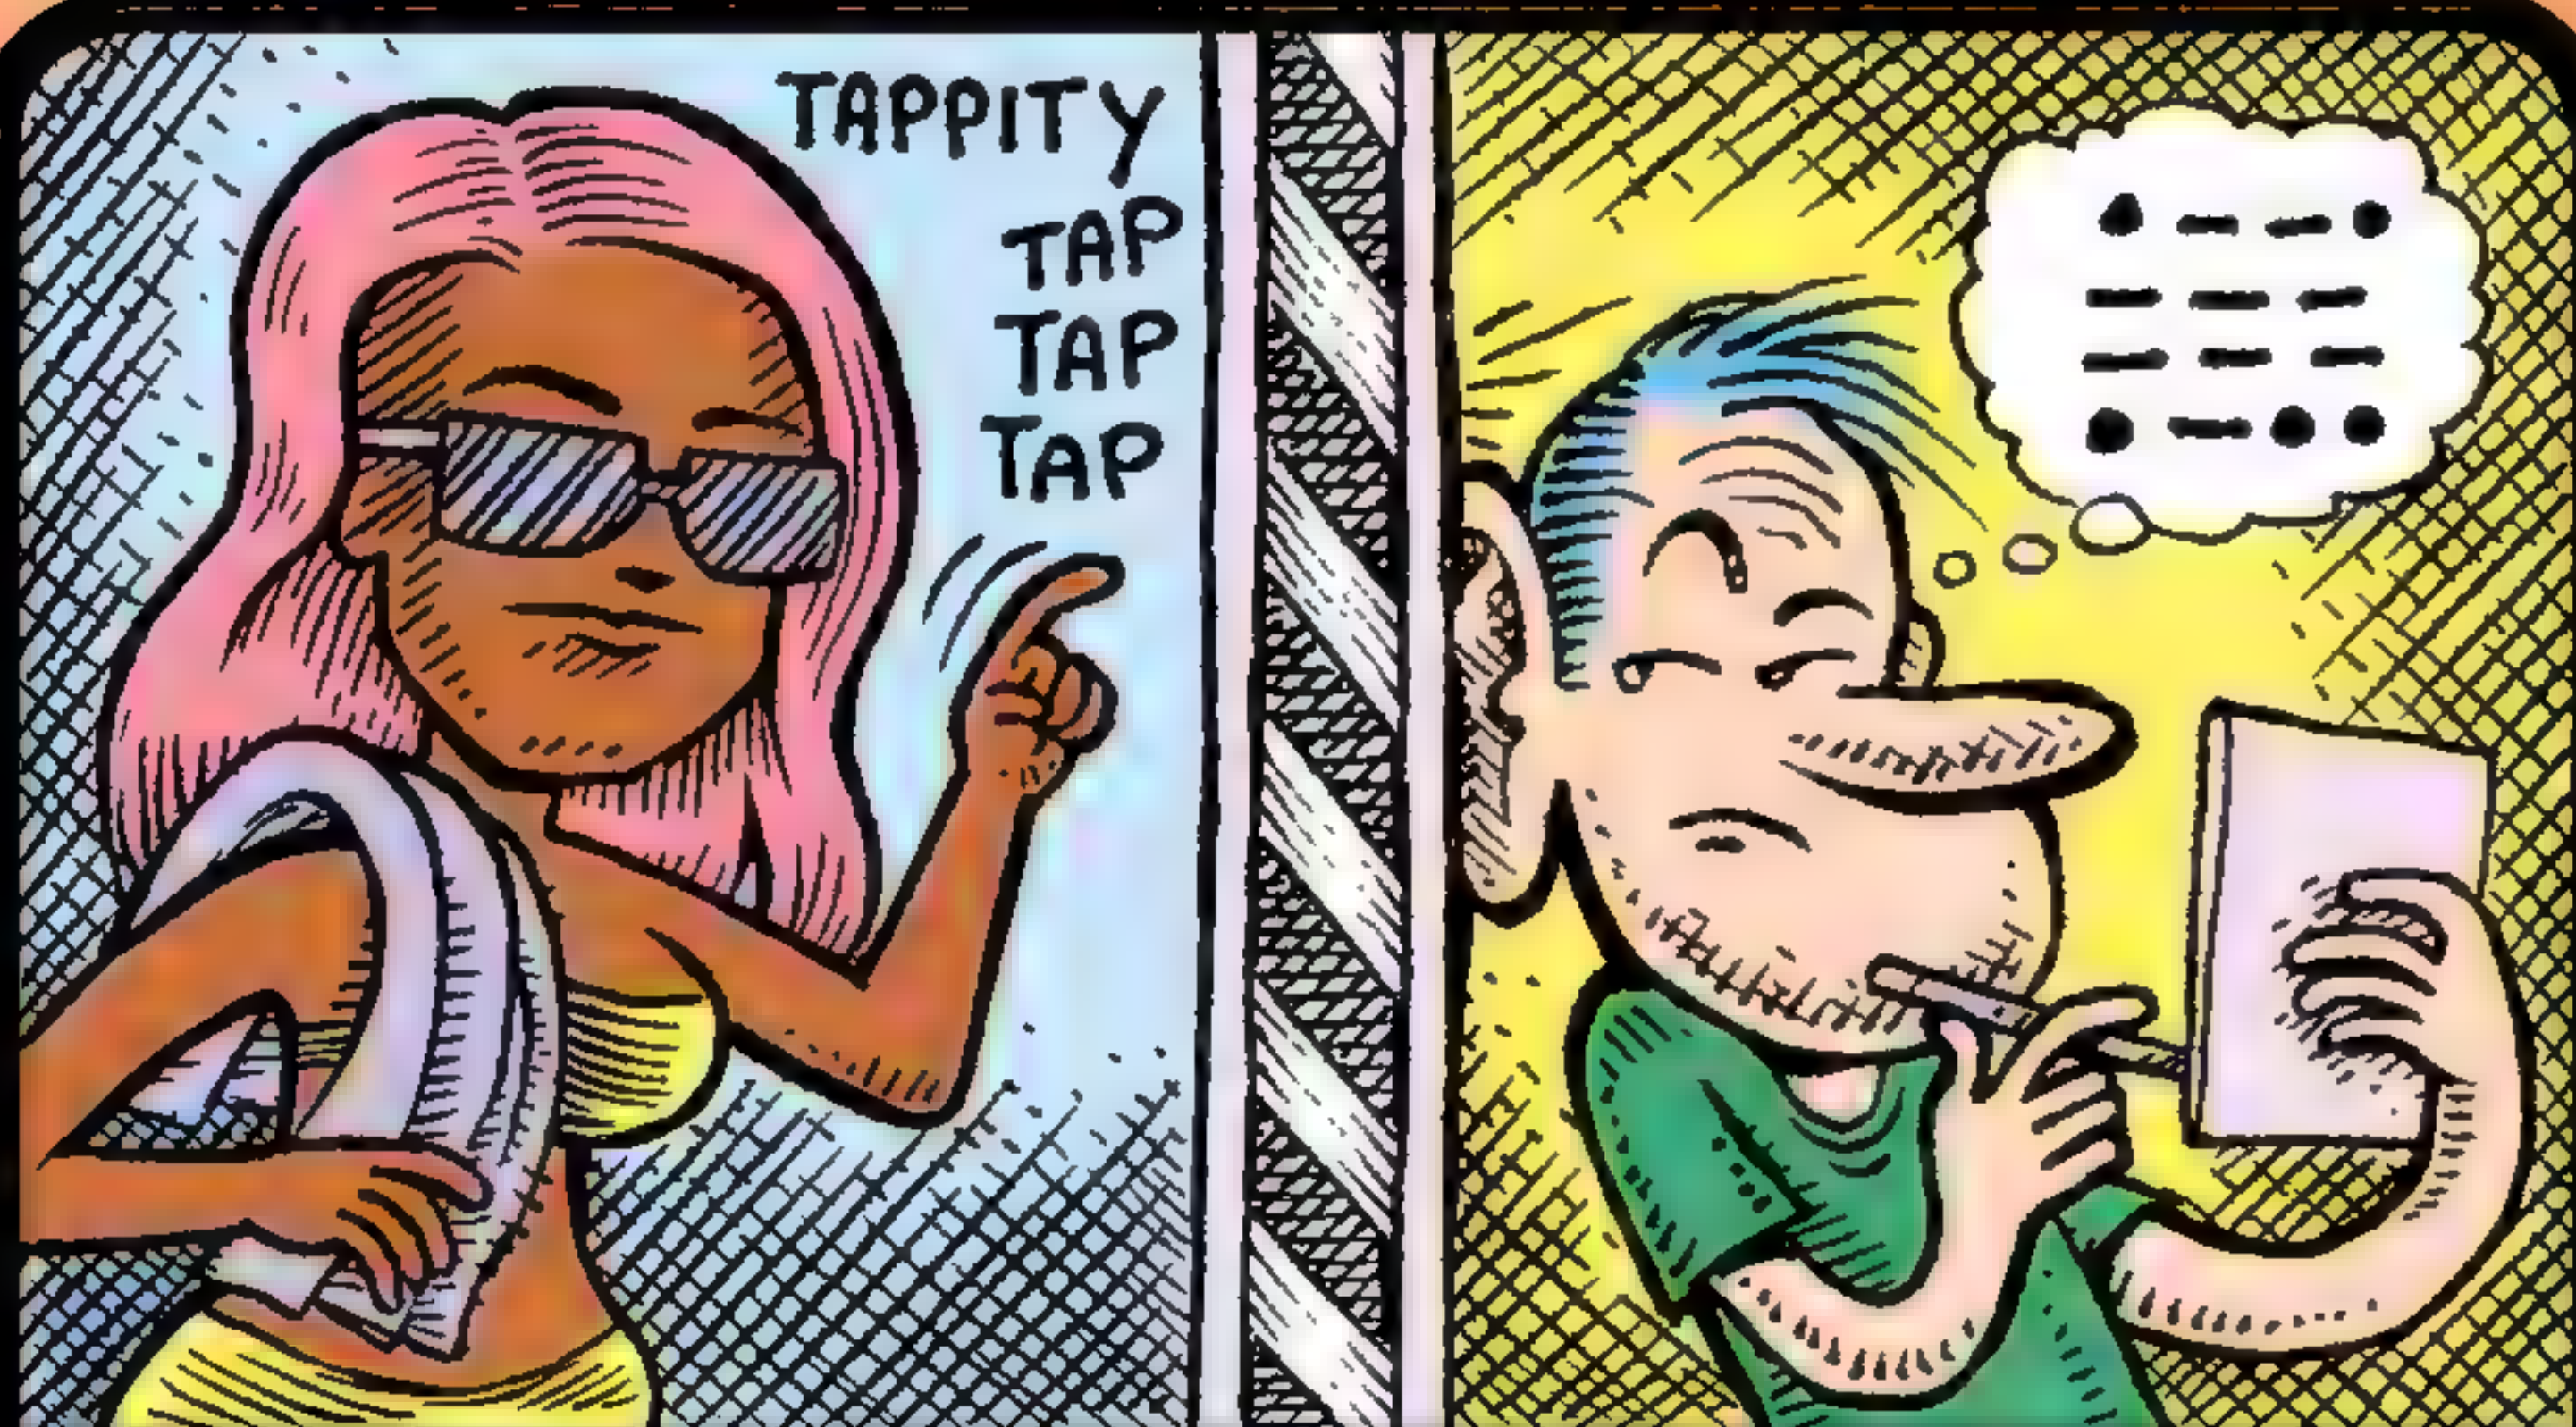

Shower Fully Dressed

There are thousands of reports of hidden cameras in hotel bathroom walls. If you end up on YouTube, it's better to get caught in a wet business suit than your birthday suit.

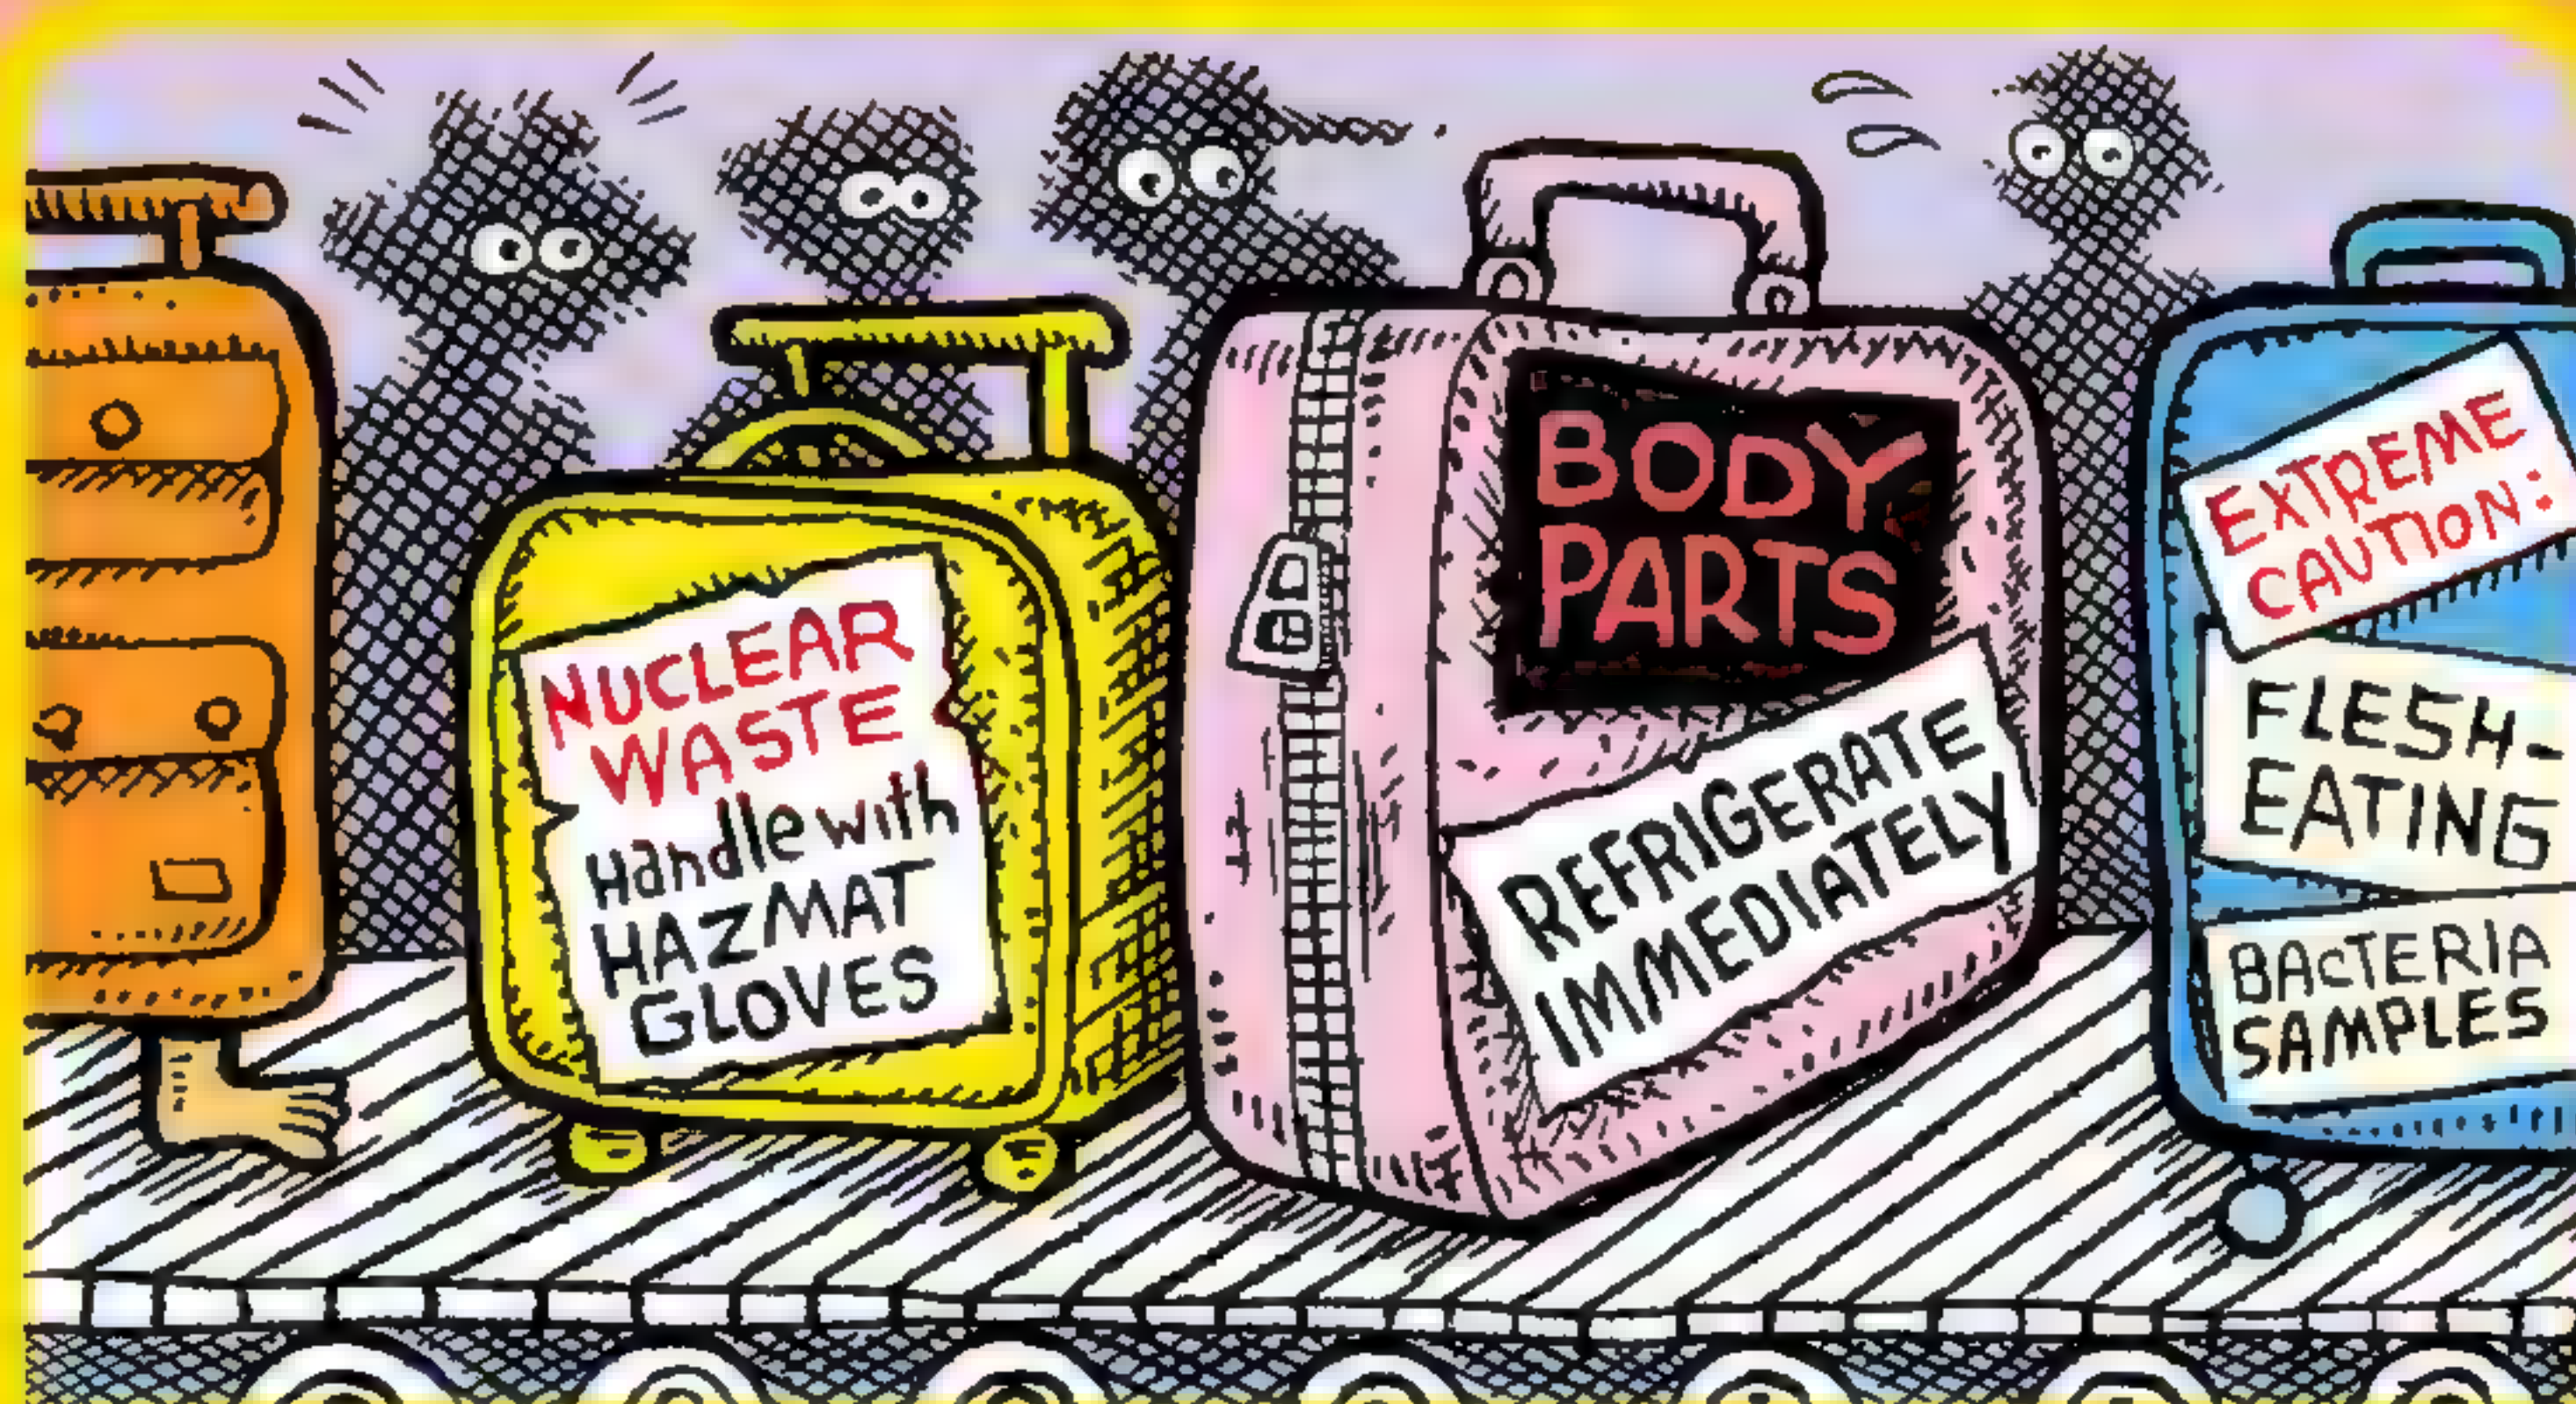

Disguise Your iPhone

Keep crooks at bay by making your iPhone look like an outdated piece of crap!

Don't Use the Hotel Wi-Fi

Don't let hackers steal your identity! Get adjoining rooms with your friends, learn Morse code, and tap "meet me by the pool" on the walls.

Make Your Luggage Identifiable

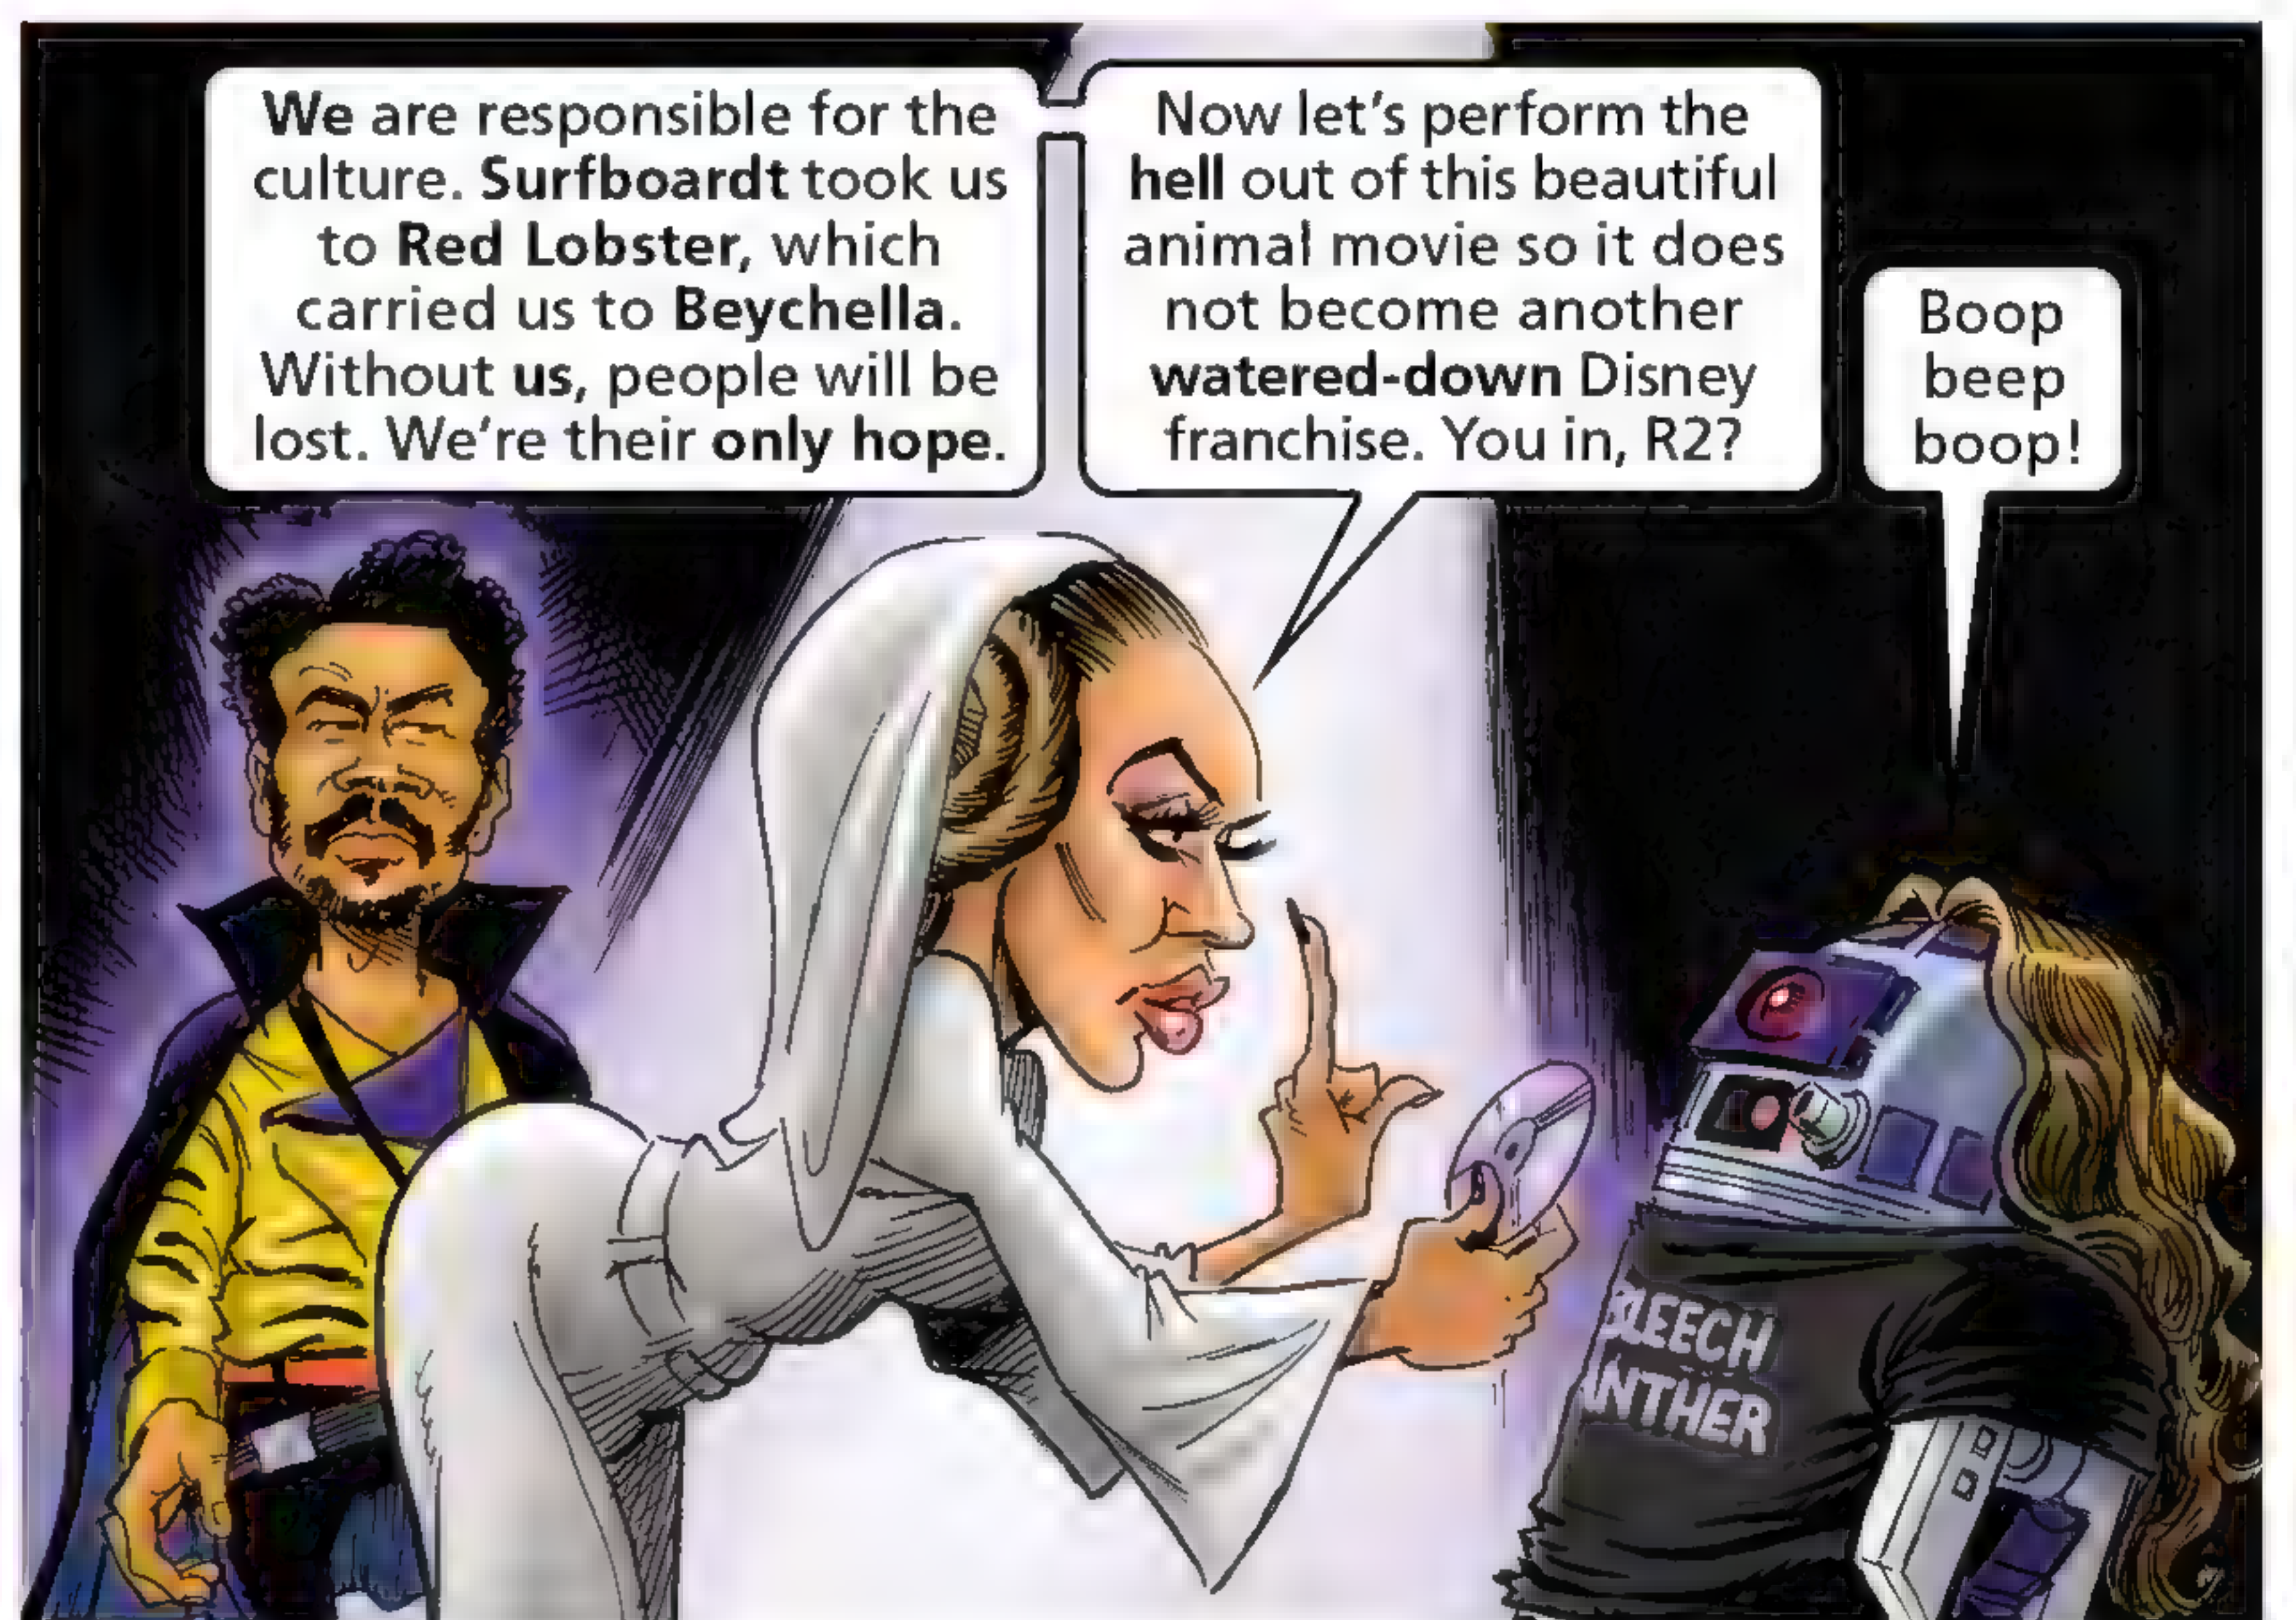

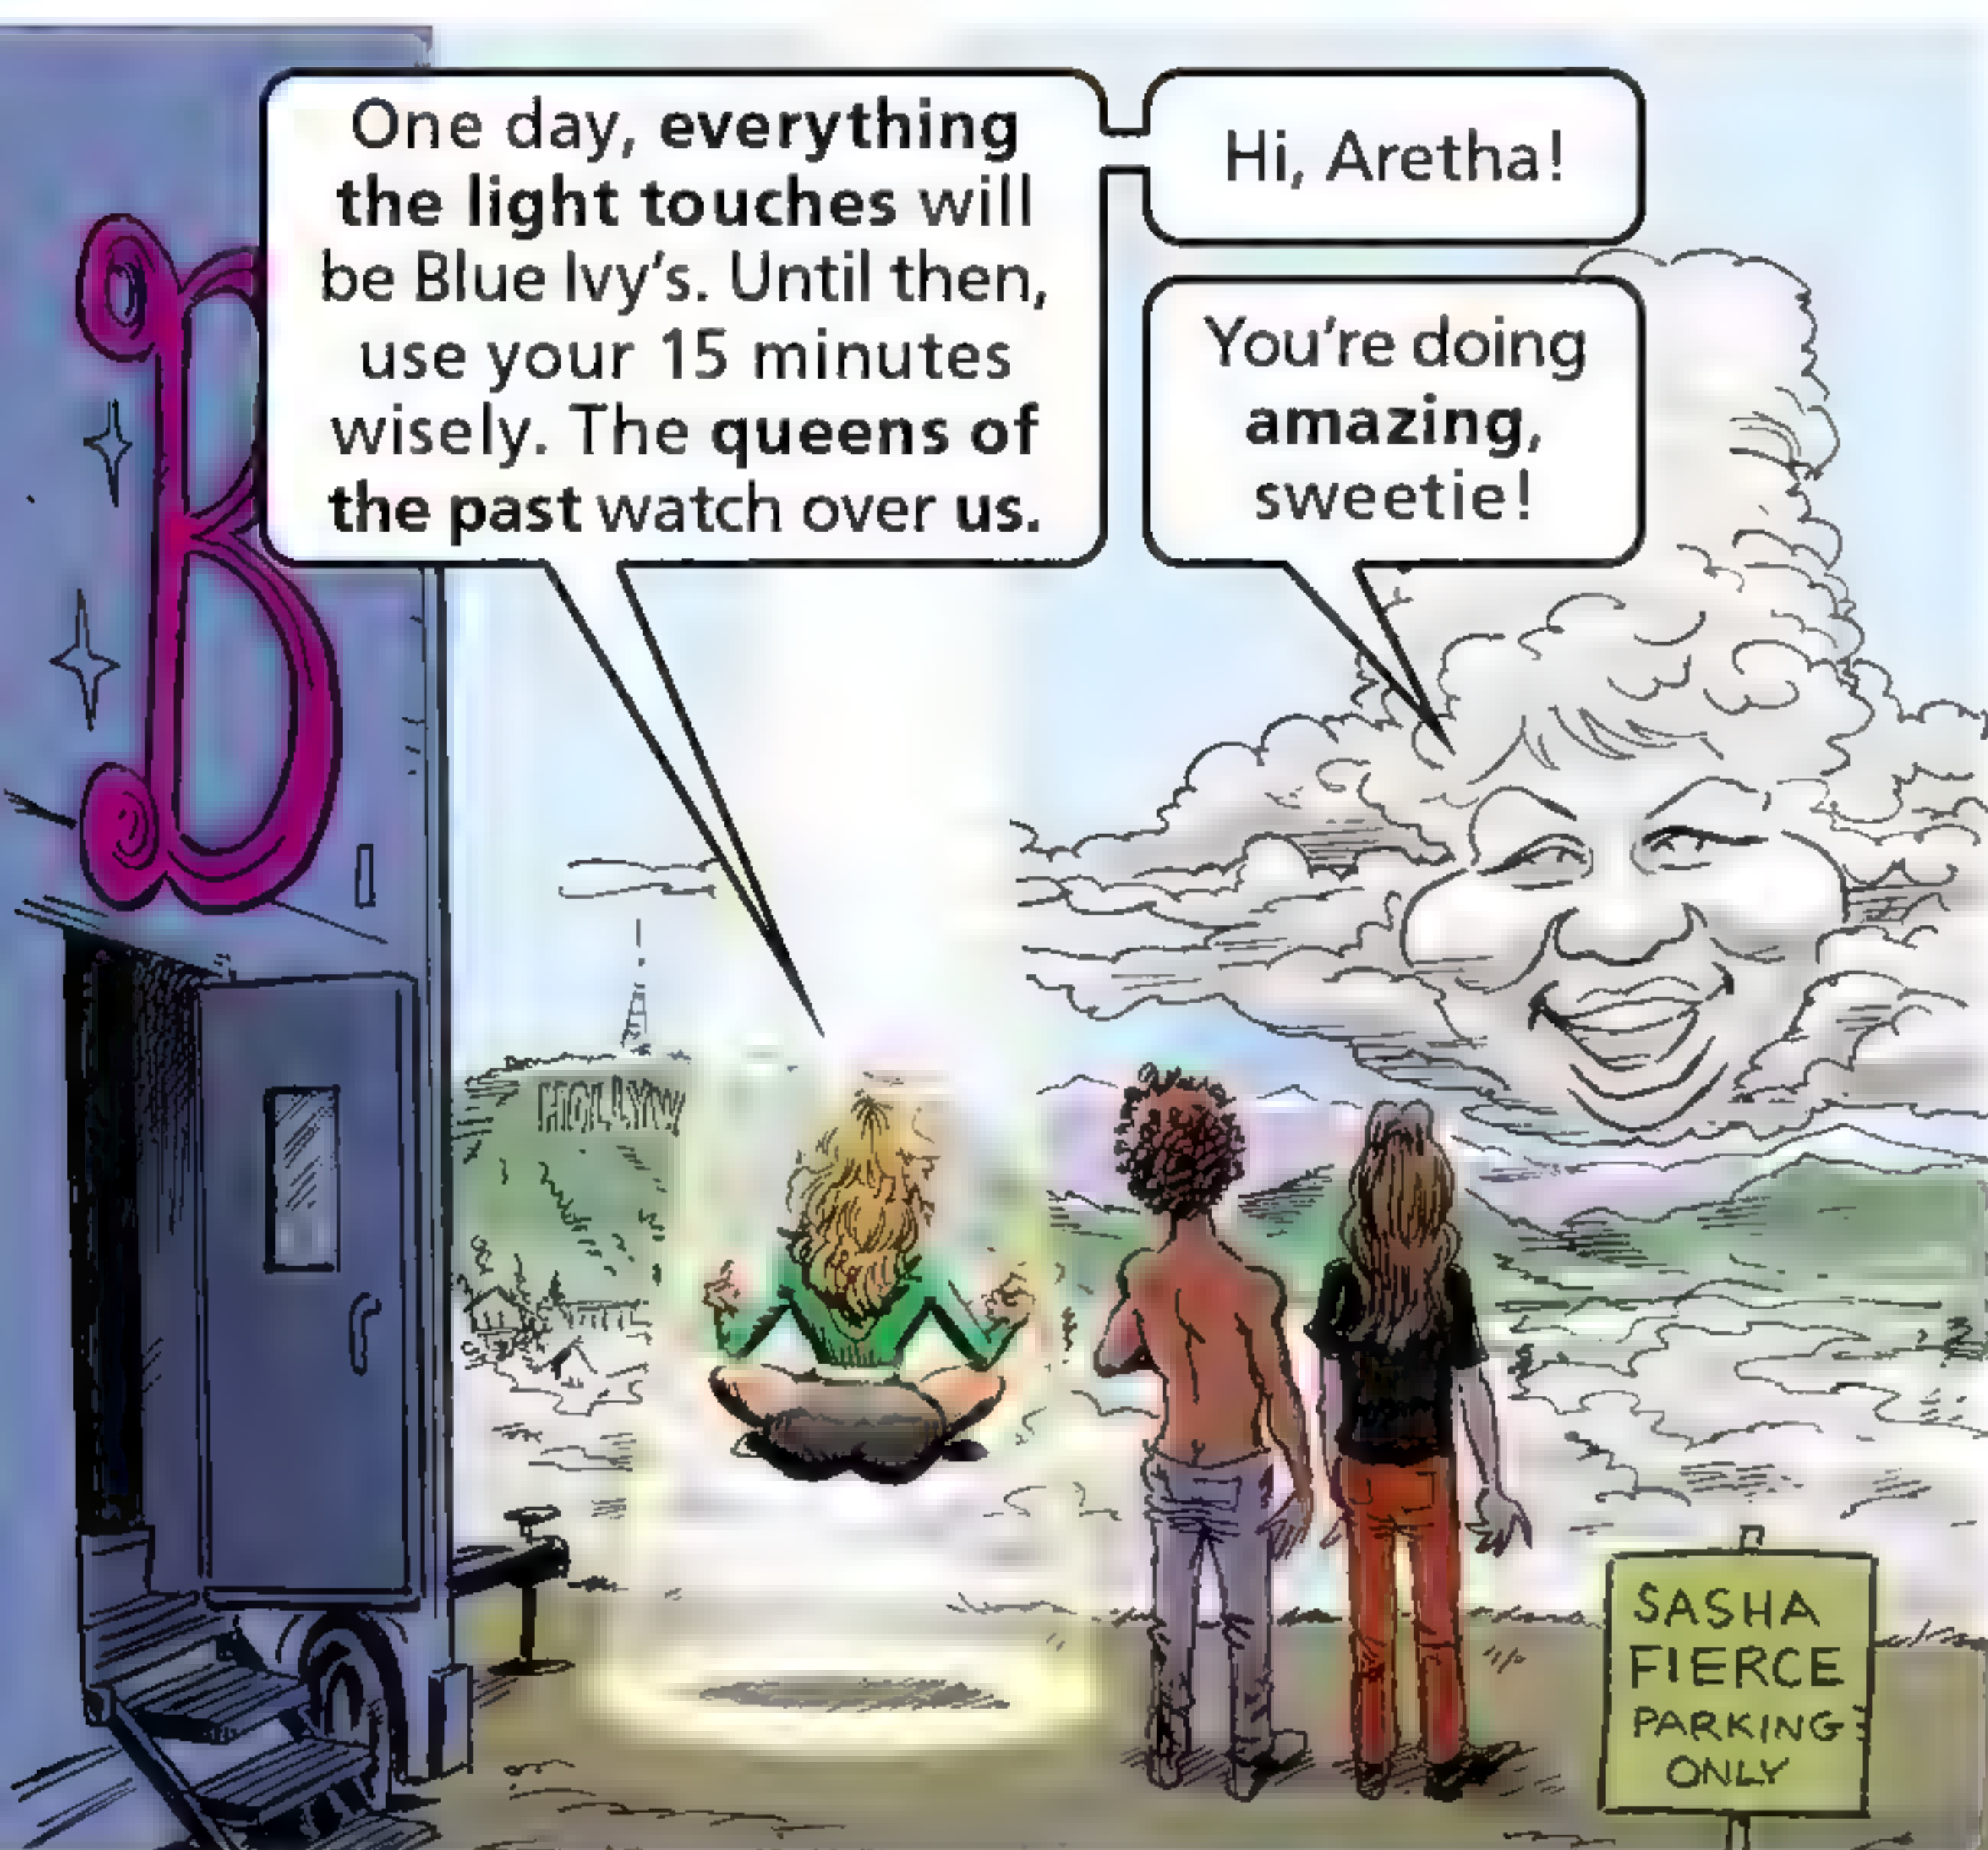

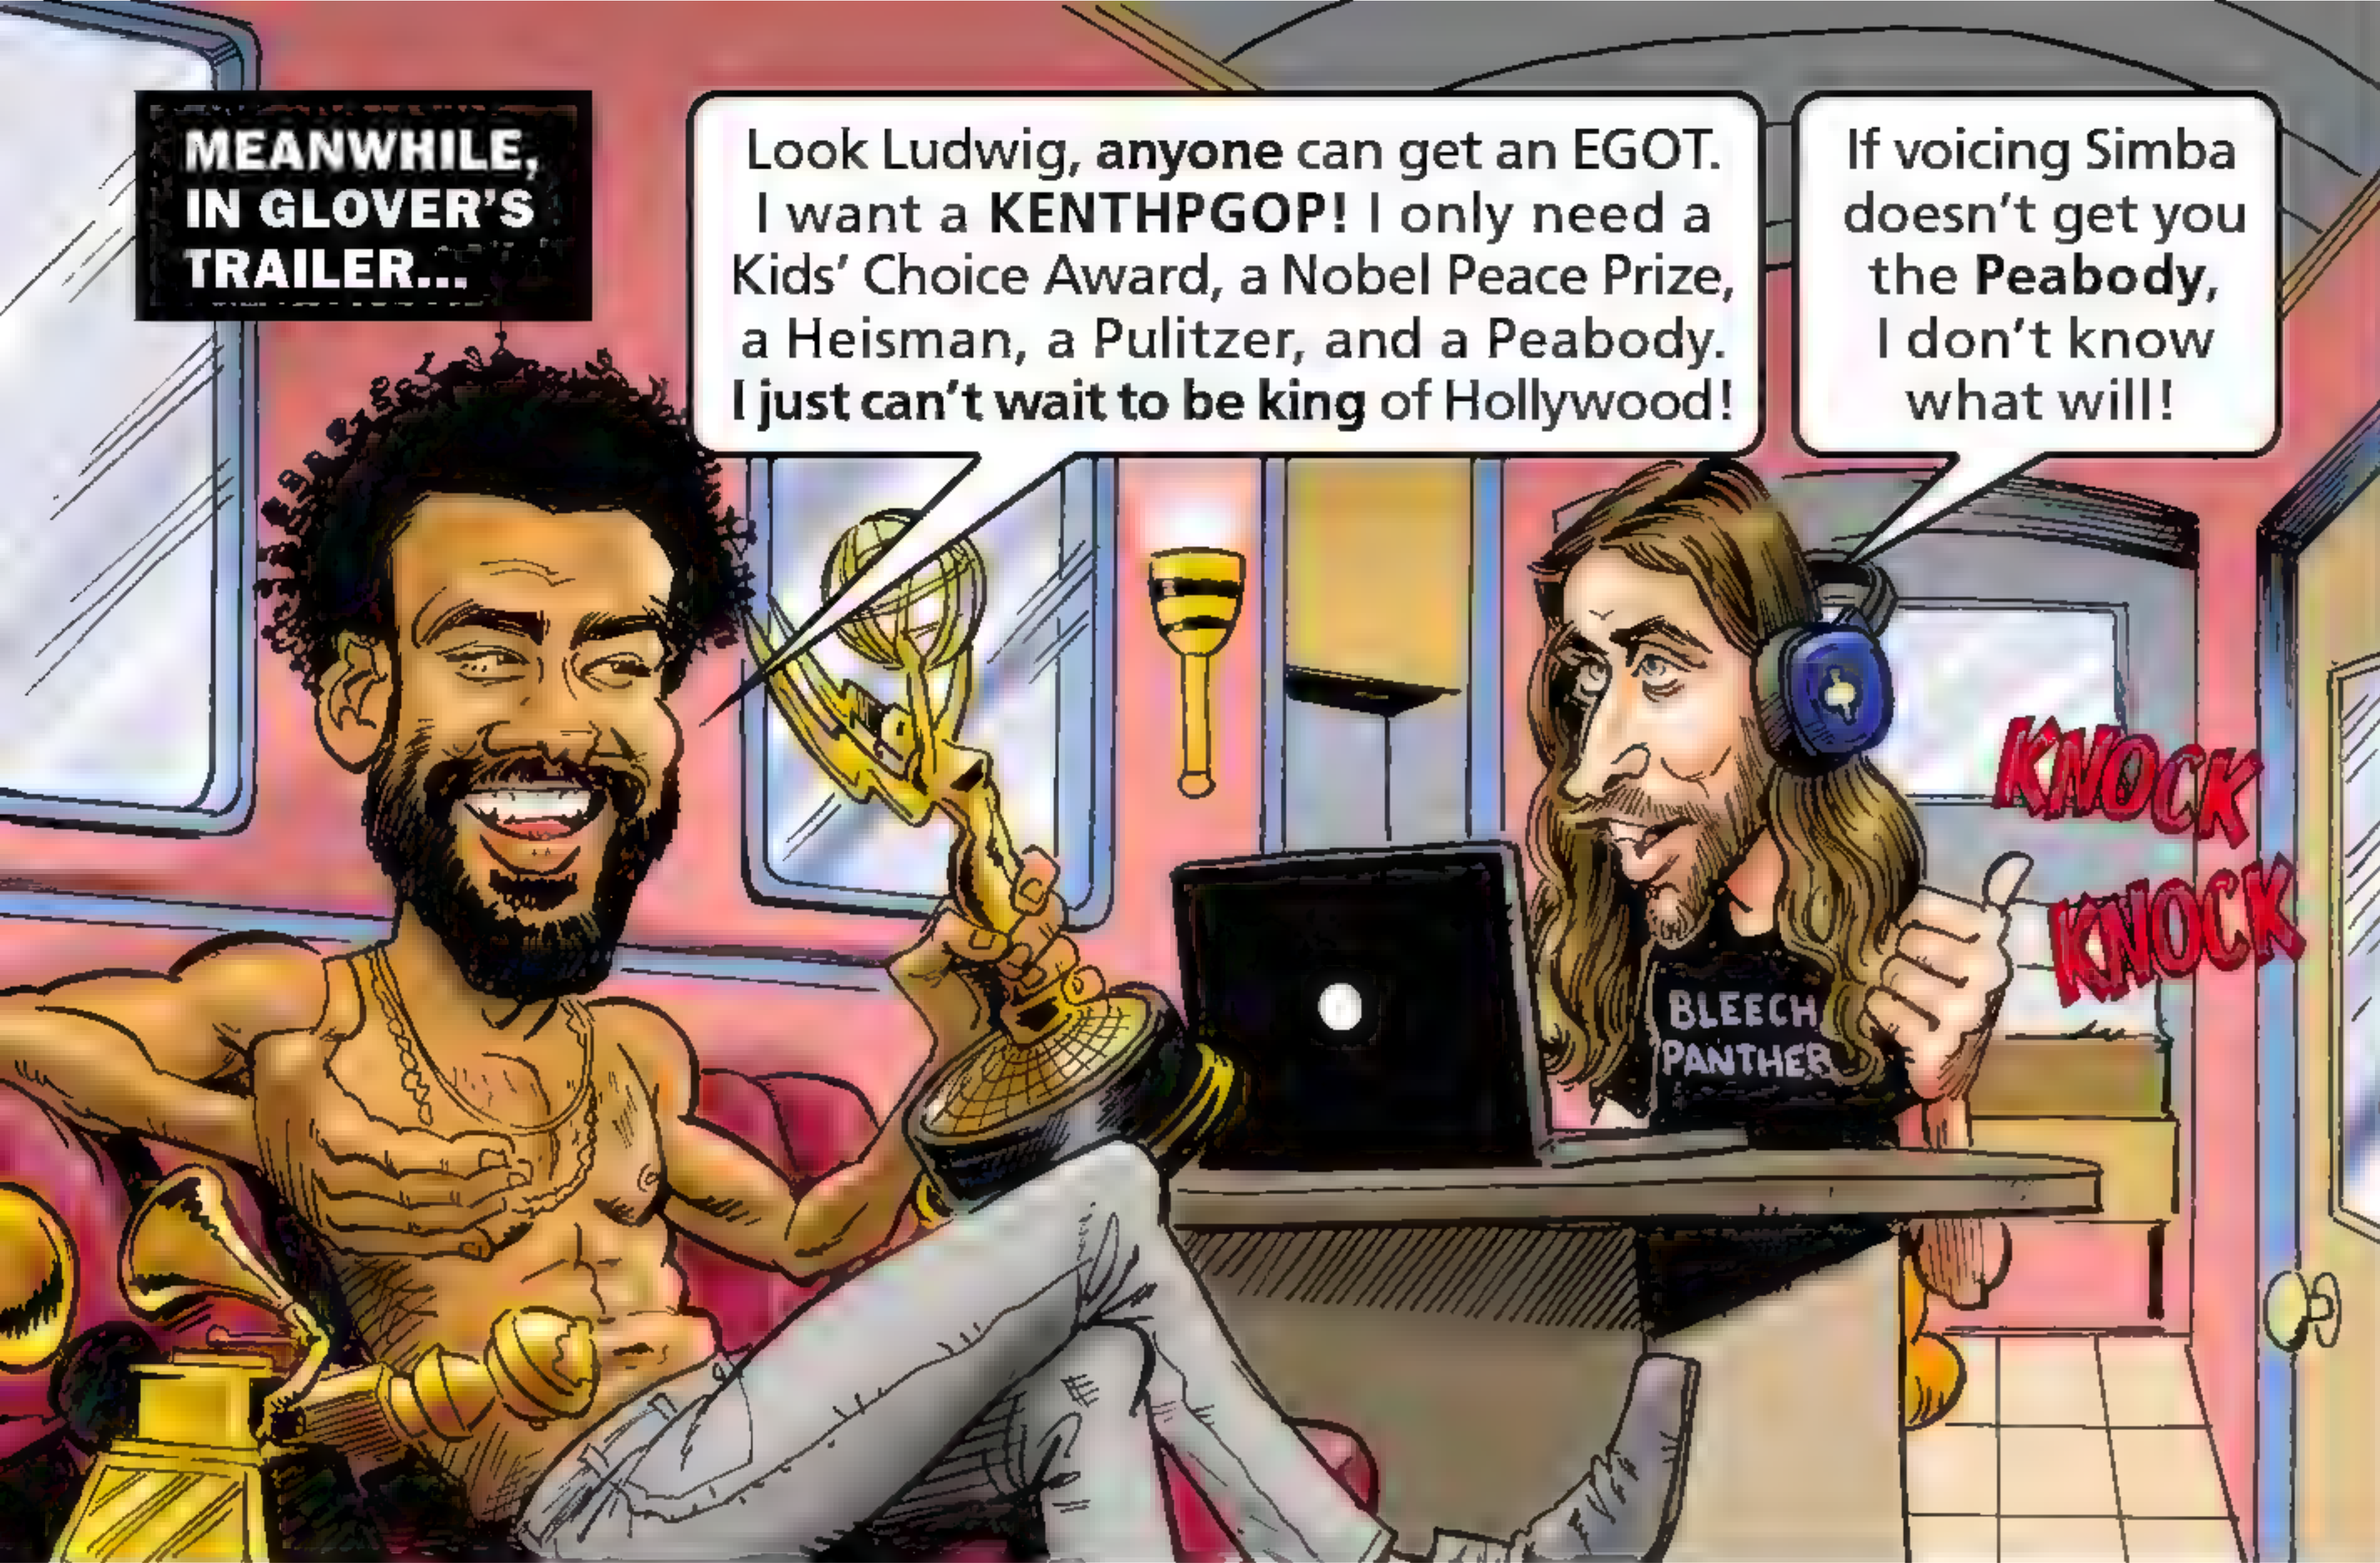

A cute ribbon tied to your suitcase won't stop luggage thieves. With just a little imagination (and a lot of magic markers), you can make sure no one goes near it!

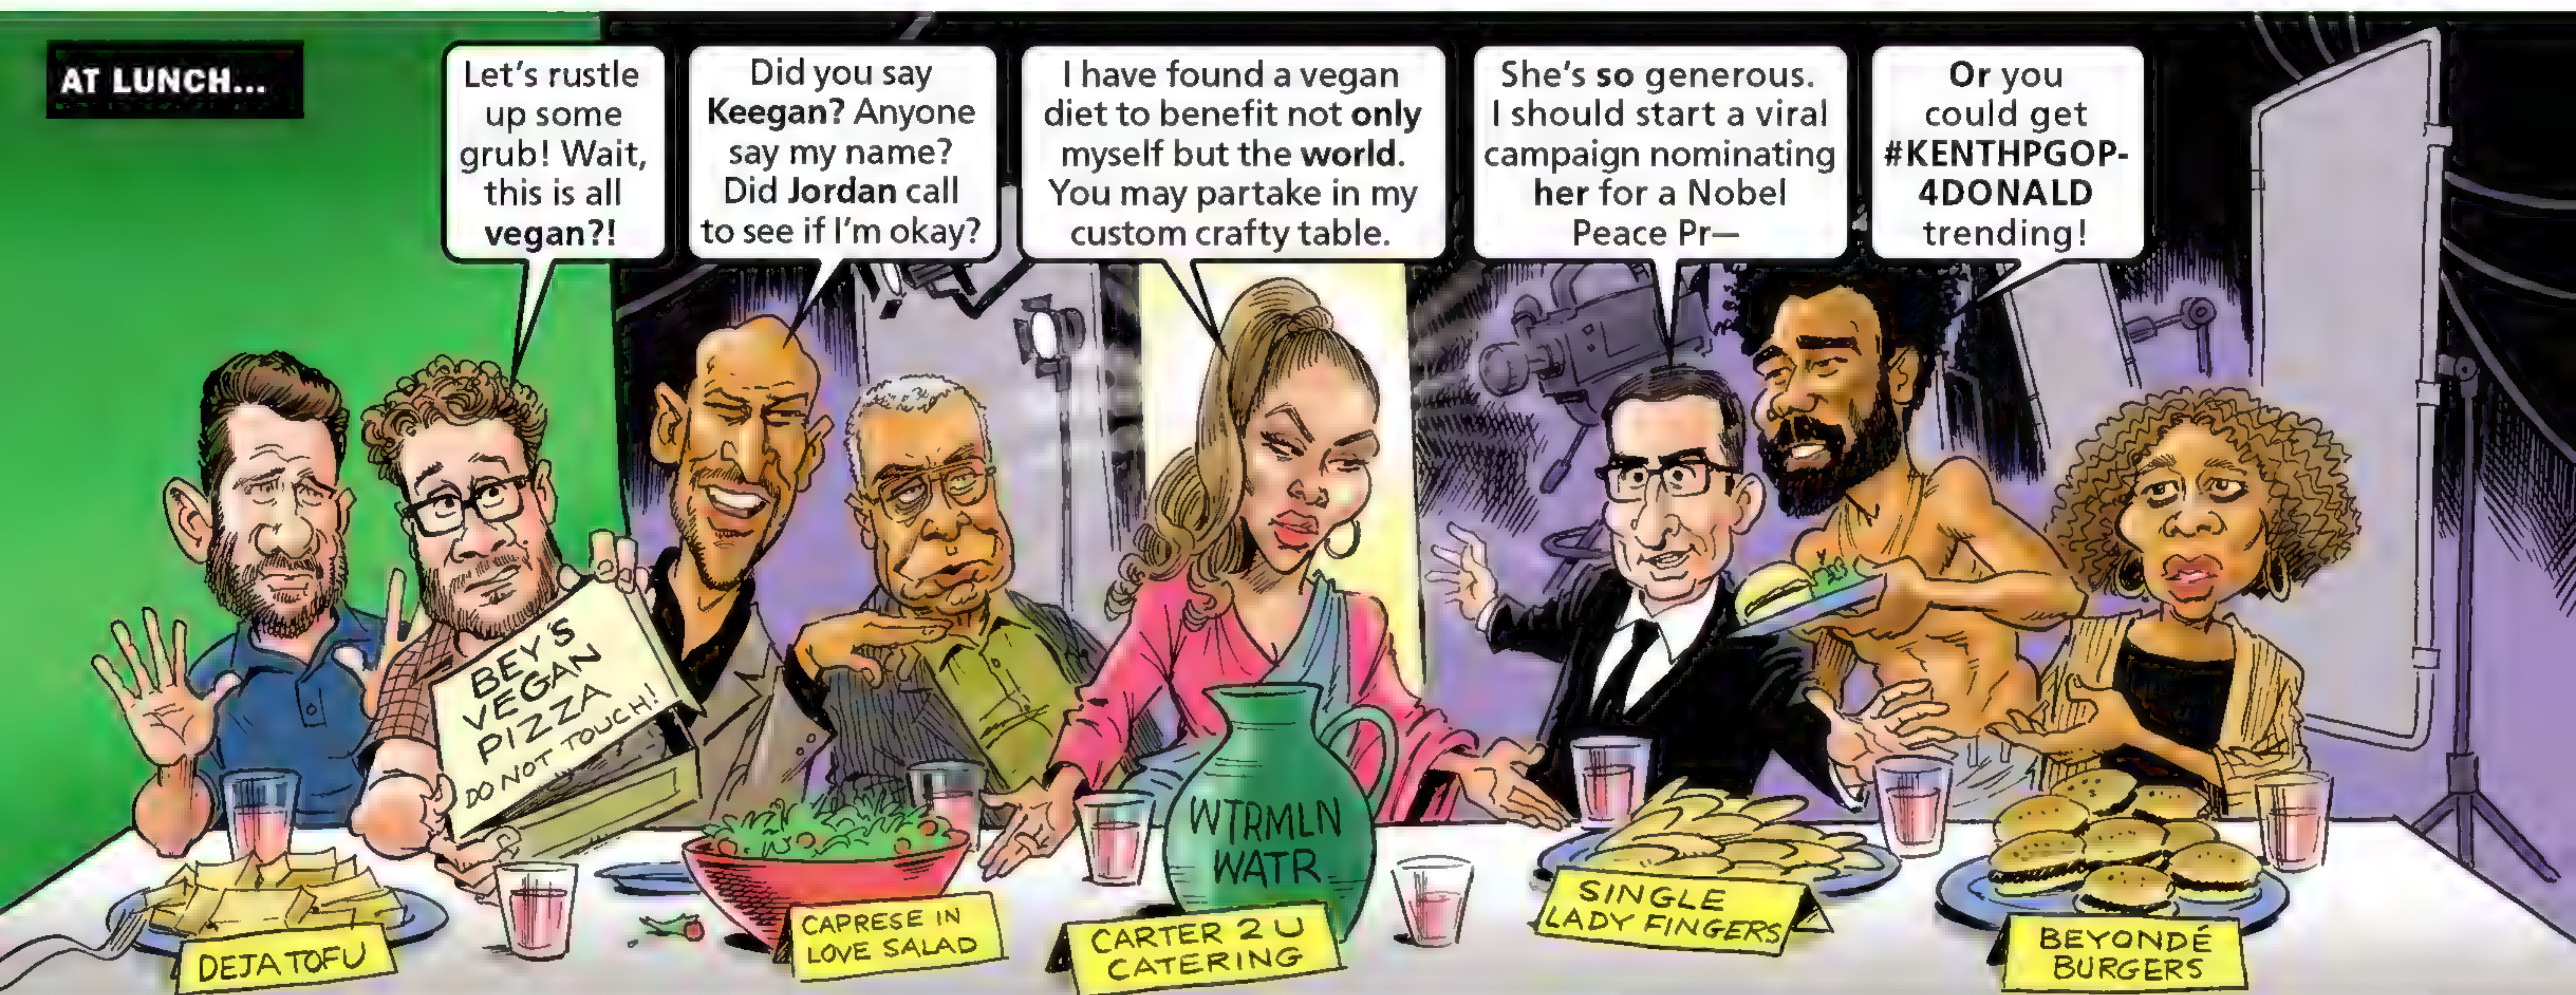

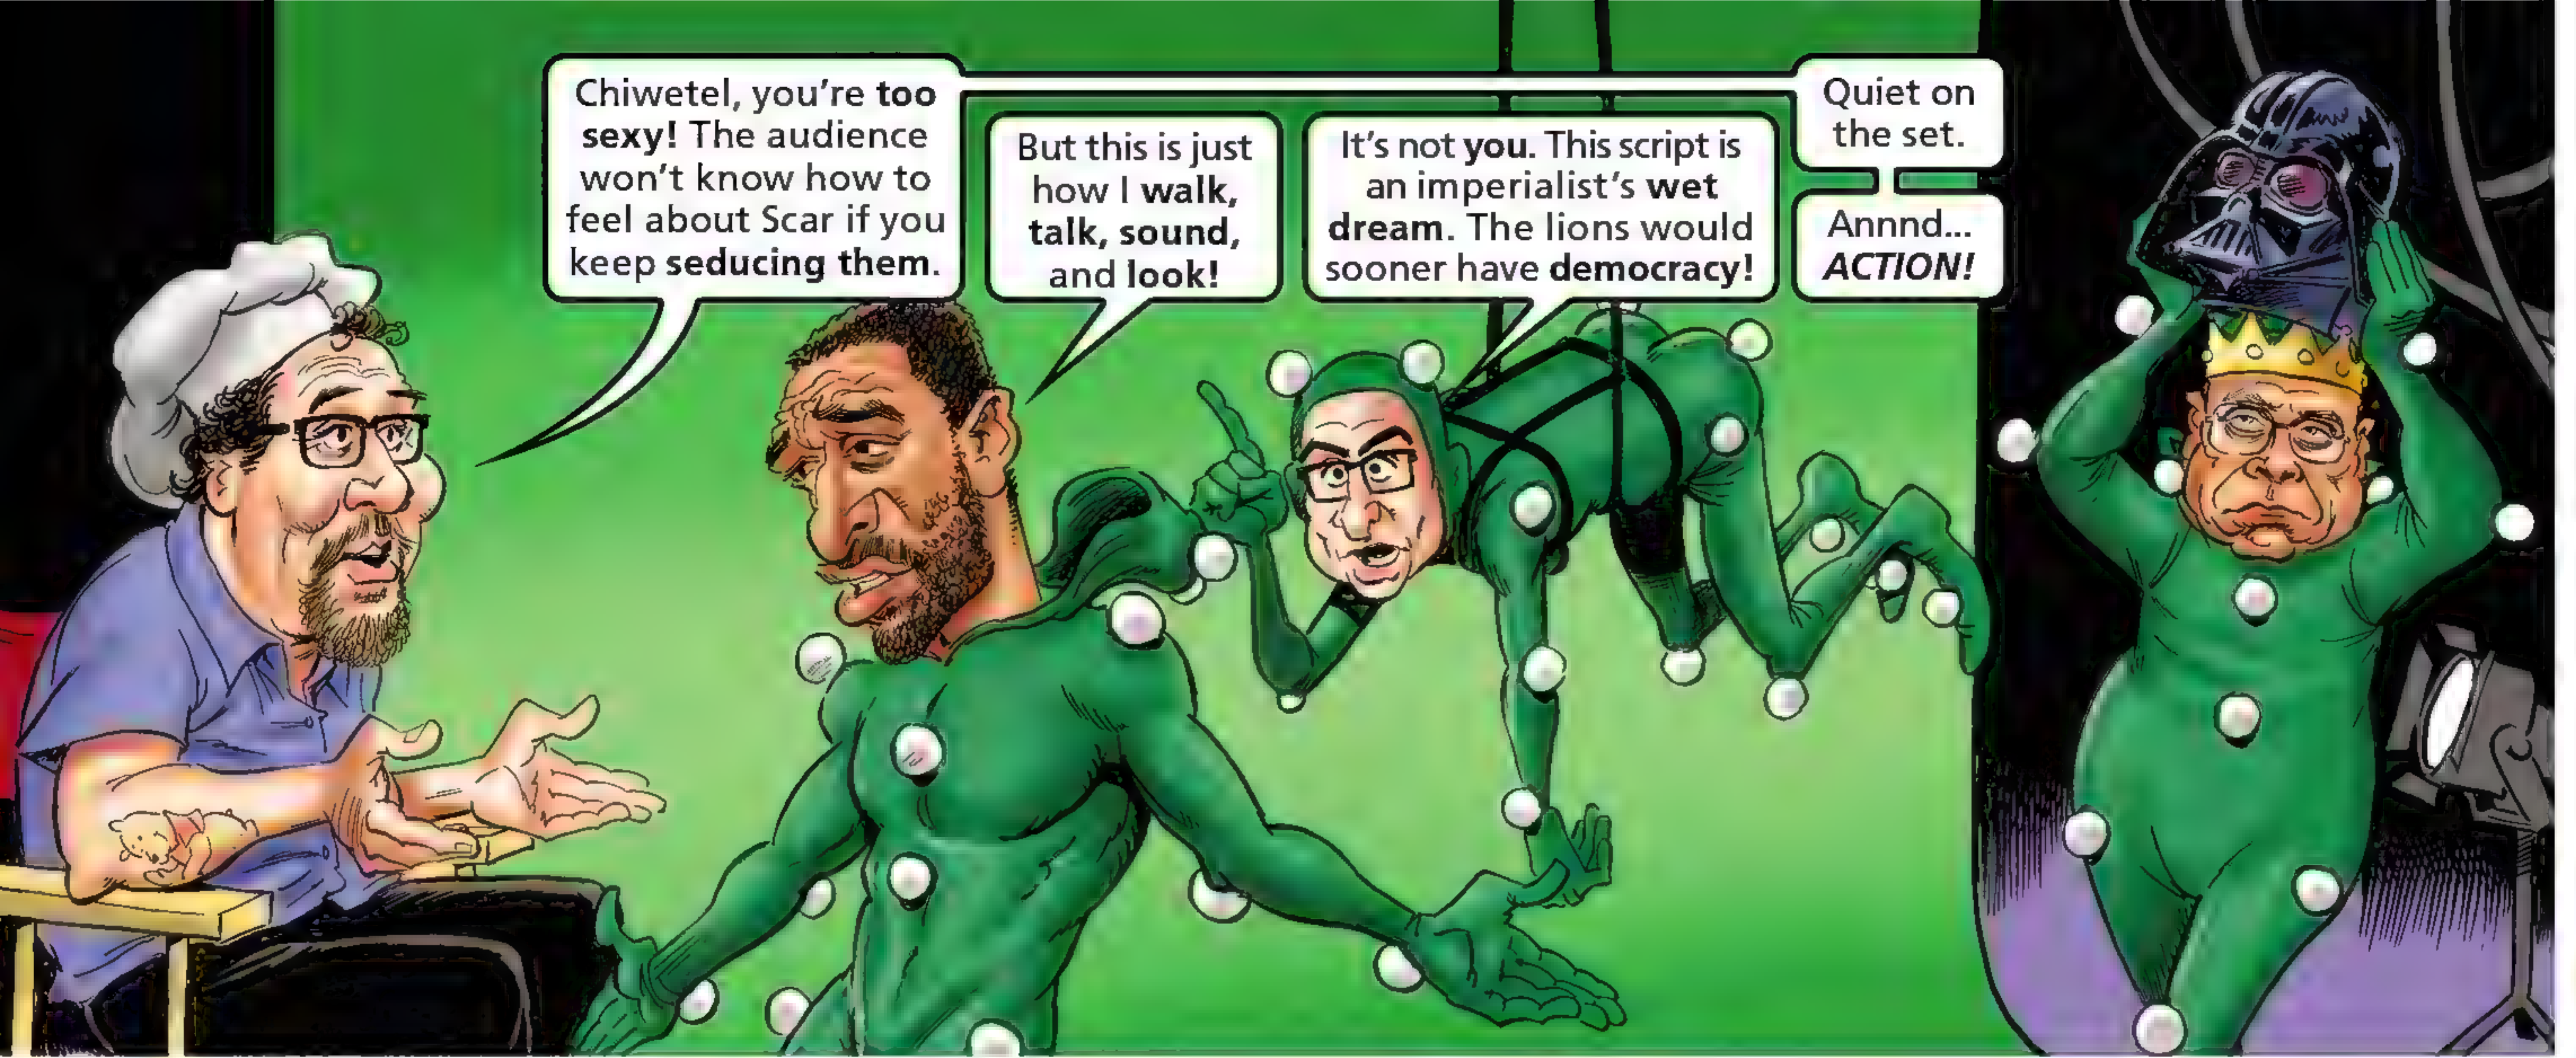

HAKUNA NON GRATA DEPT.

Twist! The wildly successful animated film that was adapted into a wildly successful musical was made into a photorealistic computer-generated animated film and it was...wildly successful! But did the star-studded cast of the reboot get along? Did James Earl Jones really re-record all his lines? And do any of us know the difference between live-action and CGI? Let's leave these questions (and more) unanswered as we look...

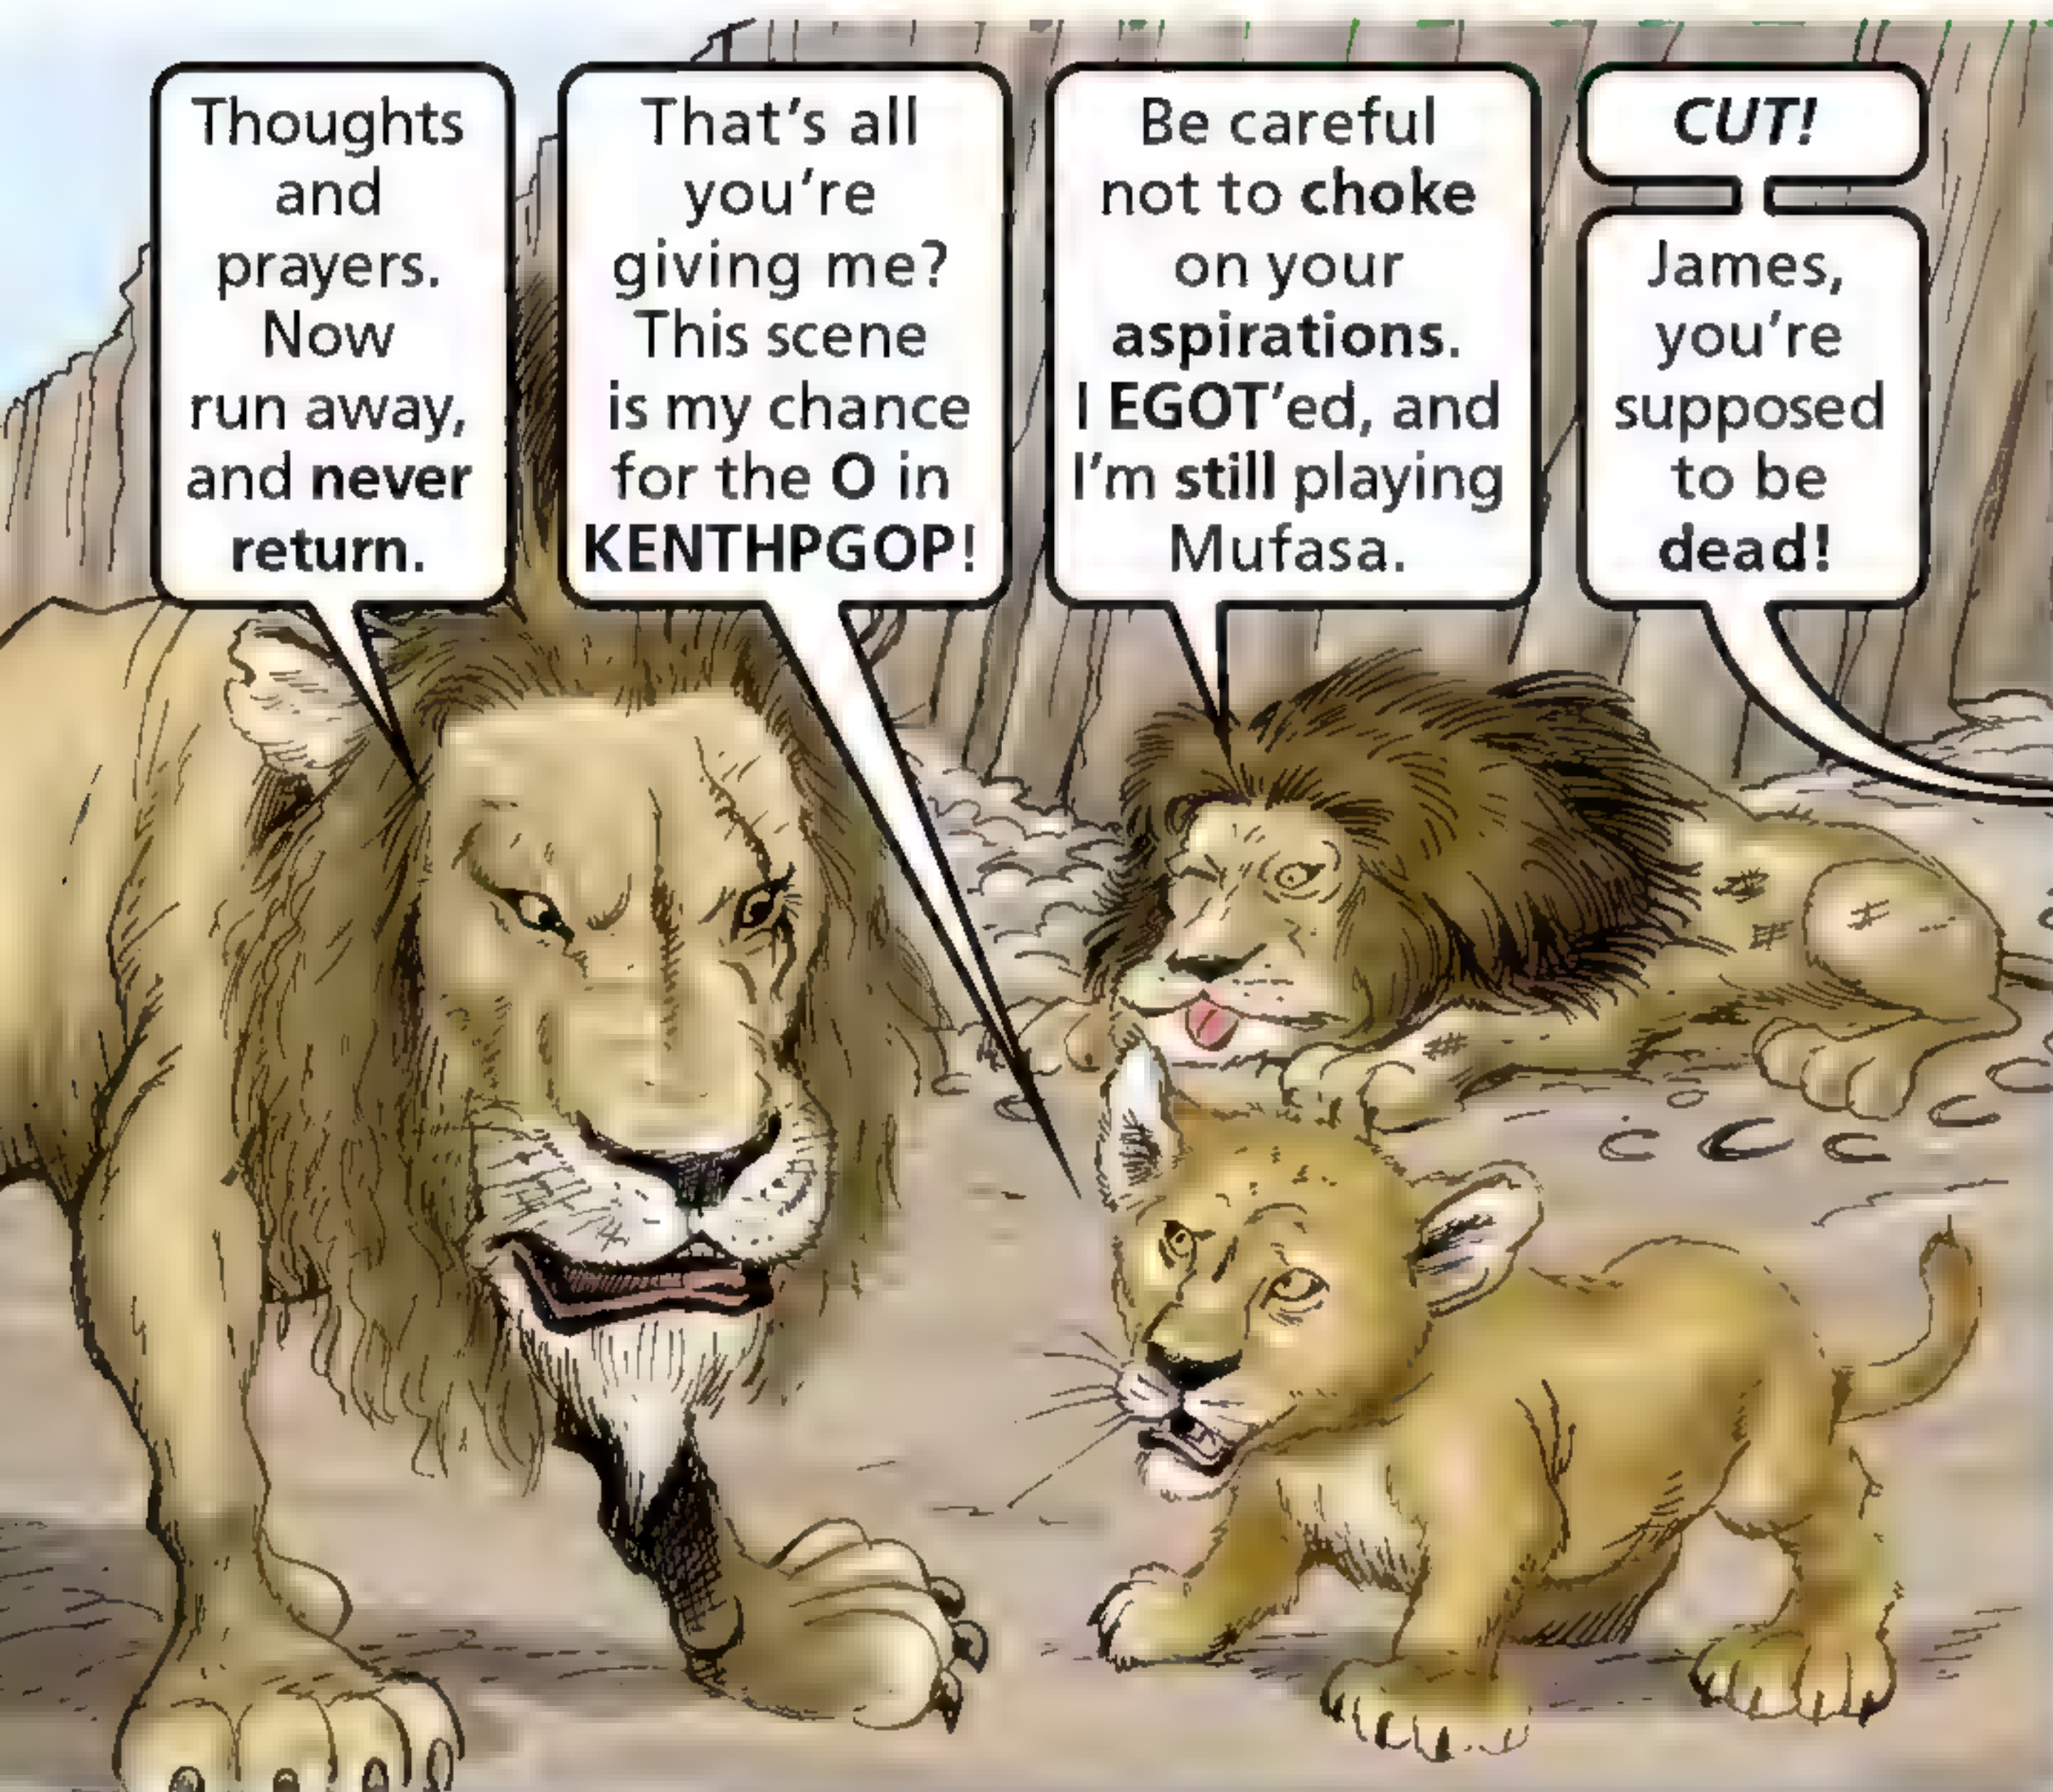

Chiwetel, you're **too sexy!** The audience won't know how to feel about Scar if you keep seducing them.

But this is just how I walk, talk, sound, and look!

It's not you. This script is an imperialist's wet dream. The lions would sooner have democracy!

Quiet on the set.

Annd... **ACTION!**

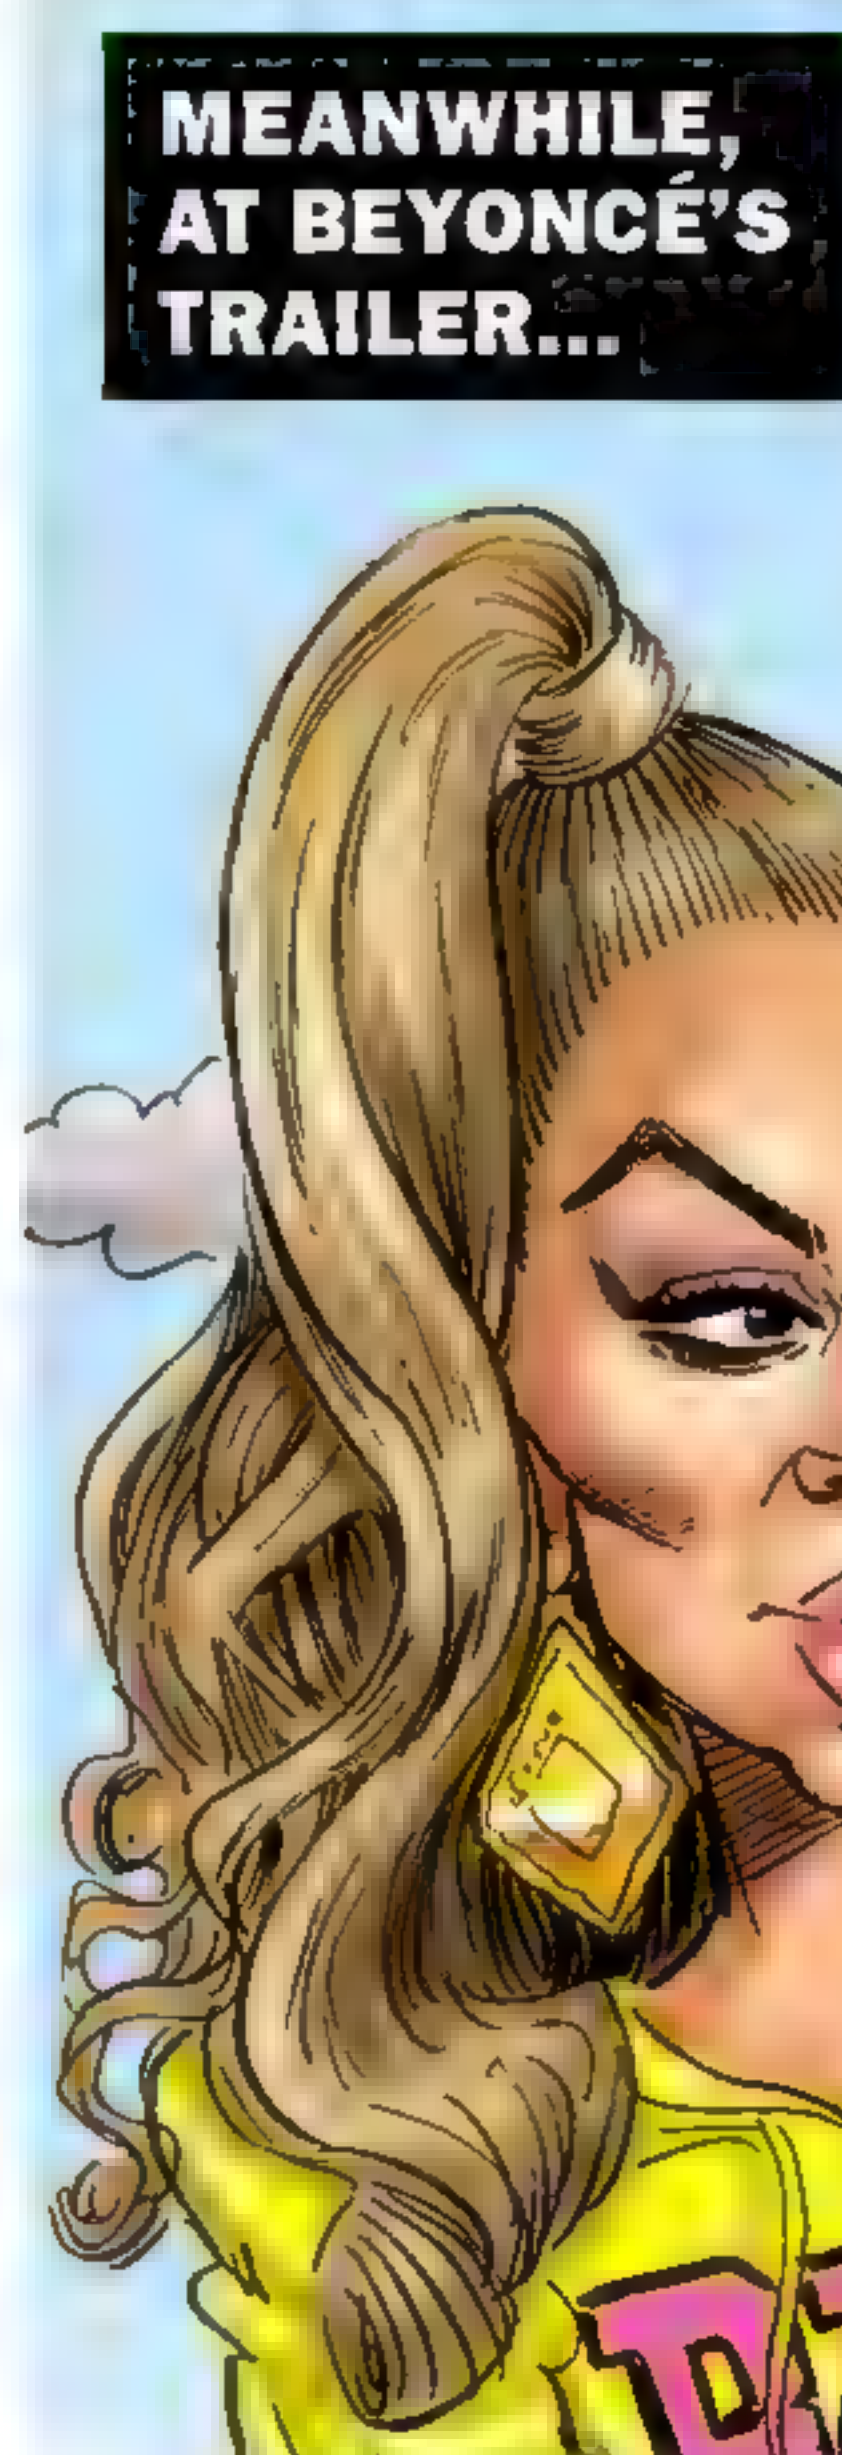

Thoughts and prayers. Now run away, and never return.

That's all you're giving me? This scene is my chance for the O in **KENTHPGOP!**

Be careful not to choke on your aspirations. I **EGOT'**ed, and I'm still playing Mufasa.

CUT!

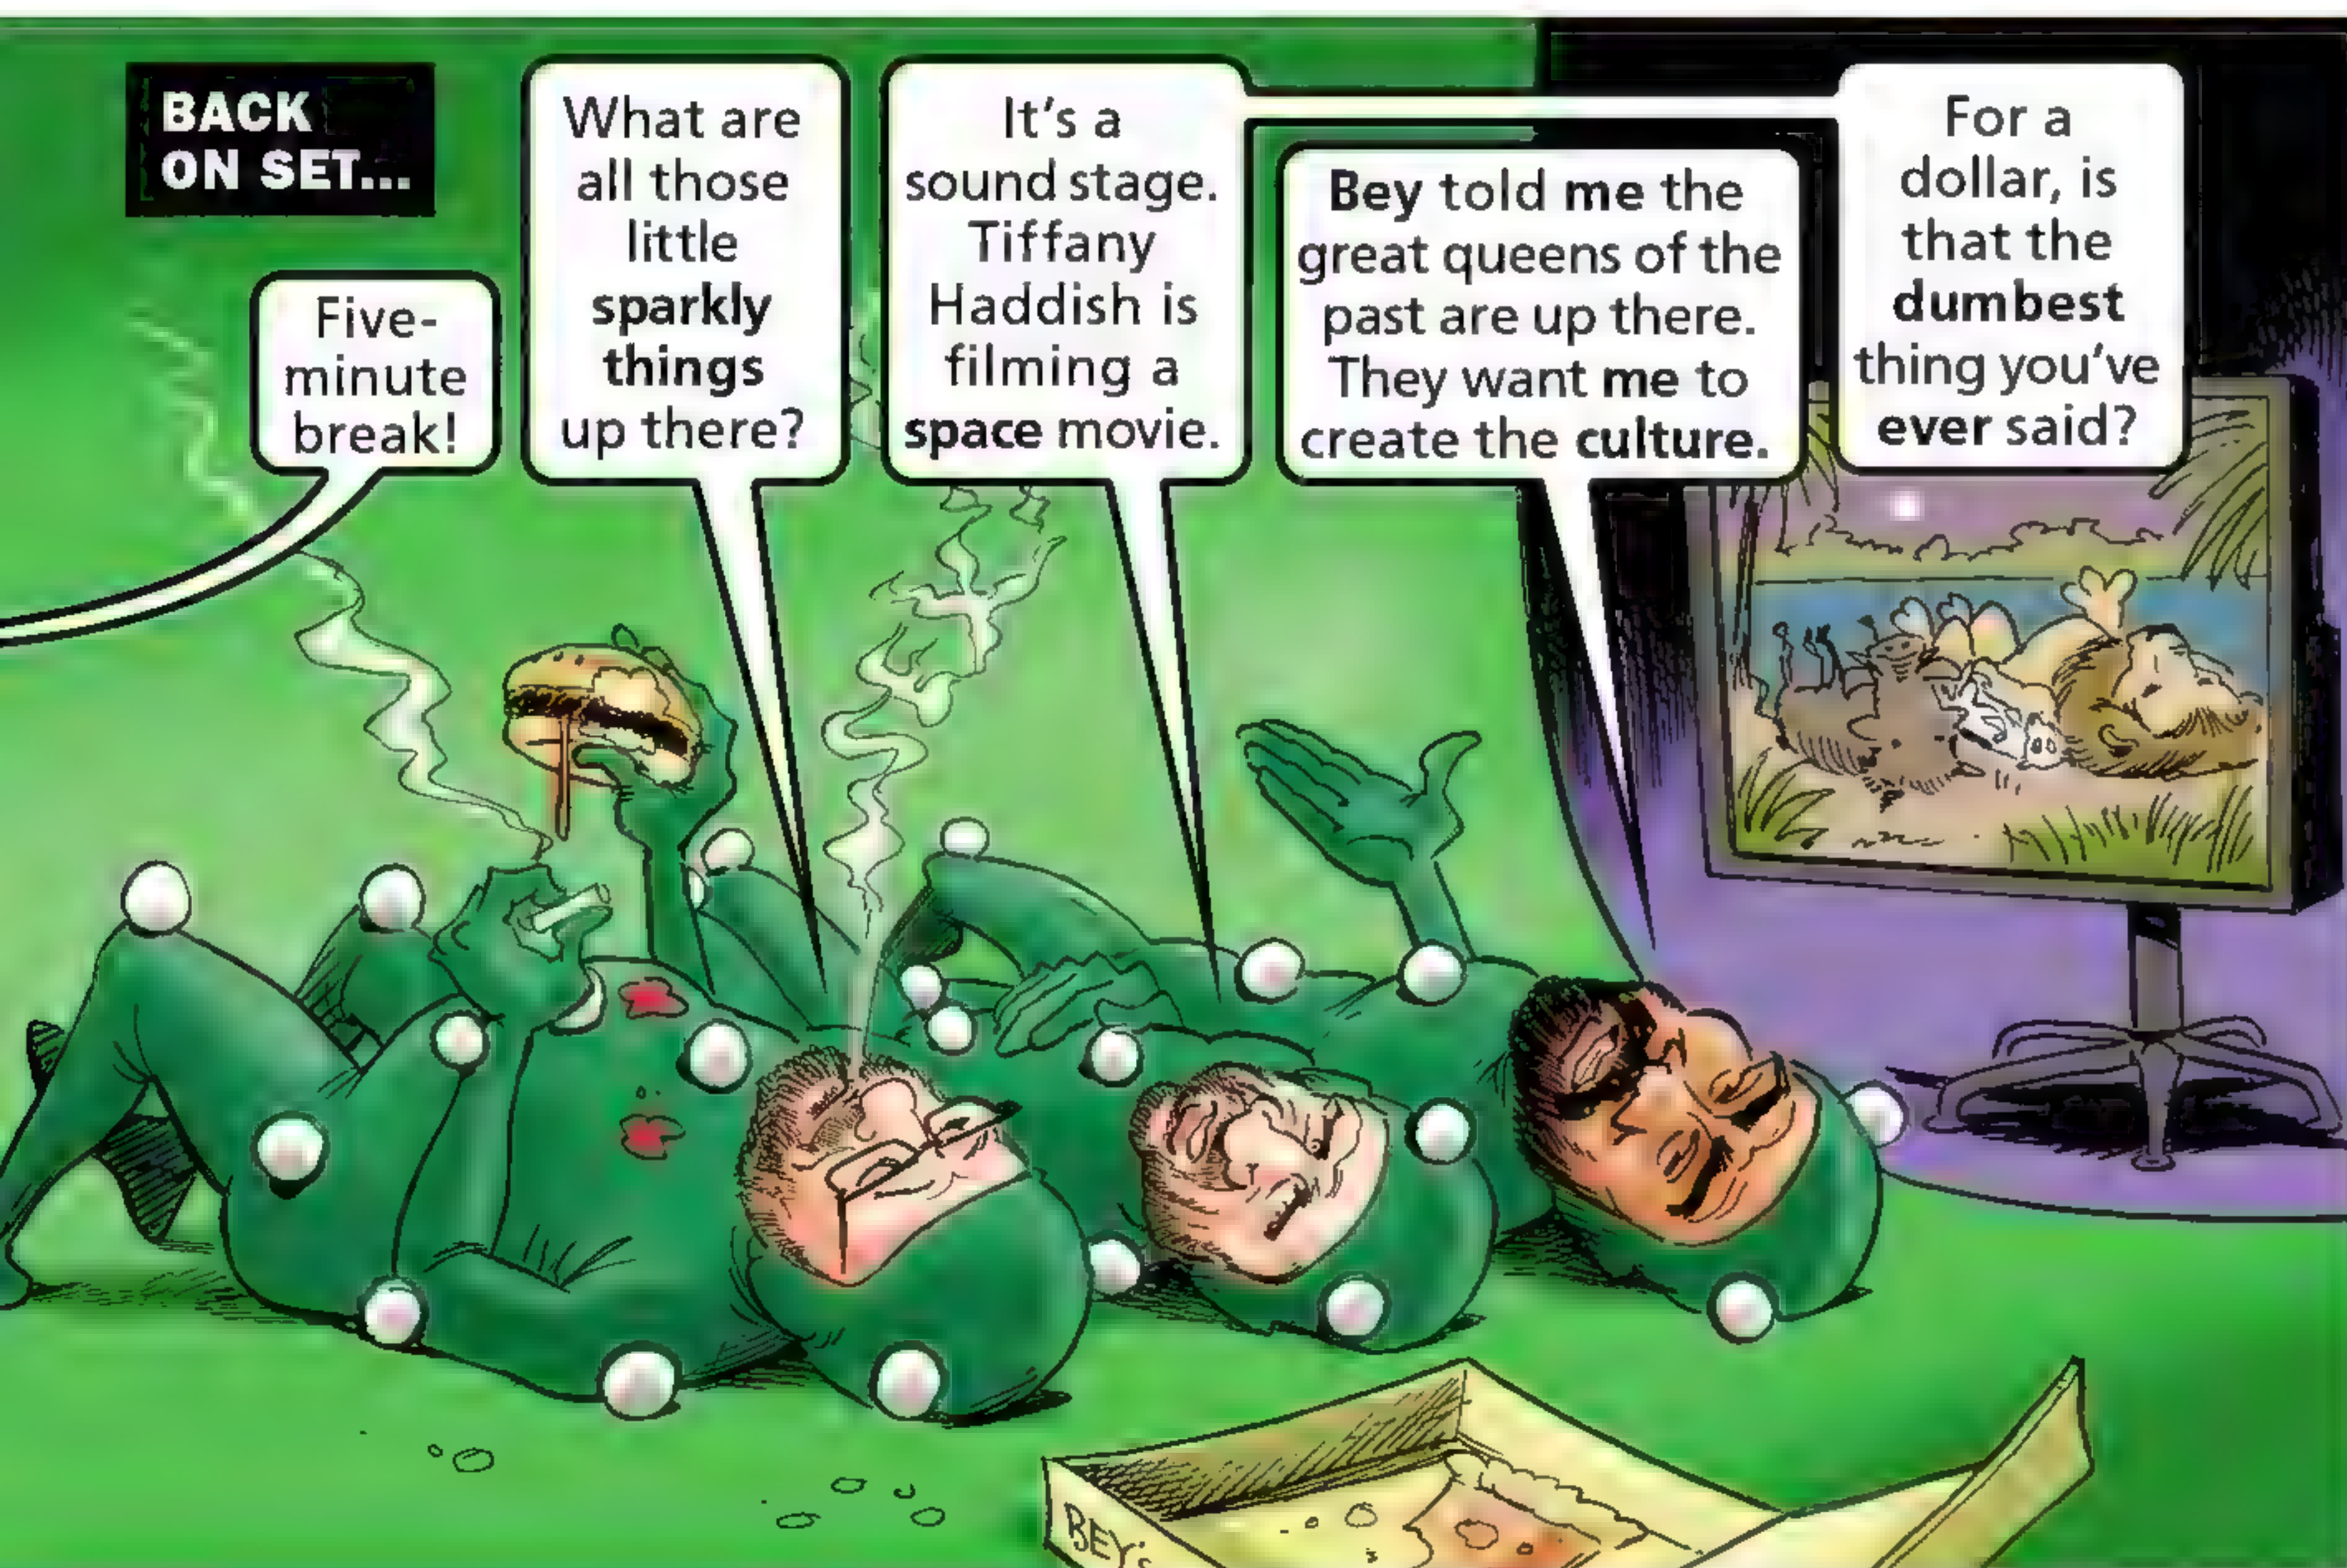

James, you're supposed to be dead!

MEANWHILE, AT BEYONCÉ'S TRAILER...

I sense a **disturbance** in the culture. Child is still focused on his legacy. I, too, was once excited for awards shows, until I was robbed so many times I became half of **Bonnie and Clyde**.

Like when **Madonna** did my VMAs tribute!

BACK ON SET...

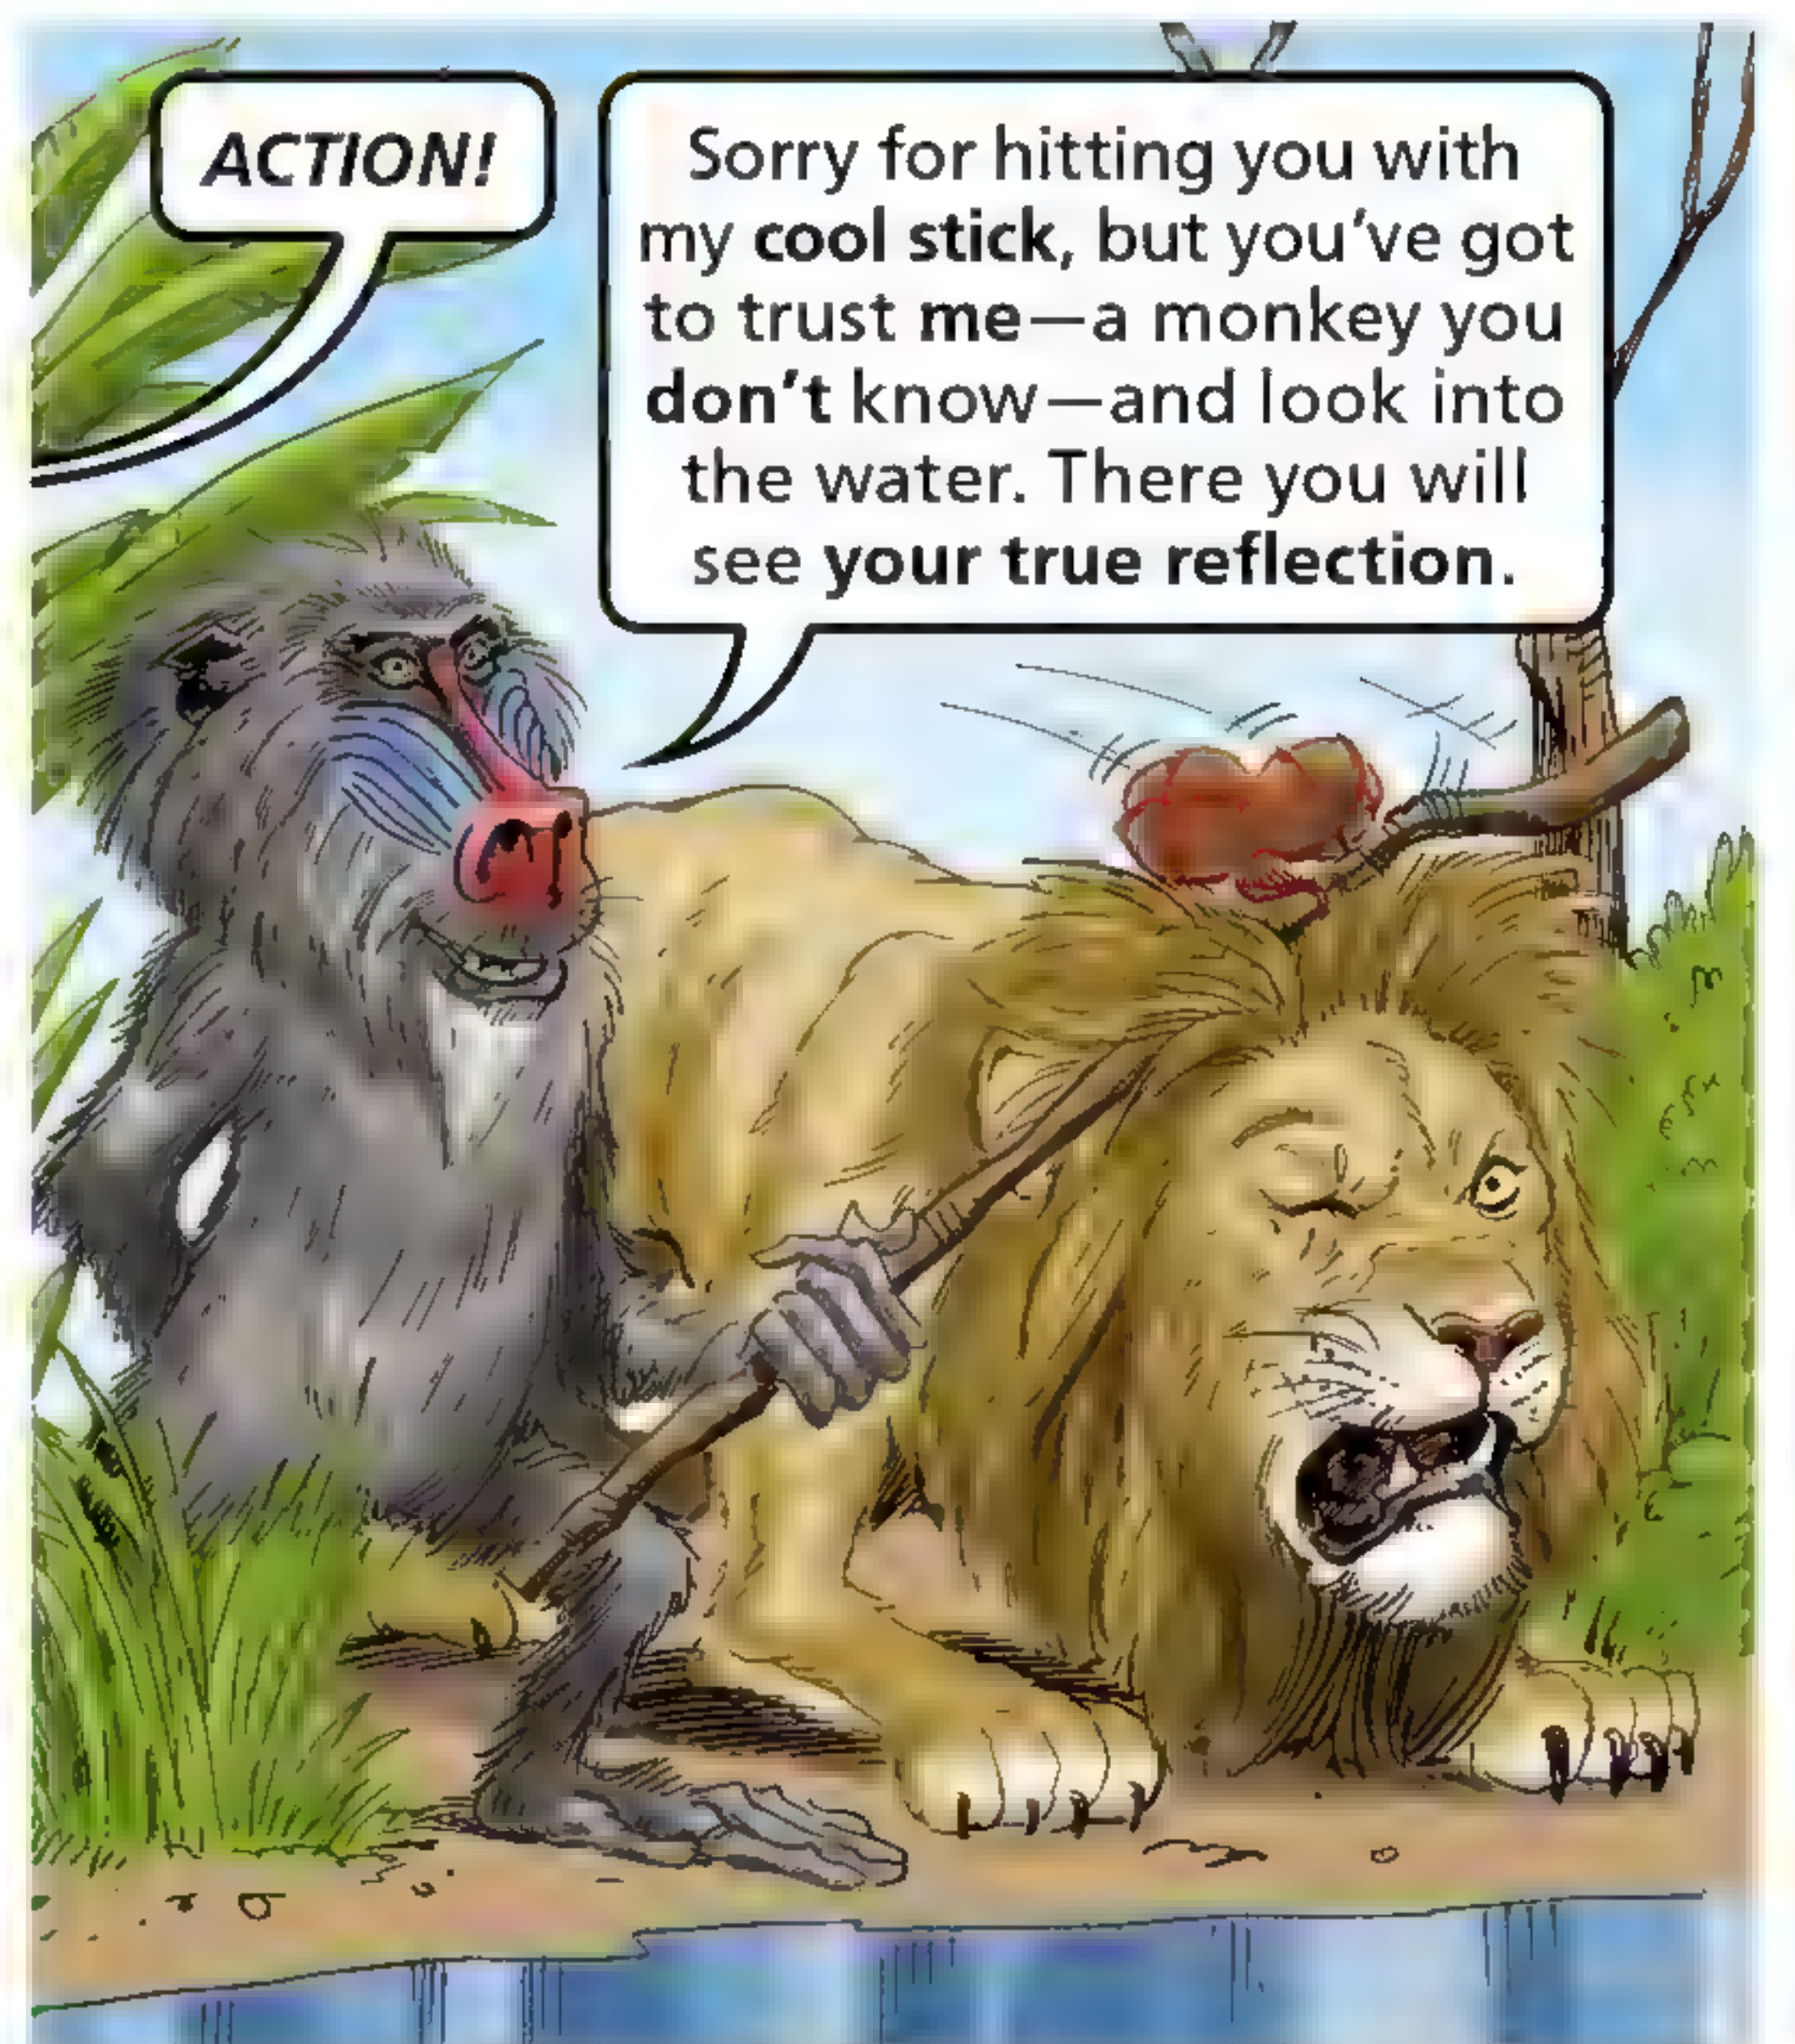

Five-minute break!

What are all those little **sparkly things** up there?

It's a sound stage. Tiffany Haddish is filming a **space movie**.

Bey told me the great queens of the past are up there. They want me to create the culture.

For a dollar, is that the **dumbest** thing you've ever said?

ACTION!

Sorry for hitting you with my **cool stick**, but you've got to trust me—a monkey you **don't** know—and look into the water. There you will see your **true reflection**.

"It's okay to cut corners—especially with this magazine. **FREE confetti!!!**"

PLOT FRICTION

Tell me again about a subject movie audiences are clamoring to hear about — international fast food!

Okay! In Paris they don't call a burger a Big Mac! They call it Le Big Mac! Damn!

And in Holland they put mayo on fries! Wow! No \$#&!?!?

I thought that this was going to be a gangster film!

I paid \$7 to see the '90s versions of Clemenza and Corleone! Instead, I got Regis and Kathie Lee in a cooking segment!

I didn't know the Blues Brothers were making a comeback!

It's not the Blues Brothers! It's Vonce and Jowls — two hit men for a mob boss!

It's hard to believe this movie won the Cannes Film Festival!

It's all style! They're turning the crude material of cheap crime novels into art!

Turn sleaze into art! Why didn't we do that? Critics thought us too violent in *Natural Born Killers*!

Shut up or I'll kill you!

I'm going to be a famous screen-writer!

Then observe the form closely! This movie has three criss-crossing stories, interrupted by bizarre character turns making the last story chronologically first!

Forget film writing! I'm going into auto repair!

Is it really true this movie's plot structure is out of sequence?

Put it this way: right now you're not in this opening splash panel! You're actually on the last page!

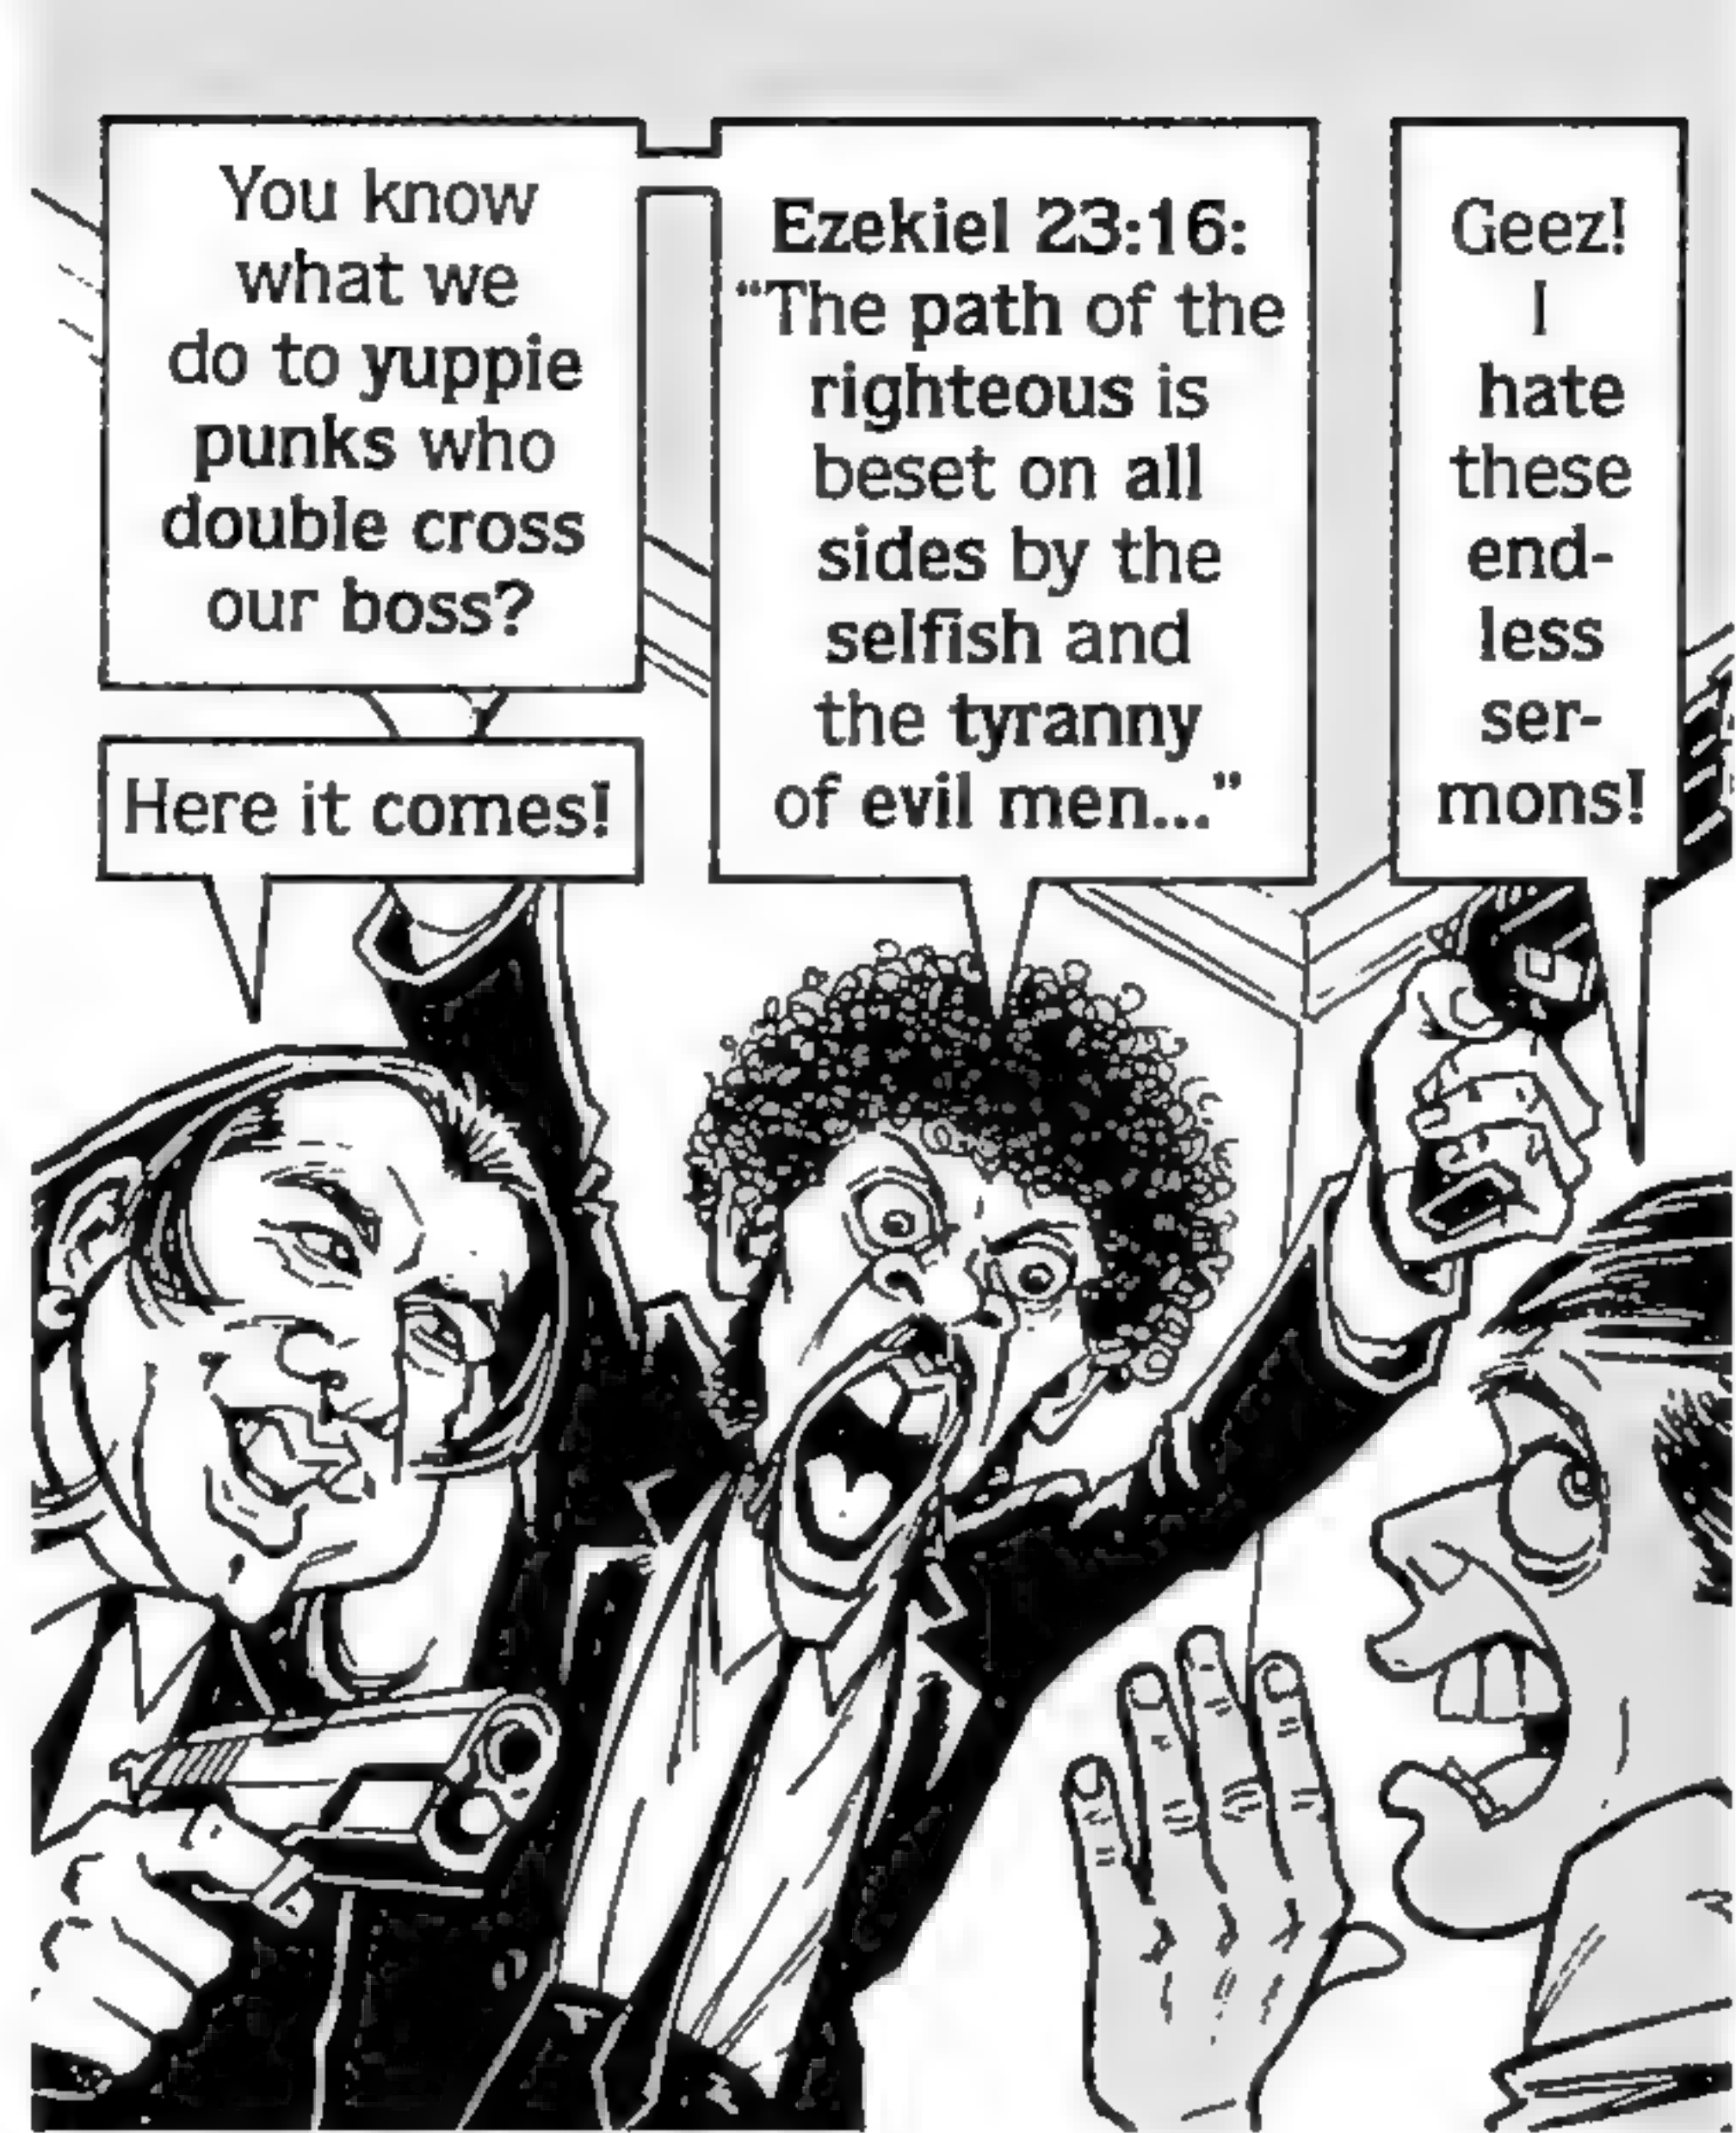

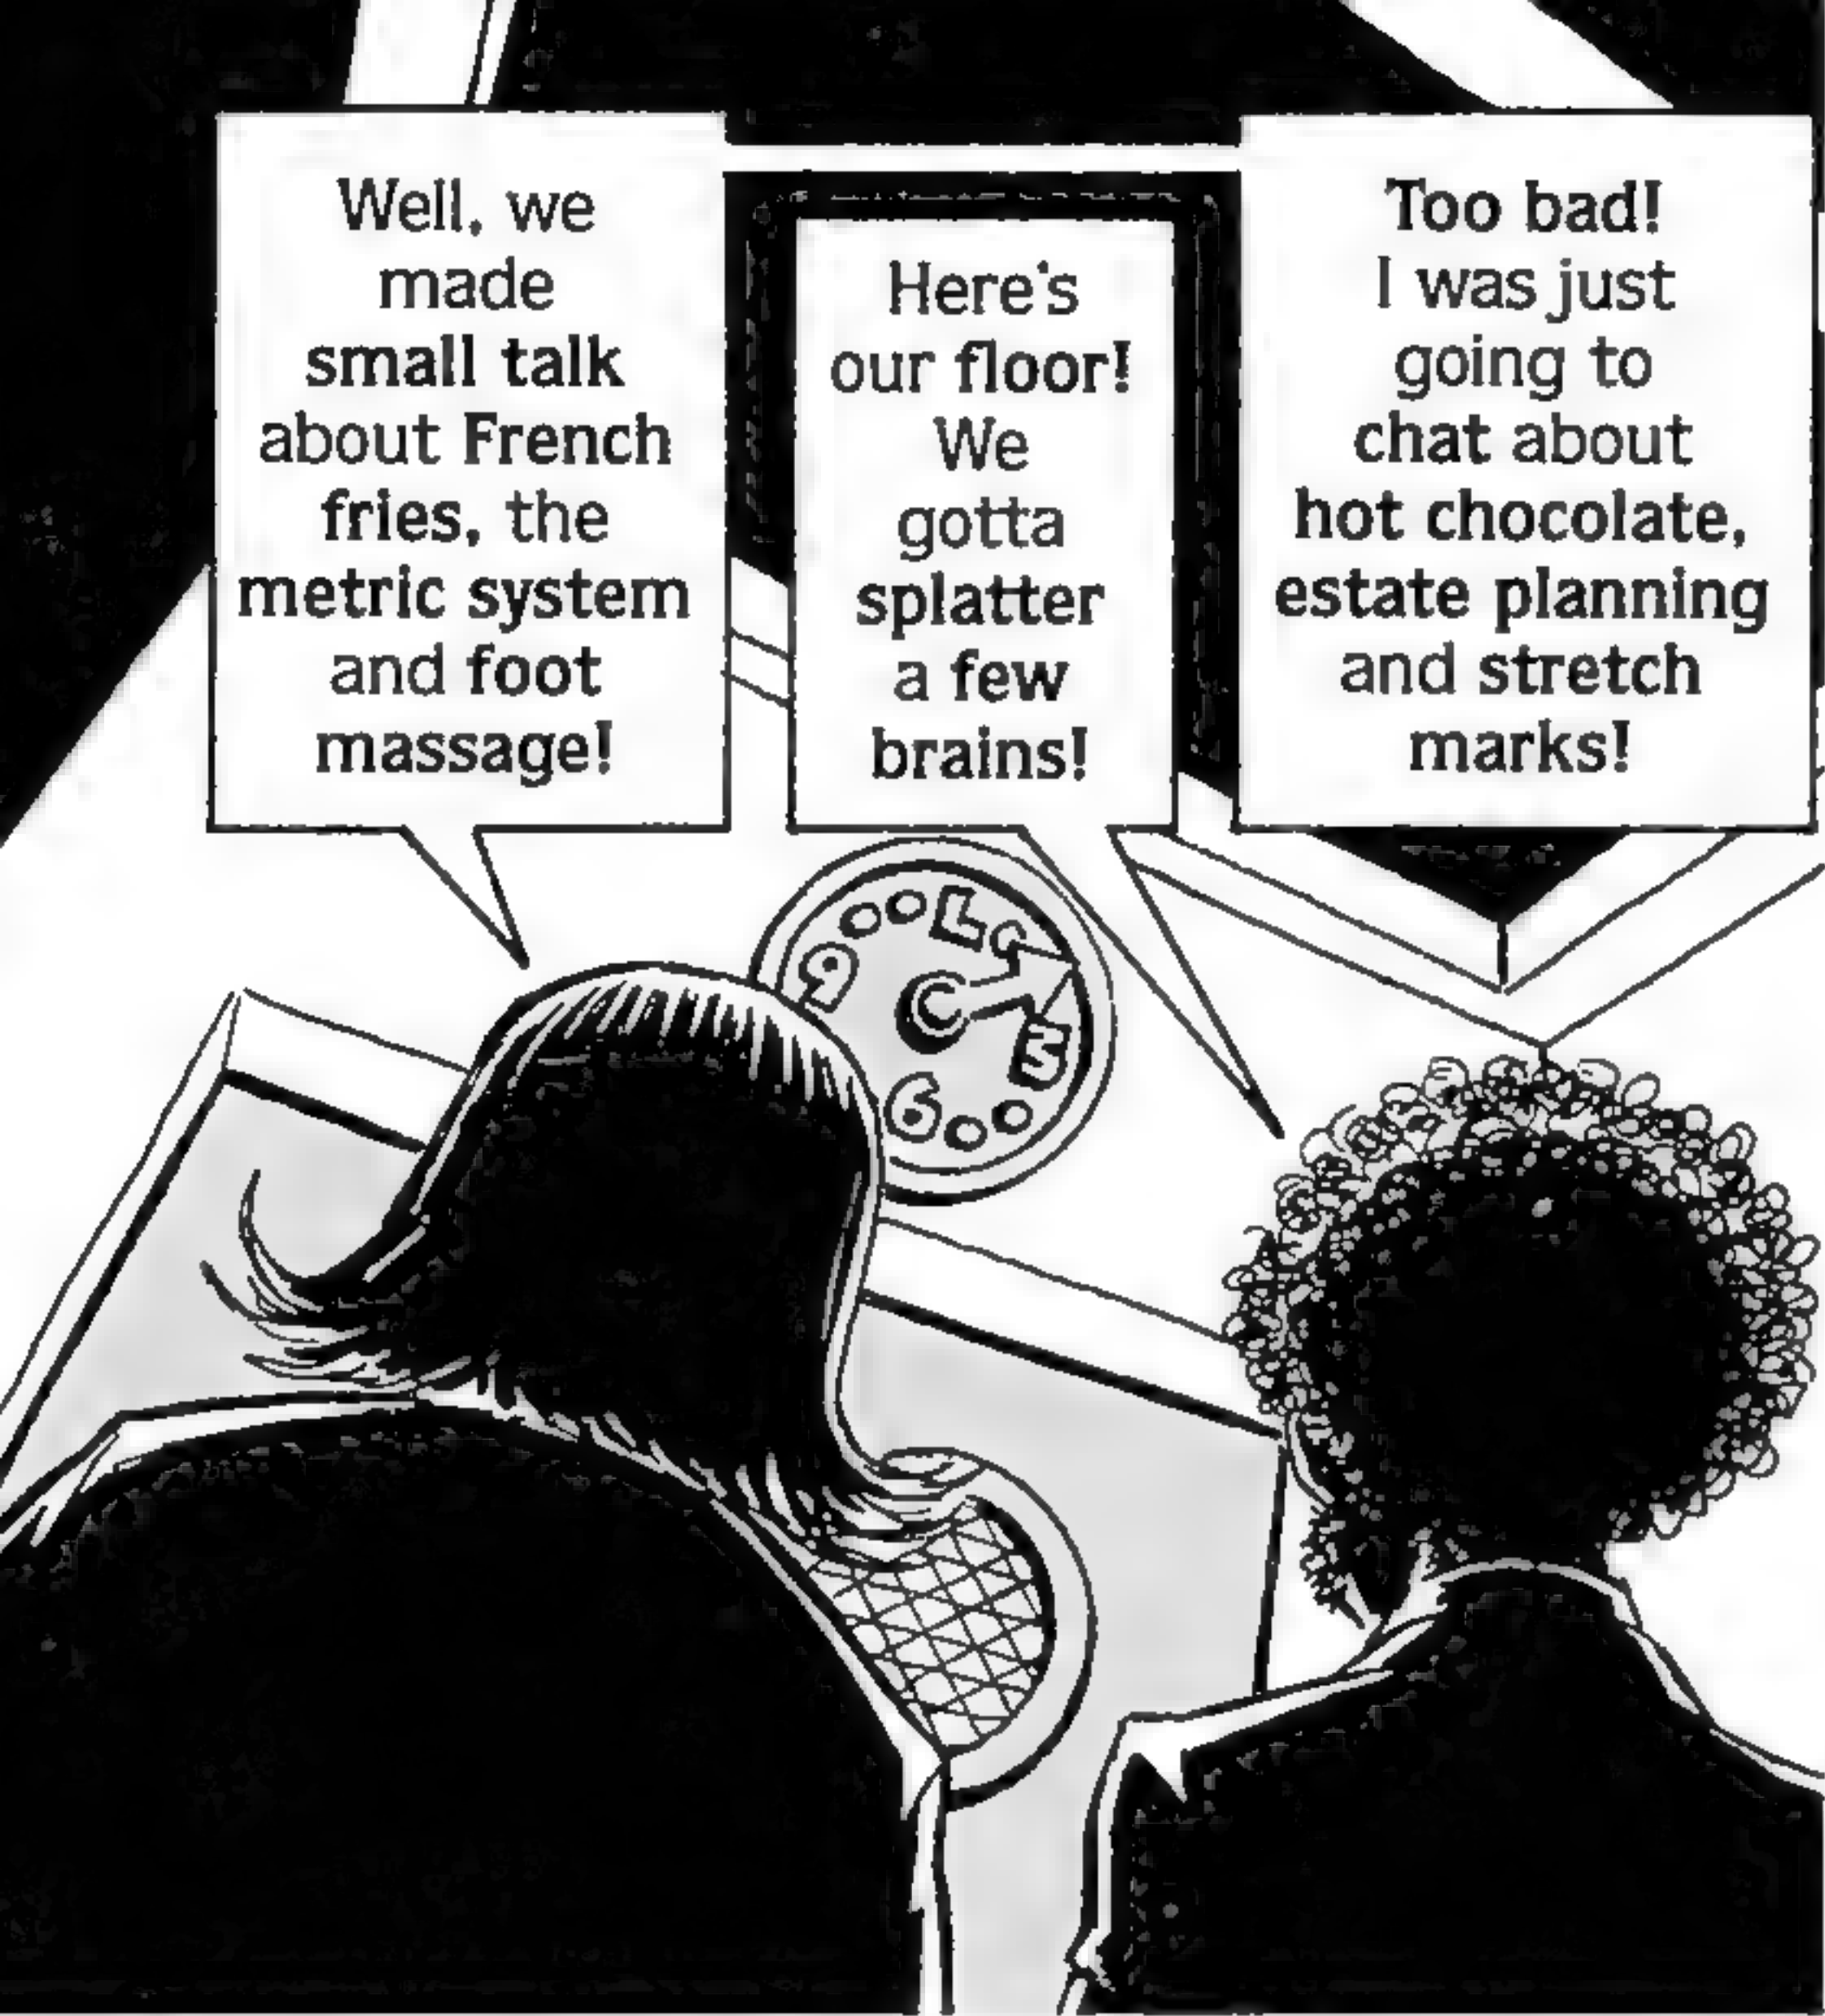

Oh, I see! It's *Back to the Future* in reverse!

Drink from me and you will live forever!

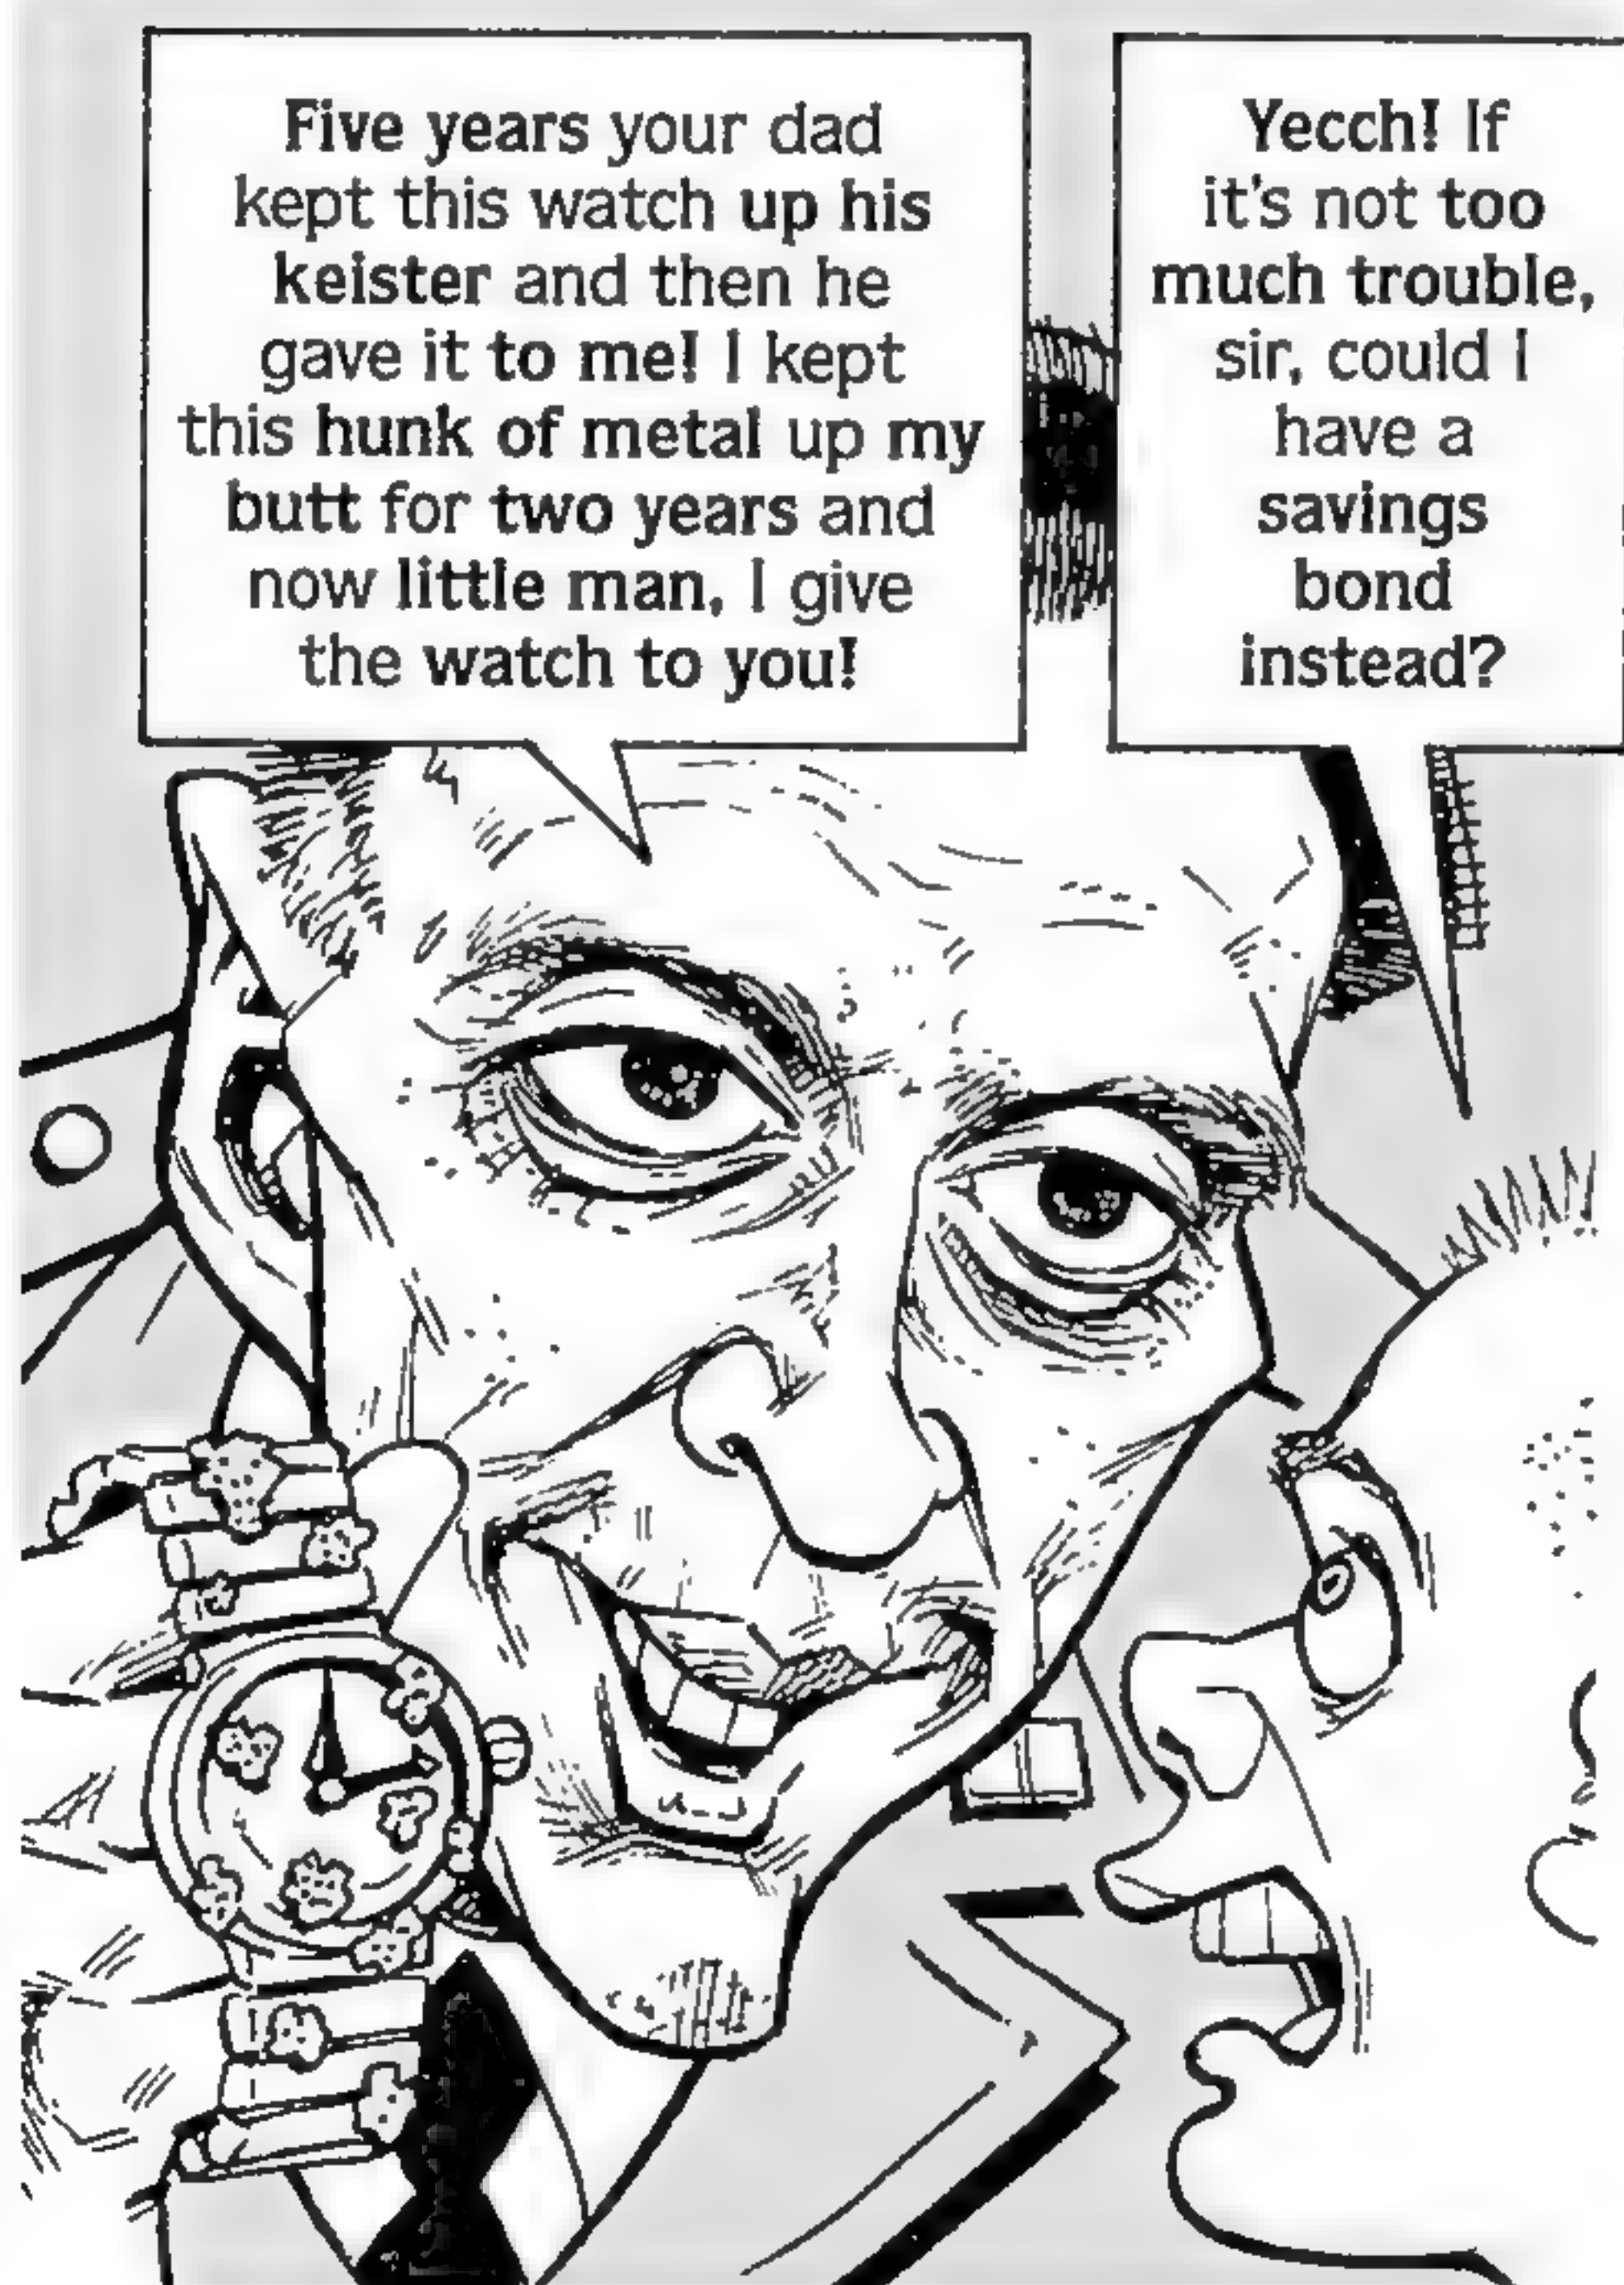

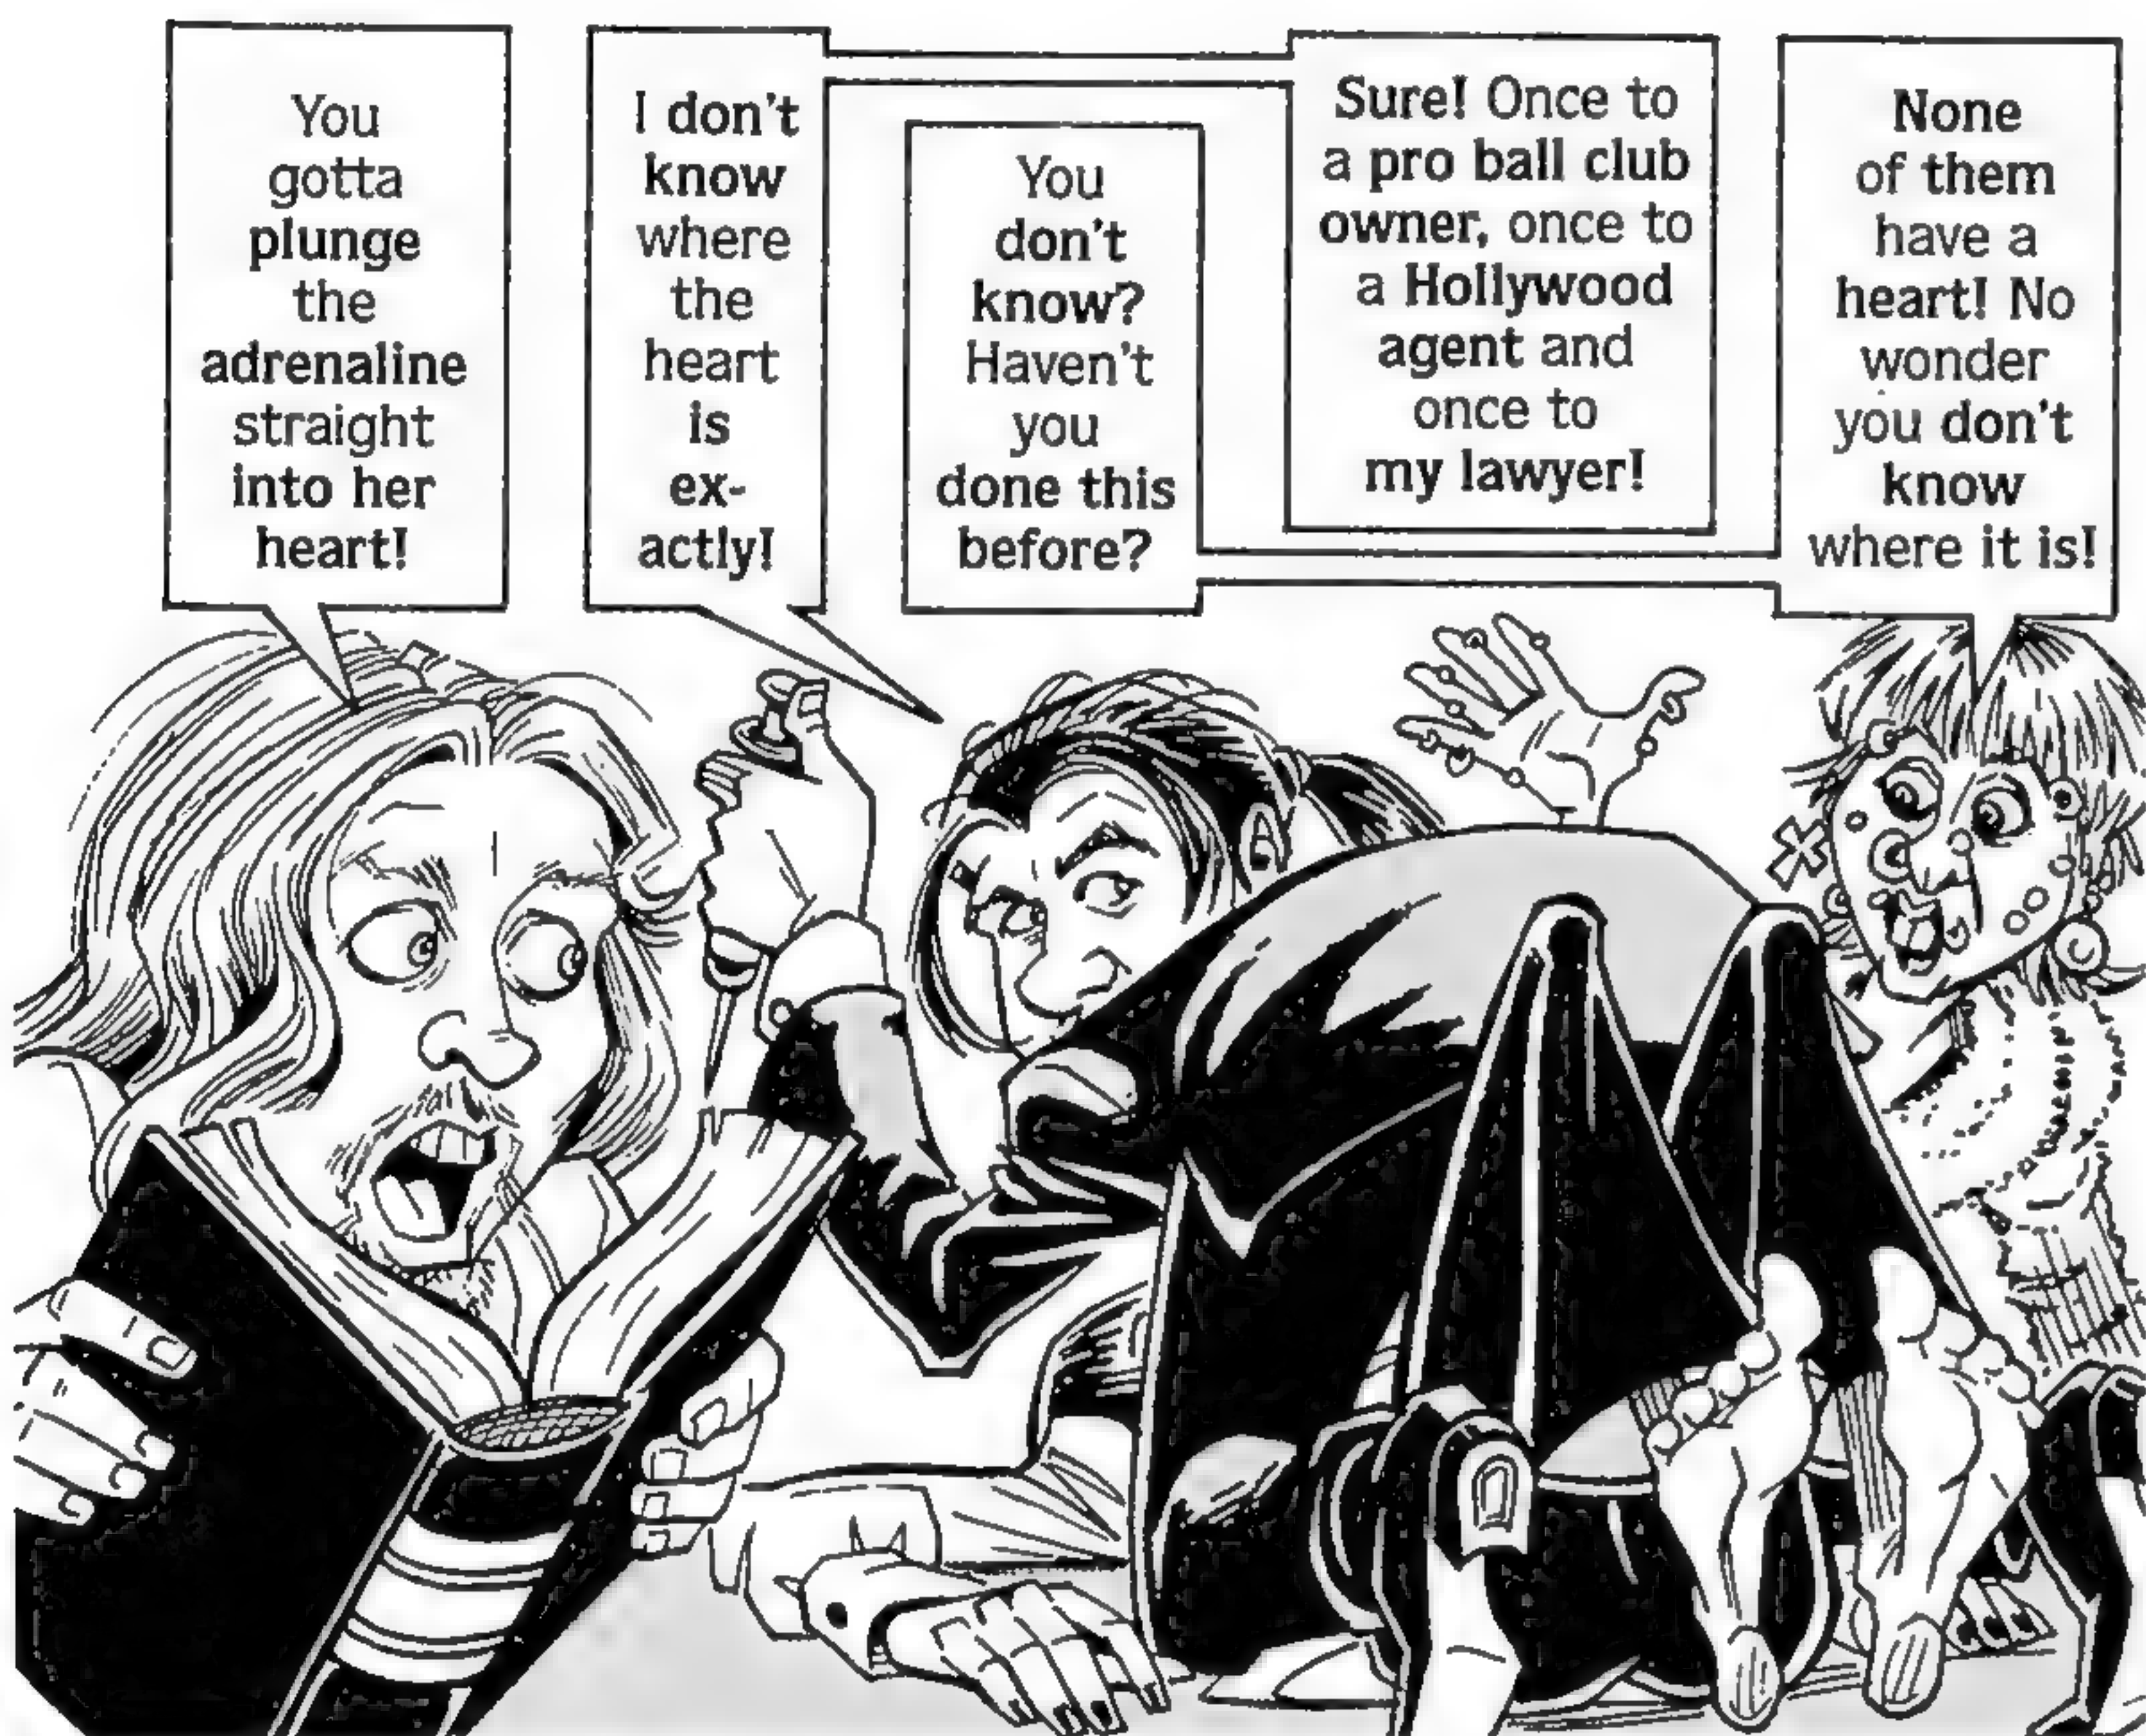

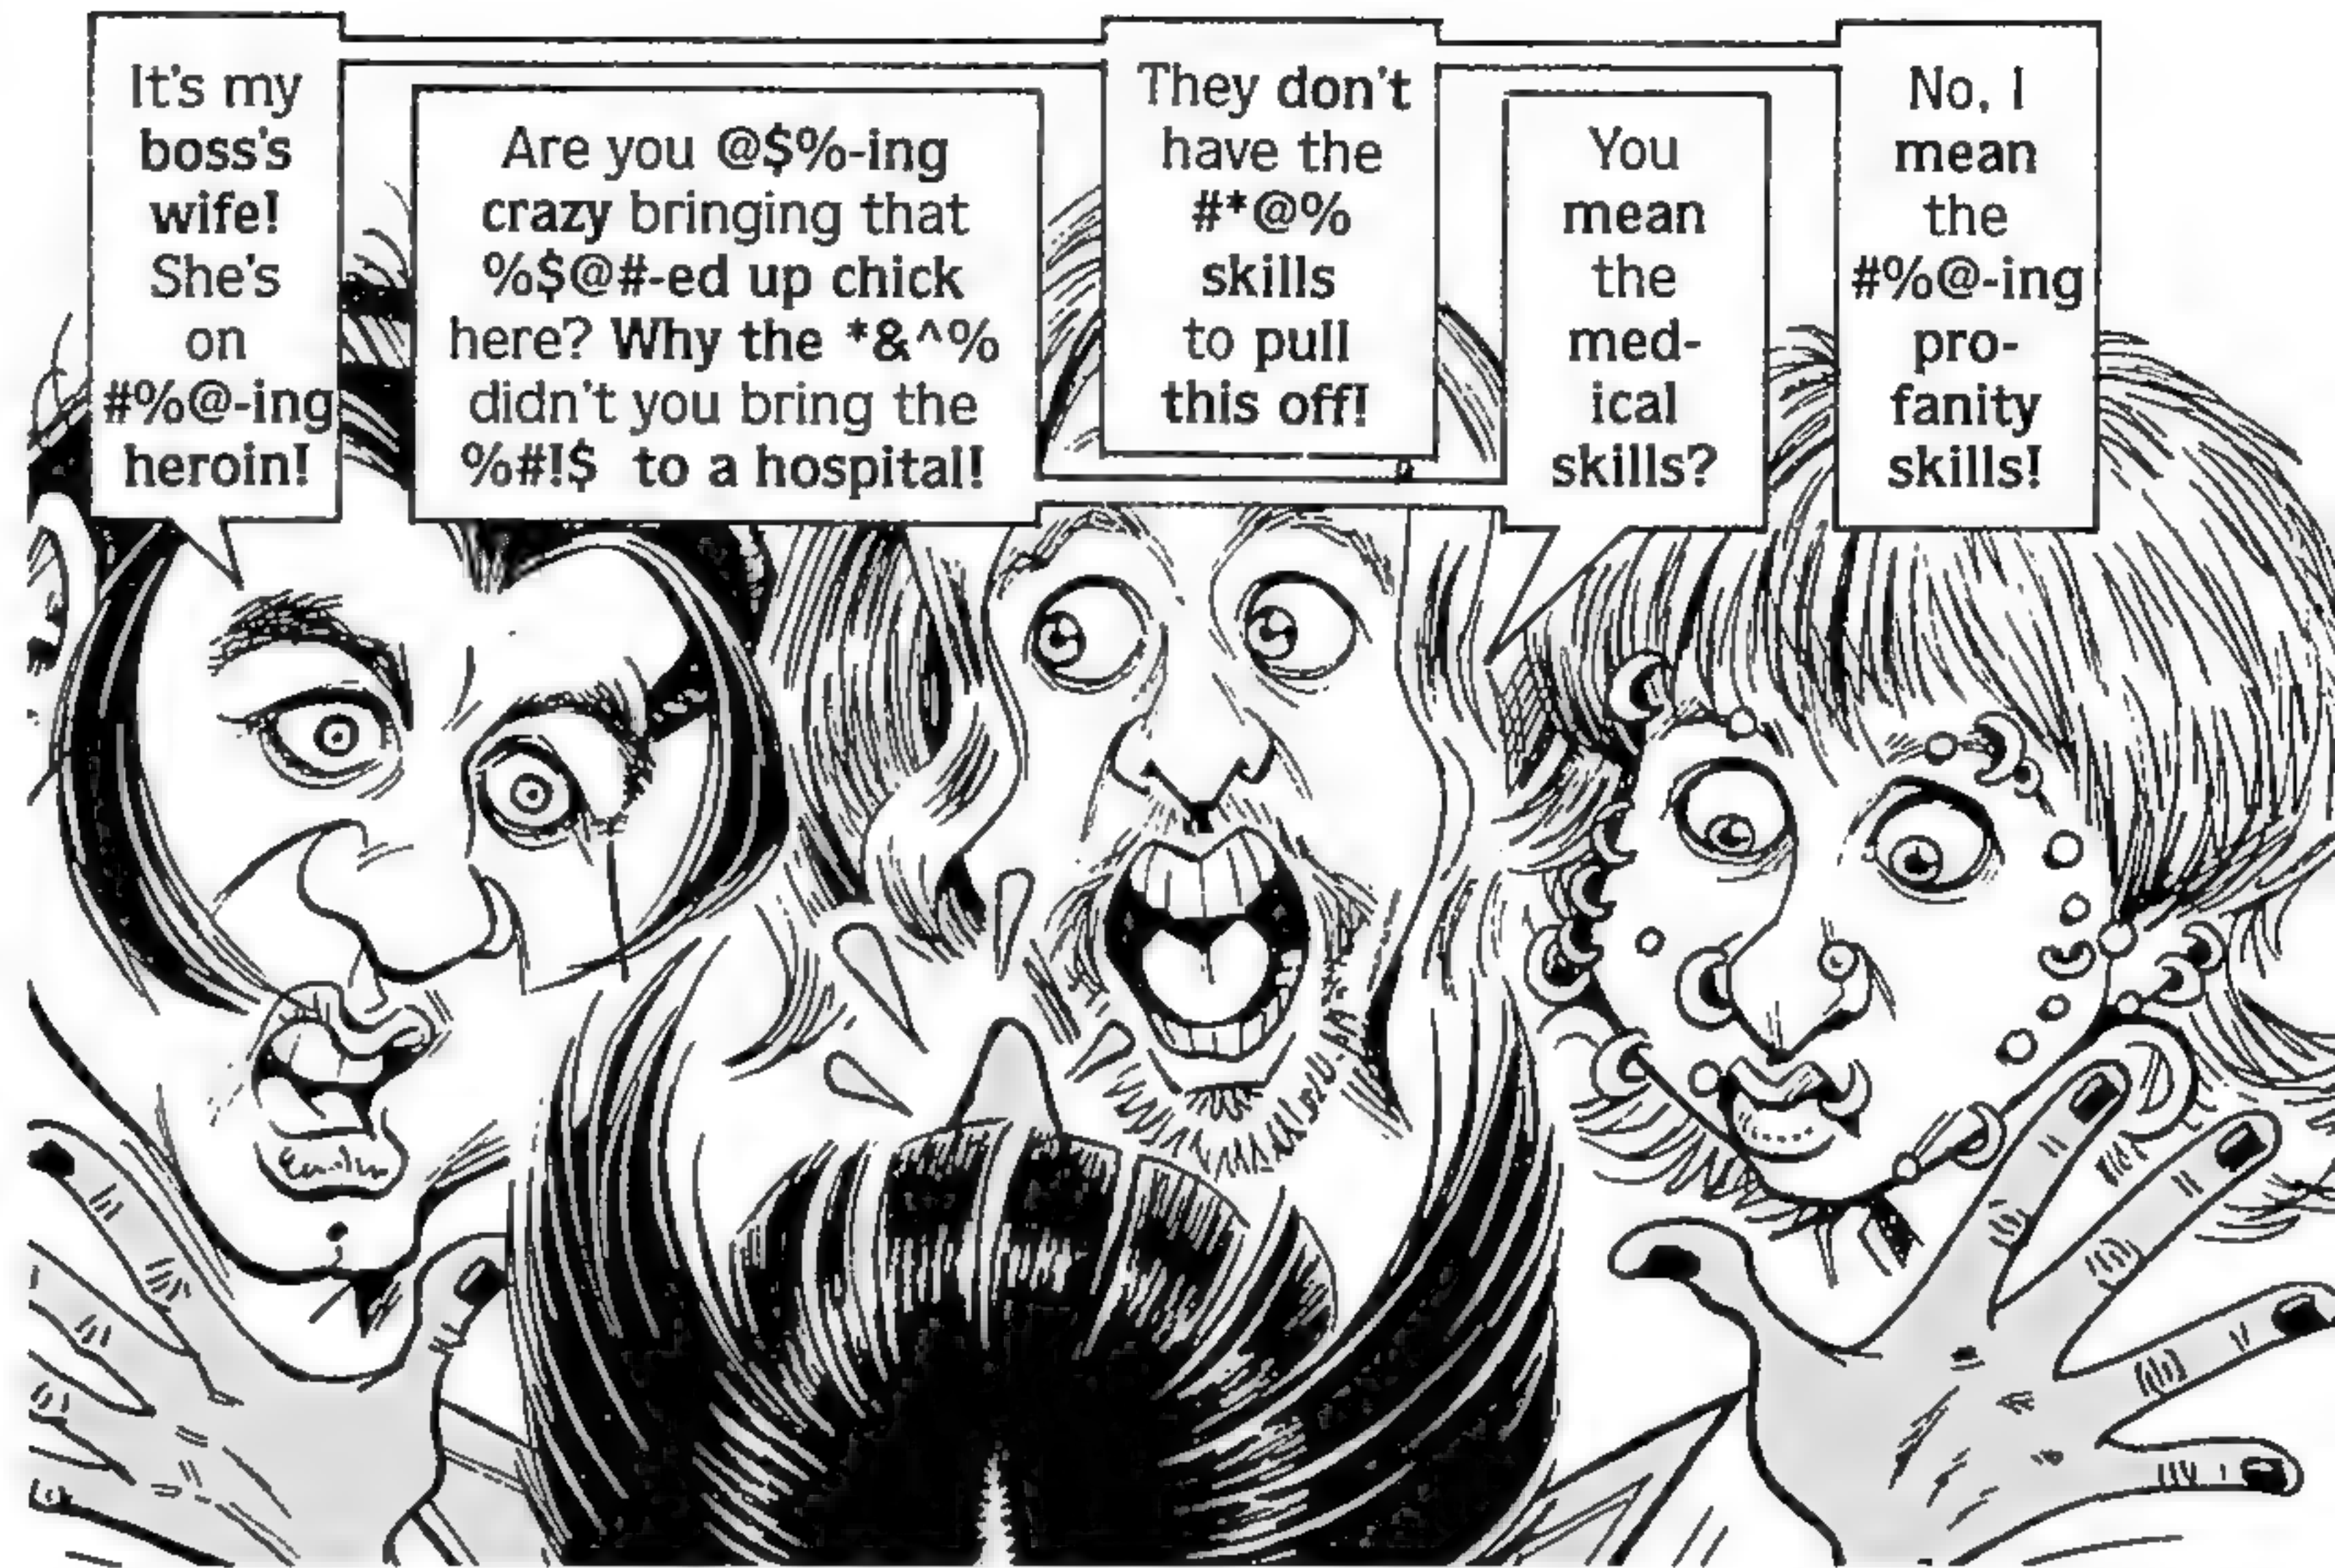

Le Fotostat! You're supposed to be in MAD's satire of *Interview With the Vampire*! Why are you here?

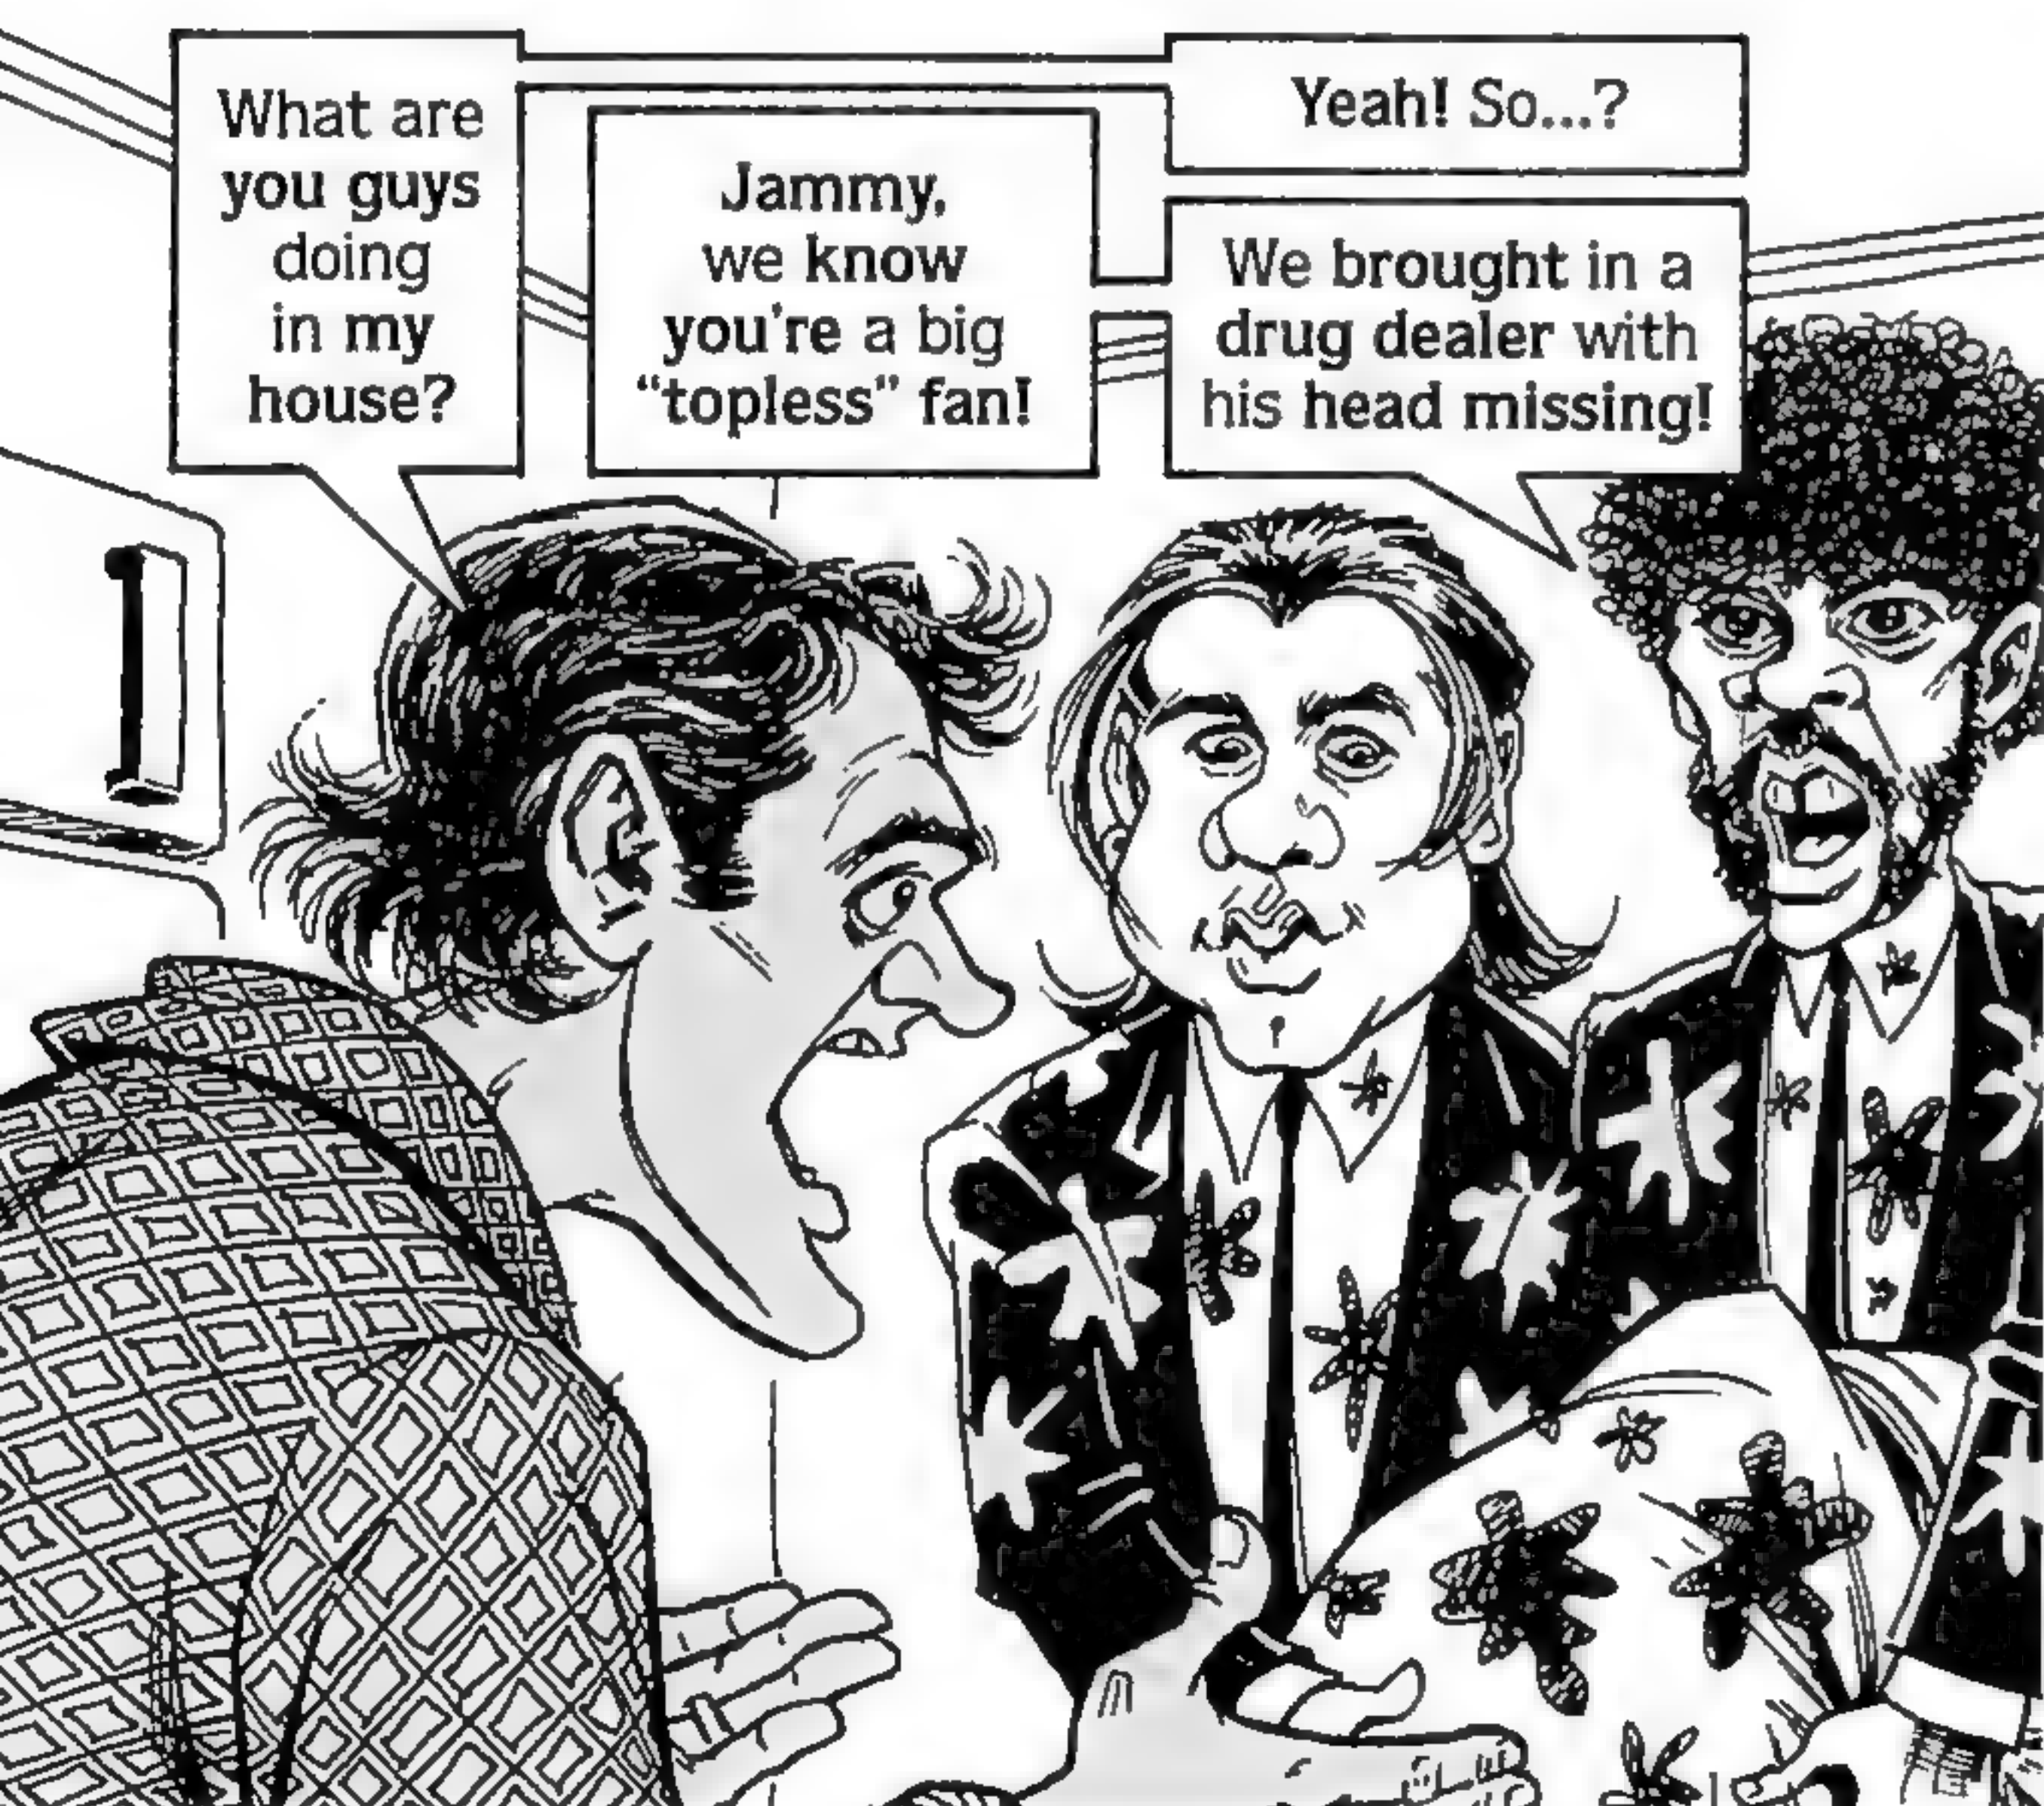

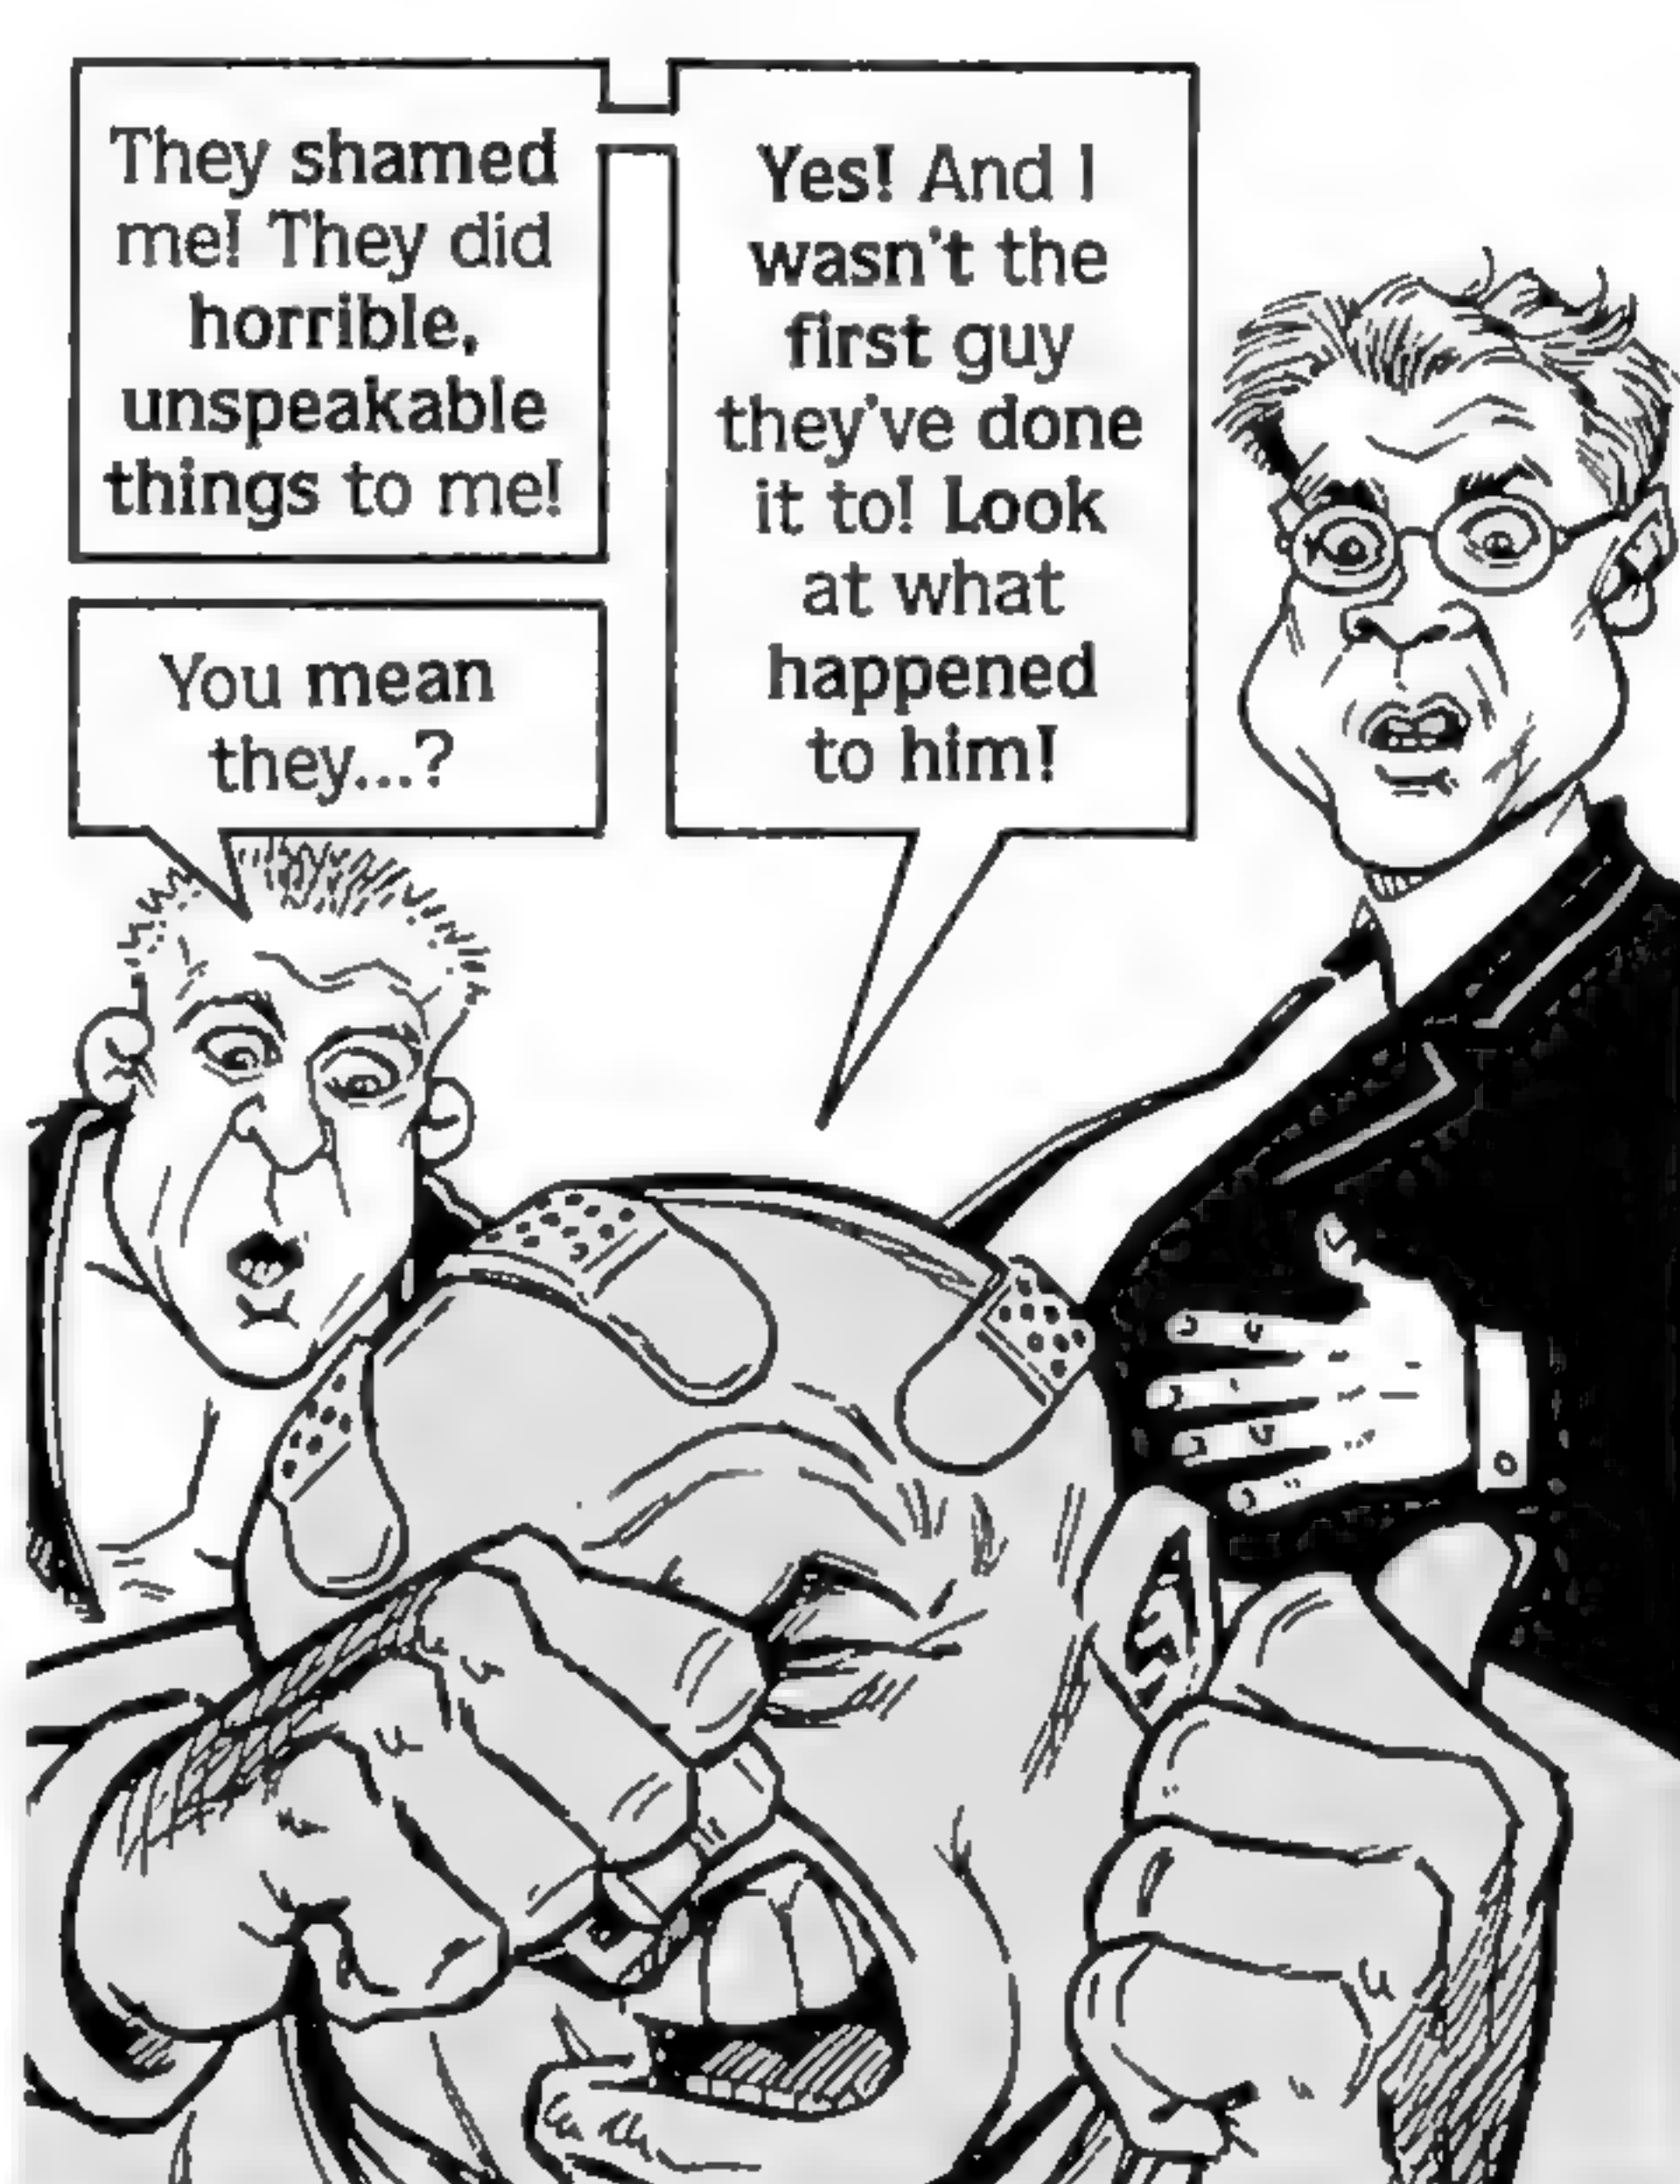

Hunger! From the blood that's splattered in this film I could feed myself for decades!
